BUSINESS ITEMS

1. Spanish Immersion
Kindergarten and 1st grade are to be 50% English, 50% Spanish. 2nd & 3rd grade are to be approx. 30% Spanish, 70% English (all but science, math, language arts and social studies). 4th-6th shall focus on their core and the skill leveling in small groups, with any amount of Spanish which can be reasonably included. When the younger grades have established their immersion programs, they will incorporate skill leveling in small groups as well. As the children matriculate, they will maintain the level of Spanish they are currently receiving (i.e. K & 1st as they progress through the grades will always be at a 50/50 split).
2. Roles
