

North Davis Preparatory Academy will use the ESSER III Grant funds awarded through the state in the following ways:

20% of the funds will be used to address student learning loss and accelerate student achievement.

This will be accomplished through additional support and training to address active student engagement in learning and provide additional support and materials through both certified teachers and support staff in order to provide interventions and help students in small group instruction.

80% of the funds will be used to upgrade technology, devices, equipment in order to better provide 1:1 access for students as well provide additional support through both certified teachers and staff in order to provide interventions and help students in small group instruction.

If you would like to provide any feedback on the plan for North Davis Preparatory Academy, contact Ryan Robinson at rrobinson@northdavisprep.org

North Davis Preparatory Academy ESSER III Plan (will be posted here once board approved)
