

Notice to Parents Regarding Unenrollment of their Student from a Charter School

Utah state law establishes procedures that govern the withdrawal of students from charter schools for enrollment in district schools. See Utah Code. § 53A-1a-506.5 and Utah Admin. Rule R277-472.

Specifically, Utah law states that parents are to provide notice by June 30th of their intent to withdraw from a charter school and enroll in another school (either a district school or another charter school) for the following year. If the parent applies for admission to their school district of residence for the following year before June 30th, the school district must accept the student into the student's school of residence.

For example, if during the 2015-2016 school year a parent intends to withdraw their student from a charter school and re-enroll in their neighborhood district school for the 2016-2017 school year, they should notify both the charter school and their local school district of that intent prior to June 30, 2016. The district is required to enroll the student in their local neighborhood school.

If a parent wants to withdraw a student from a charter school after June 30th or during the school year, state law requires the parent to first go to the school district or other charter school and obtain a letter of acceptance for enrollment in the new school. The parent then needs to give the charter school a copy of that letter of acceptance. Also, in this situation, the local school district is not required to accept the student into their school of residence if the parent did not notify the district before June 30th. The district is only required to accept the student into a school in the district that has adequate capacity.

For example, if the parent in the above example fails to enroll in the neighborhood district school prior to June 30, 2016, the district doesn't have to allow the student to enroll in their neighborhood school if that school doesn't have adequate capacity for 2016-2017 school year. The district would then tell the parent which school has capacity for their child and the parent would be responsible for transportation to that school.

School districts should post information on their website about which schools in the district have adequate capacity. If they have not done so, you should contact the district office and request that information.

If you choose to unenroll your student from North Davis Preparatory Academy, then change your mind, you will have to re-enroll through the lottery, and we cannot guarantee re-entry into the school regardless of the situation.
