

North Davis Preparatory Academy Electronic Resources Policy

PURPOSE

North Davis Preparatory Academy (the “School”) recognizes the value of computer and other electronic resources to facilitate student learning and help the School’s employees accomplish the School’s mission. The School has therefore made substantial investments to establish a network and provide various electronic resources for its students’ and employees’ use. Because of the potential harm to students and the School from misuse of these resources, the School requires the safe and responsible use of computers; computer networks, including e-mail and the Internet; and other electronic resources.

Electronic Devices and School Electronic Resources

The School recognizes that various forms of electronic devices are widely used by both students and employees and are important tools in today’s society. The School seeks to ensure that the use of electronic devices, both privately-owned devices and devices owned by the School, does not cause harm or otherwise interfere with the learning, safety, or security of students or employees. The Principal shall therefore establish reasonable rules and procedures regarding the use of electronic devices at School and School-sponsored activities in compliance with applicable laws.
