NO SCHOOL: Friday: Jan. 18th, Monday: January 21st, and Tuesday: January 22nd.

NDPA - Open House Planned

The Jr. High K-9 Expansion Committee is planning an "Open House" here at our school on Thursday, January 31, 2007 at 7:00pm. Mrs. Gomberg will present an overview of the expansion of grades, the property site, new building, curriculum, activities, etc. Displays of the building plans, the uniforms, and various options will be available. Registration concerns and lottery registration assistance will be available for new families. We encourage you to invite your interested neighbors to come and tour our current school, and receive new information that evening. Concerned NDPA parents and students with questions for next year are invited to join us. Our current families are our best Public Relations team members. Come join us.

Science Fair Tip of the Week:

Keep your project simple, and make it about something you love.

- Do you like to bake cupcakes? What happens if you forget to add baking soda or baking powder, and why?
- Do you like to play music? Why do longer and thicker strings on a guitar or piano make lower notes than shorter, thinner strings?

Remember to register by Feb. 5th. Contact Larisa Page if you have questions at 801-497-9387 or e-mail her at risieroo@netscape.com.

WE NEED JUDGES- we need as many judges as we can get for our Science Fair! All of you DAD's, Moms, Grandparents, Uncles and anyone interested. You will get volunteer hours.

We have a judging form for you to follow, so don't be intimidated. Please contact us A.S.A.P. if you are willing to help.

IT'S TIME TO GET VOLUNTEERING!!!!!!

For the month of February we are going to do something fun and different. We are going to have a "Volunteer Hours Contest" for each classroom. The classroom with the most hours will receive a great reward. I know that some of you have more than one student, so each time that you do volunteer hours at the school or at home in the month of February write down your hours. If you

do more than 1 hour, you can split the time equally between all your students and give each one a portion of the time. Volunteer hour sheets will remain at the front desk, so please remember to sign in and sign out. The class with the most hours will receive a great reward. So get volunteering!!!!!!!!!! If you have any questions please contact Valori Miles @ 458-1011 or 525-8303.

Still need your 30 hours?

One great way to get some of your hours would be to volunteer in the lunch. Your help is needed 11:00 a.m. to 1:00 p.m. Enjoy visiting with your child (ren) and their friends. As you help kids open items and wipe tables off. Please call Julie Linford @ 546-3673 to get on the calendar

Attention

POET is offering a NEW After-school Program!!!

We are excited to announce that Mad Science of Salt Lake is coming to NDPA for an exciting and educational after school science program!

This spring Mad Science will be presenting "NASA – The Academy of Future Space Explorers". Subjects include Planets & Moons, Atmosphere and Beyond, Space Phenomena, Suns & Stars, Rocket Science, & Space Travel. Mad Science encourages informal learning through "hands-on" experience. Each class offers professional instruction, take-home projects, impressive demonstrations, and hands-on activities. The classes are 60 minutes long and meet once a week immediately after school for **6 weeks** at NDPA.

Registration deadline is January 28th. Forms were sent home earlier or are available in the office.
Classes will be held on Monday's from 3:05 – 4:05pm beginning February 11th.

If you would like your children to participate, please return the completed registration form along with a \$58.00 check to the office. Please register early, space is limited. If you have any questions please contact Mad Science at (801) 292-8646.
