

SCHOLARSHIP PRESENTATION RUBRIC

Information 8 points:

You researched several different sources to become an “expert” on your topic.

How can I tell?

- Your information is accurate
- You summarized your information
- You analyzed your information and shared the most important parts
- You are interested in your topic
- You thought about what others might want to know about your topic such as who, what, where, when, why, how.....and answered these during your presentation.

Presentation 7 points:

Your presentation is refined. How can I tell?

- You memorized and practiced many times before submitting
- You maintained eye contact with the camera most of the time
- You are confident in sharing what you know
- Your presentation is interesting
- You took a creative approach

Editing/Exporting 5 points

You’ve analyzed your project from the viewers perspective. How can I tell?

- Your film has been edited to get the length between 2:30-3:00 minutes.
- Your audio is clear and your voice can be heard over music or other additions
- You have chosen the best images to convey your message
- Your text on slides is minimal and for the viewer (NOT YOU).
- Your link works

Remember if we cannot open your link to view your presentation then you won’t be eligible for a scholarship. ☹ Send to a friend (not a family member who shares the same account) and make sure they can open your link.
