North Davis Preparatory Academy
Administration of Medication Policy

PURPOSE

The purpose of this policy is to authorize personnel of North Davis Preparatory Academy (the “School”) to administer medication to students consistent with applicable law.

The School’s Board of Directors (the “Board”) acknowledges that medication should typically be administered by a student or the student’s parent or guardian. However, the Board recognizes that situations may arise where the health of a student may require administration of medication during the course of a school day by School personnel.

As long as authorized personnel act in a prudent and responsible manner, Utah law provides that School personnel who provide assistance in substantial compliance with a student’s licensed health care provider’s written statement are not liable civilly or criminally for any adverse reaction suffered by the student as a result of taking the medication or discontinuing the administration of medication. The Board hopes that this policy will help ensure that School personnel act in a prudent and responsible manner in order to protect the health of students and the interests of School personnel.

The Board also desires to set forth policies regarding acceptable self-administration of medication by students.

POLICY

Administration of Medication by School Personnel

The School will comply with applicable state and federal laws, including but not limited to Utah Code Ann. § 53G-9-502, regarding the administration of medication to students by School personnel. Accordingly, pursuant to this policy, authorized School personnel may provide assistance in the administration of medication to students of the School during periods when the student is under the School’s control.

School personnel may also administer medication to students in emergency situations in accordance with the following:

(a) **Glucagon.** Glucagon is an emergency diabetic medication used to raise blood sugar. The School will comply with the requirements of Utah Code Ann. § 53G-9-504 regarding the emergency administration of glucagon to a student in accordance with the statute if (1) the School receives a glucagon authorization from the parent or guardian of a student; and (2) any School personnel who have been trained (as described in the statute) in the administration of glucagon are available to administer the glucagon. The School may not compel School personnel to become
trained in the administration of glucagon nor may it obstruct School personnel from becoming trained in the administration of glucagon.

(b) **Epinephrine Auto-Injector.** The School will comply with the requirements of Utah Code Ann. §§ 26B-4-401, *et seq.*, regarding emergency injection for anaphylactic reactions, in the event any School personnel seeks to become a “qualified adult” under that provision. The School will make an emergency epinephrine auto-injector available to a School employee who becomes a qualified adult. The School may not prohibit or dissuade School employees from receiving training to become a qualified adult, nor may it prohibit or dissuade School employees who become qualified adults from possessing or storing an epinephrine auto-injector on School property or administering an epinephrine auto-injector to any person in accordance with the statute.

(c) **Seizure Rescue Medication.** The School will comply with the requirements of Utah Code Ann. § 53G-9-505 regarding the emergency administration of seizure rescue medication to a student. Accordingly, the School may administer seizure rescue medication to a student in accordance with the statute if (1) the School receives a seizure rescue authorization from the parent or guardian of the student; and (2) a School employee who has become a “trained school employee volunteer” as defined in the statute is available to administer the seizure rescue medication. The School may not compel a School employee to become a trained school employee volunteer nor may it obstruct a School employee from becoming a trained school employee volunteer.

(d) **Opiate Antagonist.** In accordance with Utah Code Ann. § 26B-4-509, School personnel may administer an opiate antagonist when acting in good faith to an individual whom the person believes to be experiencing an opiate-related drug overdose.

(e) **Stock Albuterol.** The School will comply with the requirements of Utah Code Ann. §§ 26B-4-401, *et seq.*, regarding emergency administration of stock albuterol in response to an asthma emergency, in the event any School personnel seeks to become a “qualified adult” under that provision. The School may make stock albuterol available to a School employee who becomes a qualified adult. The School may not prohibit or dissuade School employees from receiving training to become a qualified adult, nor may it prohibit or dissuade School employees who become qualified adults from possessing or storing stock albuterol on School property or administering stock albuterol to any person in accordance with the statute.

The Principal will establish administrative procedures that comply with applicable laws in order to set guidelines for when and how administration of medication under this policy will take place.

The Principal will consult with the local health department and/or a registered health care professional for assistance in developing procedures and training necessary for effective
implementation of this policy. The School’s Principal will ensure that School personnel and parents are provided with information about this policy as needed.

Self-Administration of Medication by Students

Students may possess and self-administer prescription medication at school in compliance with applicable law. The Principal will establish administrative procedures that comply with applicable laws in order to set guidelines for when and how this will take place.

Students are not prohibited from possessing and self-administering one day’s dosage of a non-prescription medication where the student’s maturity level is such that he or she can reasonably be expected to properly administer the medication on his or her own.

Observations and Medical Recommendations by School Personnel

The Principal will ensure that appropriate School personnel receive training on the provisions of Utah Code Ann. § 53G-9-203, including but not limited to training regarding medical recommendations by School employees and rules related to School employees communicating information and observations about a student’s health and/or welfare.

School employees who intentionally violate Utah Code Ann. § 53G-9-203 will be subject to discipline up to and including termination.
Administration of Medication

Administrative Procedures

These procedures are established in accordance with the Administration of Medication Policy adopted by the School’s Board of Directors.

Administration of Medication by School Personnel

In order to ensure safe administration of medication to students, the procedures outlined here must be followed.

1. The Principal will designate a reasonable number of School employees who will be responsible for administering medication to students in the School.

2. The Principal will arrange for the Principal and all designated School employees to receive adequate training from a licensed health care professional prior to administering any medication. Training should include indications for the medication, means of administration, dosage, adverse reactions, contraindications, and side effects.

3. The student’s parent or guardian must complete the parent/guardian section of the Student Medication Form requesting that medication be administered to the student during regular school hours. Parents are responsible for updating the Student Medication Form as necessary.

4. Except for the case of non-prescription cough drops, the student’s health care provider must complete the Health Care Provider section of the Student Medication Form indicating the child’s name, the name of the medication, the purpose of the medication, the means of administration, the dosage, the time schedule for administration, the anticipated number of days the medication needs to be given at school, and possible side effects. The practitioner must also affirm that giving the medication during school hours is medically necessary.

5. A Student Medication Log must be maintained for any student who has medication administered at school, and all employees authorized to administer medication will be notified regarding each student to whom they are authorized to administer medication.

6. Each time medication is given, the person who gave it must document the administration in ink on the Student Medication Log. If the medication is not administered as scheduled, a notation must be made on the Student Medication Log.
as to why the medication was not given, and the student’s parent or guardian must be notified.

(7) The Student Medication Form and Student Medication Log will be retained in the student’s records.

(8) Teachers of the student receiving medication during school hours will be notified.

(9) Medication (other than that carried by a student) must be delivered to the School by the student’s parent or guardian or designated adult.

(10) Medication should be delivered to the School in a container properly labeled by a pharmacy, manufacturer or health care provider. Labeling must include the student’s name, the name of the prescribing practitioner, date the prescription was filled, name and phone number of the dispensing pharmacy, name of the medication, dose, frequency of administration, and the expiration date. For non-prescription medication the medication must be in the original container identifying the type of medication.

(11) Medication must be stored in a secure, locked cabinet or container in a cool, dry place, except that:

a. medications that require refrigeration must be stored appropriately;

b. insulin or emergency medications such as EpiPens, Twinject Auto-Injectors, asthma inhalers and glucagon must not be stored in a locked area so that they are available when needed.

(12) Authorization for administration of medication by School personnel may be withdrawn by the School at any time following written or verbal notice to the student’s parent or guardian, as long as this action does not conflict with federal laws such as IDEA and/or section 504 of the Rehabilitation Act. The Principal may withdraw authorization for administration of medication in cases of noncompliance or lack of cooperation by parents or students unless the student’s right to receive medication at school is protected by laws such as IDEA or section 504.

**Self-Administration of Medication by Students**

Students may possess and self-administer prescription medication if:

(1) The student’s parent or guardian signs a statement:

a. Authorizing the student to self-administer the medication; and

b. Acknowledging that the student is responsible for, and capable of, self-administering the medication; and
(2) The student’s health care provider provides a written statement that:

a. It is medically appropriate for the student to self-administer the medication and be in possession of the medication at all times; and

b. The name of the medication prescribed for the student’s use.

The School will provide an acceptable form for parents to request that their student be allowed to possess and self-administer prescription medication.

Application of Sunscreen

Students may possess and self-apply sunscreen without a parent or physician’s authorization.

If a student is unable to self-apply sunscreen, a school employee may apply the sunscreen on the student if the student’s parent or legal guardian has provided written consent.

North Davis Preparatory Academy
Assessment of Student Achievement Policy

PURPOSE

North Davis Preparatory Academy (the “School”) is required to measure student achievement, including by way of administering statewide assessments. When administered properly, statewide assessments give students an opportunity to demonstrate what they know and can do. In addition, the results of statewide assessments provide the School not only important data about their students’ proficiency, but also valuable information that can be used to guide and improve instruction in the School.

The purpose of this policy is to help ensure that the School conducts statewide assessments in a fair and ethical manner and in compliance with applicable law and Utah State Board of Education (“USBE”) rule. The School intends for this policy to comply with the requirements of Utah Administrative Code Rule R277-404.

POLICY

Statewide Assessment Plan

The School shall develop a plan to administer statewide assessments. The plan shall include at least the following:

(a) The dates the School will administer statewide assessments;
(b) Professional development for an educator to fully implement the assessment system;
(c) Training for an educator, appropriate paraprofessional, or third-party proctor in the requirements of assessment administration ethics; and
(d) Training for an educator and an appropriate paraprofessional to use statewide assessment results effectively to inform instruction.

The School shall submit the plan to the USBE by September 15 each year.

At least once each year the School shall provide professional development and training on statewide assessment administration as required by R277-404. The School shall use the Standard Test Administration Testing Ethics Policy for such professional development and training.

Student Participation in Statewide Assessments

(a) With the exception of those students described in subsection (b) immediately below and exempted students, the School shall administer statewide assessments to all students enrolled in the grade level or course to which the assessment applies.
(b) A student’s IEP team, English Learner Team, or Section 504 accommodation plan team shall determine an individual student’s participation in statewide assessments consistent with the Utah Participation and Accommodations Policy.

(c) An educator may use a student’s score on a statewide assessment to improve the student’s academic grade or demonstrate the student’s competency within a relevant course. However, a student’s score on a statewide assessment may not be used in determining whether the student may advance to the next grade level.

(d) The School may not provide a nonacademic reward to a student for taking a statewide assessment.

Student Exemption from Statewide Assessments

(a) A student’s parent has the right to exempt the student from a statewide assessment in accordance with Utah Code § 53G-6-803 and the exemption procedures in R277-404. The School shall not impose procedures beyond those in R277-404 to exercise this right nor may the School impose any penalty or adverse consequences upon a student who is exempted.

(b) School grading, teacher evaluation, and student progress reports or grades may not be negatively impacted by students exempted from taking a statewide assessment.

(c) The School may allow a student who has been exempted from a statewide assessment to be physically present in the room during test administration. The School shall ensure that exempted students who are in attendance are provided with an alternative learning experience during test administration.

Other Requirements

The School shall comply with all applicable requirements in R277-404, including adhering to the USBE’s Standard Test Administration and Testing Ethics Policy which is incorporated by reference in the rule.

North Davis Preparatory Academy
Attendance Policy

POLICY

North Davis Preparatory Academy (the “School”) is committed to providing a quality education for every student. The School firmly believes that consistent attendance teaches students responsibility. Students learn the value of being punctual and prepared. Frequent absences and tardiness result in a loss of continuity of instruction. Also, frequent absences and tardiness prove disruptive for students, teachers, and staff. Excessive unexcused absences may lead to a student’s permanent dismissal from the School.

Parents are expected to take a proactive role in ensuring their children attend school. We recommend families plan their vacation schedule around the existing School calendar. When possible, medical and dental appointments should take place outside of school hours and parents should notify the School in advance of any absence. Parents and students are responsible for obtaining homework or assignments for the time period which the student is absent.

The School intends for this policy to be consistent with the provisions of Utah’s compulsory education laws, Utah Code Ann. §§ 53G-6-201 through 53G-6-208, as well as Utah Administrative Code Rule R277-607.

The Principal will establish attendance procedures consistent with this policy and applicable law and will ensure that the policy and procedures are distributed to parents.

Review

The School’s Board of Directors shall review this policy annually. The Board shall also annually review attendance data and consider revisions to this policy to encourage student attendance.

NDPA Attendance Policy
REVISION B
Board Approval Date: 10-07-20
Attendance

Administrative Procedures

These procedures are established in accordance with the Attendance Policy established by the School’s Board of Directors.

Definitions

"Absence" or “absent” means the failure of a school-age child assigned to a class or class period to attend a class or class period. “Absence” or “absent” does not mean multiple tardies used to calculate an absence for the sake of a truancy.

"Valid excuse" or “excused absence” means an absence resulting from:

a) an illness, which may be either mental or physical, regardless of whether the school-age child or parent provides documentation from a medical professional;
b) mental or behavioral health of the school-age child;
c) a death of a family member or close friend;
d) a scheduled family event or a scheduled proactive visit to a health care provider in accordance with Section 53G-6-803(5);
e) a family emergency;
f) an approved school activity;
g) a preapproved extended absence for a family activity or travel, consistent with school policy; or
h) an absence permitted by an individualized education program or Section 504 accommodation plan, developed pursuant to relevant law.

The Principal has the discretion to consider other absences as "valid excuses.” “Valid excuse” or “excused absence” does not mean a parent acknowledgement of an absence for a reason other than those described above.

"Habitual truant" means a school-age child who:

(1) is in grade 7 or above and at least 12 years old;
(2) is subject to the requirements of Section 53G-6-202; and
(3)(a) is truant at least ten times during one school year; or (b) fails to cooperate with efforts on the part of school authorities to resolve the school-age child’s attendance problem as required under Section 53G-6-206.

“School-age child” means a minor who is at least six years old but younger than 18 years old and who is not emancipated.

“School day” means the portion of a day that school is in session in which a school-age child is required to be in school for purposes of receiving instruction.

"Truant" means a condition by which a school-age child, without a valid excuse, is absent for (a) at least half of the school day; or (b) if the school-age child is enrolled in a learner verified program, as that term is defined by the State Board of Education, the relevant amount of time under the School’s Learner Validated Program Policy. A school-age child may not be considered truant under this policy more than one time during one day.
**Attendance Requirements:** Students are allowed a maximum of five (5) unexcused absences per year.

**Excused Absences:** An oral or written communication documenting a valid excuse must be received from the student's parents/guardian within one (1) business day of the absence in order for the absence to be excused. In the event of multiple consecutive absences, written communication must be received within one (1) business day of the student’s return to school.

In the event of an unforeseeable illness or emergency, the School should be notified as soon as reasonably possible.

**Preapproved Extended Absence:** A parent/guardian may request approval from the principal prior to a student’s extended absence of up to ten (10) days per school year. The principal will approve the absence if the principal determines that the extended absence will not adversely impact the student’s education.

**Medical Documentation:** The School may not require documentation from a medical professional to substantiate a valid excuse that is a mental or physical illness.

**Make-up Work:** Make-up work is permitted for students who have excused absences. The teacher will provide the student or the parent/guardian with any make-up work upon request. Make-up work must be completed within a reasonable time-frame as determined by the teacher.

**Tardiness:** A student is tardy if he or she is not in the assigned classroom when the late bell rings. In general, tardiness will be handled on an individual basis with the teacher. If a student is chronically tardy, then the student may be referred to the administration. Elementary students are allowed five (5) tardies per quarter. Middle school students are allowed three (3) tardies per class each quarter.

**Notification of Absences and Tardies:** In the event a student is absent, parents/guardians will be notified by phone on the day of the absence. Parents and students are responsible for tracking the total number of absences and tardies. Parents will be notified when their student reaches the 4th unexcused absence of the year. Parents of elementary students will be notified when their child is tardy for the 4th time during a given quarter. Parents of Middle School students will be notified if their child is tardy for the 2nd time in a class for the given quarter. If the maximum limit for unexcused absences or tardiness is reached, the principal will attempt to schedule a meeting with the parents to review the situation and will outline the appropriate corrective action.

**Grounds for an Appeal:** Students who believe that all or part of their absences and/or tardies should be considered excused may provide a written request to the administrator to review their case.

**Notice of Compulsory Education Violation**
The School may issue a "notice of compulsory education violation" to a parent/guardian of a school-age child who is in grades 1 through 6 if the student is truant at least five (5) times during the school year.

This notice shall:

1. Direct the parent/guardian to meet with School authorities to discuss the student's attendance problem and cooperate with the principal and Board to secure regular attendance by the student;
2. Designate the School authorities with whom the parent is required to meet;
3. State that it is a class B misdemeanor for the student's parent or guardian to intentionally or recklessly fail to meet with the designated school authorities to discuss the student's attendance problems, or fail to prevent the student from being truant an additional five (5) more times during the remainder of the school year; and
4. Be served on the parent/guardian by personal service or certified mail.

If School personnel have reason to believe that, after a notice of compulsory education violation is issued, the parent or guardian has failed to make a good faith effort to ensure that the child receives an appropriate education, the issuer of the compulsory education violation shall submit to the Division of Child and Family Services the report required by Utah Code Subsection 53G-6-202(8) (also in accordance with the School’s Child Abuse and Neglect Reporting Policy).

**Truancy Intervention Program**

The School’s Truancy Intervention Program is established to encourage good attendance and to facilitate the processing of chronically truant students through evidence-based alternative interventions or the juvenile court. Those efforts will include documented earnest and persistent efforts to resolve a student's attendance problems as follows:

- Annual notification of the School’s attendance policies will be provided to the parents of all students at the time of registration.
- When a student’s attendance is negatively affecting the student’s learning, the classroom teacher will notify the student and/or the student’s parent(s) of the concern. The teacher will set up a conference with the student and/or the student’s parent(s) to identify and resolve any problems that prevent the student from attending school. The student’s progress will be monitored.
- If meeting with the student and parent(s) does not adequately address the problems and the student’s learning continues to suffer, then the school counselor or principal will work with the teacher and parent(s) in finding a solution to the problems that are preventing the student from attending to his/her learning. Efforts to resolve the problems may include, but are not limited to, the following: making adjustments to the curriculum or the schedule, counseling of the student by school authorities, considering alternatives proposed by the parent, or providing the parent with a list of community resources to help the family.
- The principal may consult with a parent/guardian to determine if mitigating circumstances such as medical or psychological problems indicate the use of intervention methods for resolving the attendance problems.
• In the event that the preceding interventions fail, a certified letter will be sent to the parent(s) requesting a formal meeting with the administrator to resolve the attendance problems. A copy of the letter and mailing certificates will be kept by the School.
• The principal will notify the student and a parent/guardian of the actions the School may take should the student be truant in the future.

**Notice of Truancy**

Consistent with Section 53G-6-203, the School may issue a notice of truancy to a school-age child who is in grade 7 or above, at least 12 years old, and is truant at least five (5) times during the school year.

A notice of truancy will only be issued after the School has made earnest and persistent efforts to resolve student attendance problems, which efforts may include those set forth above.

A notice of truancy will:
1. Direct the school-age child who receives the notice of truancy, and the parent/guardian of the school-age child, to meet with School authorities to discuss the student's attendance problem and cooperate with the Principal and Board to secure regular attendance by the student;
2. Designate the School authorities with whom the school-age child and parent/guardian is required to meet.

A notice of truancy will be served on the parent/guardian by personal service or regular mail. The parent/guardian will have the right to appeal a notice of truancy in writing to the Principal within ten (10) days of being issued.

**Referrals for Habitual Truancy**

In accordance with Utah Code § 53G-8-211(4), the School shall refer a school-age child for prevention and early intervention youth services, as described in Section 62A-7-104, by the Division of Juvenile Justice Services for being a habitual truant if the school-age child refuses to participate in an evidence-based alternative intervention described in Utah Code § 53G-8-211(3)(b), including:
- a mobile crisis outreach team;
- a youth services center operated by the Division of Juvenile Justice Services;
- a youth court or comparable restorative justice program; or
- other evidence-based interventions created and developed by the School or other governmental entities as set forth in Subsection 53G-8-211(3)(b)(v).

The School may refer a school-age child who is a habitual truant to juvenile court or a law enforcement officer or agency if the student refuses to participate in an evidence-based alternative intervention described in Subsection 53G-8-211(3)(b) and fails to participate in prevention and early intervention youth services provided by the Division of Juvenile Justice Services as provided above.
A referral to juvenile court or a law enforcement officer or agency will include:

1. Attendance records for the student;
2. A report of evidence-based alternative interventions used by the School before the referral, including outcomes.
3. The name and contact information of the School representative assigned to actively participate in the court process with the student and the student’s family;
4. A report from the Division of Juvenile Justice Services that demonstrates the minor’s failure to complete or participate in prevention and early intervention youth services as set forth in Utah Code § 53G-8-211(4); and
5. Any other information that the School considers relevant.

**Ongoing Monitoring**

The School will request that the fingerprints taken for the purpose of conducting criminal background checks be registered with any rap back system maintained to provide ongoing status notifications to the School of any criminal history reported on individuals whose fingerprints are registered in the system.

If a person is denied employment or appointment or is dismissed from employment or appointment because of information obtained through a criminal background check or ongoing monitoring, the person may request a review of the information received and the reasons for the disqualification and shall be provided written notice of the reasons for denial or dismissal and of the individual’s right to request a review of the disqualification.

Confidentiality

Information received by the School as a result of a background check will only be (a) available to individuals involved in the hiring or background investigation process for that individual and (b) used for the purpose of assisting the School in making employment-related decisions. Any person who disseminates or uses any such information for any other purpose is subject to criminal penalties and civil liability as set forth in applicable law.

Privacy Risk Mitigation Strategy

The School will employ reasonable privacy risk mitigation strategies to ensure that the School only receives notifications for individuals with whom the School maintains an authorizing relationship. Specifically, upon (a) termination of an employee’s employment with the School, (b) expiration of a Board Member’s term without renewal, or (c) resignation of Board Member, the administration will ensure that the School’s management company receives notification of the event. The School’s management company will take any steps necessary to terminate ongoing monitoring for such individuals and will document the date on which such steps were taken. For volunteers, the School’s management company will establish a schedule to review the volunteers registered for ongoing monitoring for the School, consult with School personnel to determine whether such individuals are still volunteering for the School, and terminate ongoing monitoring for individuals as appropriate.

North Davis Preparatory Academy (the “School”) will comply with the budgeting requirements of Utah law, including but not limited to Utah Code Title 53G, Chapter 7, Part 3.

The School’s Principal is appointed as the budget officer. Before June 1 of each year, the budget officer shall prepare a tentative budget, with supporting documentation, to be submitted to the Board of Directors.

The tentative budget and supporting documents shall include the following items:

(a) the revenues and expenditures of the preceding fiscal year;

Before June 30 of each year, the Board of Directors will adopt a budget for the next fiscal year.

Unless an exception applies or a waiver is granted and taking into account allowable reductions, the School will budget from state and/or local funds at least the same total spent for that purpose from the same state and/or local funds source(s) for the most recent prior year for which information is available.

The School acknowledges that if MOE requirements are not satisfied, then the USBE may penalize the School by reducing the School’s federal funding by a proportional amount the following year.

REVISION A
Board Approved Date: 12-01-21
North Davis Preparatory Academy
Building Rental Policy

PURPOSE

The purpose of this policy is to establish procedures for the use of North Davis Preparatory Academy’s (the “School”) building and facilities by outside individuals and groups.

POLICY

In accordance with state law, the School’s facilities are available for use as a “civic center” when such use does not interfere with a School function or purpose, does not violate any applicable law or regulation, and does not otherwise impose an unreasonable burden on the School or expose the School or participants to unreasonable risk.

Any permission to use School facilities is granted pursuant to Utah Code 53A-3-413 and -414 and is considered a permit for governmental immunity purposes under Utah Code 63G-7-201(4)(c). The School therefore has full governmental immunity under Utah Code 63G-7-301(5)(c) for claims arising in connection with such use of the facilities.

PROCEDURES

Fees for the use of facilities shall be charged as outlined in this Policy and will be collected prior to use.

A Building Use Agreement must be signed by the user prior to the date of use.

Usage time shall initially be computed from the time of requested opening to anticipated closing of the doors. Closing time shall be the time when all persons associated with the use have left the building, and the fee will be adjusted for additional time used. Persons lingering in the building are the user’s responsibility.

Equipment, keys, and property shall not be loaned or removed from the building.

Facilities such as computer lab, media center, or kitchen shall not be used unless approved by the Principal and school personnel are present during the entire time of the function.

Buildings may not be used without adequate School supervision as determined by the Principal. The assigned supervisor is responsible for oversight of the facilities while in use.

In addition to the building supervision provided by the School, all use groups must provide supervision to maintain order and prevent damage to or loss of School property.
Any individual or entity using the facilities for commercial purposes must provide, before the use, a Certificate of Insurance evidencing public liability coverage of one million dollars ($1,000,000) per occurrence and naming the School as an additional insured.

The user must comply with any applicable standards of safety and behavior of the School and Utah law. Violation of any of these standards is grounds for termination of the use agreement and the immediate removal of individuals associated with the use. Violation may result in the forfeiting of all deposits, and additional charges may be assessed.

Additional fees may be charged for use of School equipment (spot lights, DVD players and televisions, microphones, etc.) and supplies.

The Principal may establish conditions of use intended to protect the facilities from damage or unreasonable wear and tear.

Users shall pay for any damage to the facilities or School equipment caused by their use.

FEES

Except where the Principal has discretion under this Policy, users will be charged fees as set forth in the Fee Schedule below, which is subject to periodic review and revision.

The school’s Parent Organization and individual classes may use the facilities free of charge for qualifying school-related activities. Such use must be approved by and coordinated with the School’s Principal. These activities must be approved by the Principal before notice of the event is distributed.

Charitable and non-profit rates apply to non-profit organizations such as service clubs, Boy Scouts, Girl Scouts, United Way, cities and counties. The Principal may grant free use of the facilities to non-profit organizations at the Principal’s discretion when the use will not create additional expense for the School.

Security Deposit
At the discretion of the Principal, the user may be charged a refundable security deposit of up to $500. The Principal shall determine the amount of the security deposit based on the size of the group, the location of the activity, and the type of activity involved. Security deposits shall be paid by the user in a separate check and deposited by the School.

Following the use period, the Principal or designee shall inspect the facility for damage or mess requiring extra cleanup time. Any such extra charges will be deducted from the security deposit, and the remaining security deposit shall be refunded to the user. Should there be no extra charges assessed, the full amount of the security deposit shall be refunded.

Personnel
At least one School staff member must be present during any use of the facilities. The Principal will set the fee based on the number and type of personnel required for a particular activity.
General supervision of the facility may be assigned to a custodian, teacher, administrator or other qualified staff member.

Users must pay for any additional custodial services that are required.

At least one staff member is required for use of the kitchen.

The NDPA Board of Directors directs the administration to develop administrative policy and procedures which meet the following criteria:

- Meet all statutory and regulatory requirements of the State of Utah and USBE
- Are consistent with the NDPA Core Values and End Statements
- Promote effective conflict management skills and build trust
- Provide training to students and staff members to ensure a safe school environment
- Provide supervision to monitor interpersonal interactions and correct those which are inconsistent with this policy

NDPA school administrators will report to the Board of Directors:

- Data showing the progress of improvement of personal and social responsibility including the number and description of serious infractions annually.
- Data collected from student/parent surveys assessing the effectiveness of the policy and procedures every three years.
Bullying & Hazing

Administrative Procedures

Introduction

The school environment at NDPA is like a family. Most of the time we treat each other with kindness and respect. There are some times, however, where people are thoughtless, reckless, and even mean to others. The intent of people involved is often to “save face”, to get someone to “leave me alone”, or “get back at someone who deserves it”. These behaviors, generally the result of interpersonal conflicts on the part of students, are dealt with the philosophy and procedures described in the NDPA Student Conduct and Discipline Policy.

When administrators address issues where students are injured, teased, intimidated, upset, or scared, they take into consideration two factors: the intent of the aggressor and the impact the behavior has on others.

True bullying, as defined below, is such a serious violation it warrants a separate policy. When the intent of the perpetrator is to cause harm or create the fear of harm, the administration will follow the procedures outlined below.

I. Purpose

Bullying, as defined by law, is an extreme violation of the Core Values, the NDPA End Statements, and the NDPA Student Conduct and Discipline Policy. The main purpose of this policy is to prohibit bullying, cyber-bullying, hazing, retaliation, and abusive conduct involving the school’s students and employees. This will be accomplished through awareness efforts, training, identification, and disciplinary action (both students and employees) against those who violate this Policy. A second purpose is to promote the development of personal and social responsibility in all students.

II. Definitions

A. “Abusive Conduct” means verbal, nonverbal, or physical conduct of a parent or guardian or student directed toward a school employee that, based on its severity, nature, and frequency of occurrence, a reasonable person would determine is intended to cause intimidation, humiliation, or unwarranted distress. A single act does not constitute abusive conduct.

B. “Bullying” means a school employee or student intentionally committing a written, verbal, or physical act against a school employee or student that a reasonable person under the circumstances should know or reasonably foresee will have the effect of:
   a. Causing physical or emotional harm to the school employee or student;
   b. Causing damage to the school employee’s or student’s property;
c. Placing the school employee or student in reasonable fear of:
   i. harm to the school employee’s or student’s physical or emotional well-being; or
   ii. damage to the property of the school employee or student.

d. Creating a hostile, threatening, humiliating, or abusive educational environment due to:
   i. the pervasiveness, persistence, or severity of the actions; or
   ii. a power differential between the bully and the target; or

e. Substantially interfering with a student having a safe school environment that is necessary to facilitate educational performance, opportunities, or benefits.

The conduct described above constitutes bullying, regardless of whether the person against whom the conduct is committed directed, consented to, or acquiesced in, the conduct. In addition, bullying is commonly understood as aggressive behavior that is intended to cause distress and harm; exists in a relationship in which there is an imbalance of power and strength; and is repeated over time.

C. "Hazing" means a school employee or student intentionally, knowingly, or recklessly committing an act or causing another individual to commit an act toward a school employee or student that:
   a. Endangers the mental or physical health or safety of a school employee or student;
   b. Involves any brutality of a physical nature, including whipping, beating, branding, calisthenics, bruising, electric shocking, placing of a harmful substance on the body, or exposure to the elements;
   c. Involves consumption of any food, alcoholic product, drug, or other substance or other physical activity that endangers the mental or physical health and safety of a school employee or student;
   d. Involves forced or coerced actions or activities of a sexual nature or with sexual connotations; or
   e. Involves any activity that would subject a school employee or student to extreme mental stress, such as sleep deprivation, extended isolation from social contact, or conduct that subjects a school employee or student to extreme embarrassment, shame, or humiliation; and
   f. Is committed for the purpose of initiation or admission into, affiliation with, holding office in, or as a condition for membership in a school or school-sponsored team, organization, program, or event; or
   g. Is directed toward a school employee or student whom the individual who commits the act knows, at the time the act is committed, is a member of, or candidate for membership in, a school or school-sponsored team, organization, program, club, or event in which the individual who commits the act also participates.
The conduct described above constitutes hazing, regardless of whether the school employee or student against whom the conduct is committed directed, consented to, or acquiesced in, the conduct.

D. "Cyberbullying" means using the Internet, a cell phone, or another device to send or post text, video, or an image with the intent or knowledge, or with reckless disregard, that the text, video, or image will hurt, embarrass, or threaten an individual, regardless of whether the individual directed, consented to, or acquiesced in the conduct, or voluntarily accessed the electronic communication.

E. "Retaliate" or “Retaliation” means an act or communication intended:
   a. As retribution against a person for reporting bullying or hazing; or
   b. To improperly influence the investigation of, or the response to, a report of bullying or hazing.

F. "School" means North Davis Preparatory Academy (NDPA), charter school.

G. "School board" means our NDPA Board of Directors.

H. "School employee" means:
   a. School teachers;
   b. School staff;
   c. School administrators; and
   d. All others employed or authorized as volunteers, directly or indirectly, by the school or school board.

I. “Volunteer” means a non-employee with significant, unsupervised access to students in connection with a school assignment.

III. Publication and Distribution of Policy and Signed Acknowledgement
This policy shall be available on the school website, with links from the family handbook, employee handbook, and any student conduct handbook. Copies of this policy will be distributed to students who are at least eight years old, parents or guardians of students enrolled in the school, and school employees, and on an annual basis all such individuals shall sign a statement indicating that they have received this policy. Printed copies of this policy are also available in the office.

V. Process for Reporting  
A. Students or families can report (orally or in writing) any bullying, hazing, cyber-bullying, abusive conduct, or retaliation, or any suspicion or witnessing thereof, to a teacher or administrator. Contact information and positions are found on the website, including e-mail.

B. School employees must report (orally or in writing) any bullying, hazing, cyber-bullying, abusive conduct, or retaliation, or any suspicion or witnessing thereof, to their building administrator.

   e. A statement describing the incident(s), including names of witnesses (if known).

D. All complaints will be sent to the building administrator in a timely manner.

E. All information about the person who filed the complaint with the school will be kept in confidence. In the rare event that we would have to tell who reported the problem, administration would contact that person before revealing his/her name.

F. Incidents of bullying, cyber-bullying, hazing, and retaliation will be reported in the school’s student information system as required.

VI. Actions Required if Prohibited Acts are Reported  
A. Investigation  
   a. Each reported violation of the prohibitions noted previously shall be promptly investigated by a school administrator or an individual designated by a school administrator. Formal disciplinary action is prohibited based solely on an anonymous report of bullying, hazing, cyber-bullying, abusive conduct, or retaliation.

   b. The investigation can include but are not limited to any of the following methods:
i. Discussions with the accused and the victim, where they express their view of the incident;
ii. Interview witnesses, and other peers;
iii. Staff/Faculty observations; and
iv. Gather perspectives of any member of the school community.

b. After investigating, administration will determine if the incident meets the criteria of bullying, hazing, cyber-bullying, abusive conduct, or retaliation, as noted in the definitions above.

B. Verified Complaints
   a. Verified violations of the prohibitions noted previously shall result in consequences or penalties for the perpetrator. Consequences or penalties may include but are not limited to:
      i. Student suspension or removal from a school-sponsored team or activity, including school-sponsored transportation;
      ii. Student suspension or expulsion from school or lesser disciplinary action;
      iii. Employee suspension or termination for cause or lesser disciplinary action;
      iv. Employee reassignment; or
      v. Other action against student or employee as appropriate.
   b. The administrator will timely contact parents or guardians of the victim, the perpetrator, and, as appropriate, by-standers to gather their input on the needs of the students toward responding to, and resolving, conduct prohibited in this policy.
   c. Plans will be developed for the perpetrator and the victim, as needed, for the purpose of changing behavior so similar incidents are not repeated. Plans may include but are not limited to the following:
      i. Reporting any future violations;
      ii. Resolving conflicts associated with the incident;
      iii. Educating students on how to deal with difficult people and situations;
      iv. Expressing feelings associated with the experience;
      v. Alternate plans or restrictions for unsupervised time; and
      vi. Meeting with school counselor following parental notice and consent.

C. Non-Verified Complaints
   a. When the investigation determines that the situation does not meet the criteria for bullying, hazing, cyber-bullying, abusive conduct, or retaliation the administrator or designee will follow the procedures outlined in the NDPA Student Conduct and Discipline Policy. Administration will timely notify parents or guardians of the resulting actions determined by those involved.
   b. Staff and Teachers will be alerted to watch these students for behaviors typically associated with bullying, hazing, cyber-bullying, abusive conduct, or retaliation.
D. Other Actions, as appropriate:
   a. If the incident included any criminal activity the administrator may report it to law enforcement in a timely manner.
   b. Issues that may potentially be a violation of civil rights may be promptly reported to the Office of Civil Rights (OCR).
   c. If the student or employee does not feel they have been treated fairly they are entitled to due process rights under Section 53G-11-501 et seq. (employees), Section 53G-8-202 et seq. (students), and school discipline and grievance policies prior to long term (more than 10 day) student discipline or employee discipline.
      i. File a written complaint with the head administrator.
      ii. If not resolved within 8 school days, file a written complaint with the NDPA Board of Directors.
   d. The school may inform parents or guardians of the victim about actions taken against the perpetrators as long as it doesn’t violate any federal and state law, including the federal Family Educational Rights to Privacy Act (FERPA) of 1974, as amended.
   e. The school will take strong responsive action to prevent retaliation, including assisting students who are victims of prohibited conduct and his or her parents or guardians in reporting subsequent problems and new incidents.

VII. Student Assessment
   A. A school administrator will solicit student assessments of the prevalence of bullying, cyber-bullying, and hazing in the school, specifically locations where students are unsafe and additional adult supervisions may be required, such as playgrounds, hallways, and lunch areas.

VIII. Parental Notification
   A. As explained above, a school administrator will timely notify the parent or guardian of a student involved in an incident of conduct prohibited in this policy (including if the student is involved as the alleged perpetrator or victim). A school administrator will also timely notify the parent or guardian of a student who threatens to commit suicide. The administrator will attempt to contact the parent or guardian by telephone to provide this notification and to discuss the matter. If the parent or guardian is not available by telephone, the administrator will provide the parent or guardian the required notification by email.
   B. The administrator will produce and maintain a record that verifies that the parent or guardian was notified. If an in-person meeting takes place, the administrator may ask the parent or guardian to sign the record acknowledging that the notification was provided. If a telephone conversation takes place, the administrator may document on the record such details as the date and time of the telephone call, who was spoken to, and brief notes regarding the notification that was provided and the content of the conversation. If an email is sent, the administrator will retain a copy
of the email. The school will retain the record as long as the student is enrolled at the school and will destroy the record after that time. The school will maintain the confidentiality of the record in accordance with Utah Code 53G-9-604.

IX. Training

A. Training shall include methods for supporting students toward personal and social responsibility for the purpose of developing a community where all children, and adults, feel safe and welcome; and will include awareness training for behaviors typically associated with bullying, hazing, and retaliation.

a. Training for students, employees, coaches, and volunteers will meet the standards established by the State Board of Education’s rules, including Rule R277-613, and will complement the suicide prevention program required for students under R277-620 and the suicide prevention training required for licensed educations consistent with Section 53G-9-704(1). The training will also include information on when issues relating to this policy may lead to student or employee discipline.

B. Periodic training will be available for the following groups:

a. Class discussions for students;

b. Awareness and methods training for teachers and staff; and

c. Love and Logic training for Parents.

C. In addition to training requirements described above, all students, employees, and volunteer coaches involved in any athletic program (both curricular and extracurricular) or other extra-curricular activity or club shall, prior to participating in the athletic program or activity:

a. Participate in bullying, cyber-bullying, hazing, abusive conduct, and retaliation prevention training prior to participation;

b. Repeat bullying, cyber-bullying, hazing, abusive conduct, and retaliation prevention training at least every three years; and

c. Be informed of the prohibited activities list before participating in any sport or extracurricular activity.

D. The school will inform student athletes and extracurricular club members of prohibited activities under this Policy and potential consequences for violation of this Policy and applicable law and rule.

E. A school administrator will ensure that training curriculum, schedules, and participating lists or signatures are maintained by the school and provided to the Utah State Board of Education upon request.

X. Action Plan to Address Reported Incidents of Bullying, Cyber-Bullying, Hazing, or Retaliation.

The school will investigate all allegations of incidents of bullying, cyber-bullying, hazing, abusive conduct, and retaliation in accordance with this policy and applicable law.
The Principal or their designee will investigate allegations of these incidents and will have adequate training to conduct such an investigation. The Principal will be the point person with training and expertise to assist, direct, and supervise training of other employees in the responsibilities set forth in this section.

The school will investigate all allegations of these incidents by interviewing: (a) the alleged victim; (b) the individual(s) who is alleged to have engaged in the prohibited conduct; (c) the parents or guardians of the alleged victim and the individual(s) who is alleged to have engaged in prohibited conduct; (d) any witnesses; (e) school staff familiar with the alleged victim or individual(s) who is alleged to have engaged in prohibited conduct; or (f) other individuals who may provide additional information.

The individual who investigates an allegation of an incident will inform an individual being interviewed that (i) to the extent allowed by law, the individual is required to keep all details of the interview confidential; and (ii) further reports of bullying will become part of the review. However, the confidentiality requirement described in this paragraph does not apply to conversations with law enforcement, requests for information pursuant to a warrant or subpoena, a state or federal reporting requirement, or other reporting required by applicable law or rule.

In conducting this investigation, the school may (a) review disciplinary reports of involved students; and (b) review physical evidence, including video or audio, notes, email, text messages, social media, or graffiti.

The school will report incidents of bullying, cyber-bullying, hazing, and retaliation to law enforcement when the administrator reasonably determines that the alleged incident may have violated criminal law.

Following the investigation of a confirmed allegation of an incident of bullying, cyber-bullying, hazing, abusive conduct, or retaliation, the school may, if the administrator determines it is appropriate, take positive restorative justice practice action and support involved students through trauma-informed practices. However, an alleged targeted individual is not required to participate in a restorative justice practice with an individual who is alleged to have engaged in prohibited conduct. If the school would like any student to participate in a restorative justice practice, the school will notify the student’s parent or guardian of the restorative justice practice and obtain consent before including the student in the process.

The school shall follow up with the parents or guardians of all parties to: (a) inform parents or guardians when an investigation is concluded; (b) inform parents or guardians what safety measures will be in place for their child, as determined by the investigation; (c) provide additional information about the investigation or the resolution consistent with the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g; and (d) inform parents or guardians of the school’s Parent Grievance Policy if the parents or guardians disagree with the resolution of the investigation.

If a meeting is adjourned for more than twenty-four (24) hours, notice of such adjournment to another time or place shall be given, prior to the time scheduled for the continuation of the meeting, to the Directors who were not present at the time of the adjournment.
Section 4.13 Rights of Inspection

Every Director has the absolute right to inspect and copy all books, records and documents of every kind and to inspect the physical properties of the corporation provided such inspection is conducted at a reasonable time after reasonable notice, and provided that such right of inspection and copying is subject to the corporation's obligations to maintain the confidentiality of certain books, records and documents under any applicable federal, state or local law.

Section 4.15 Fees and Compensation

Directors shall not receive compensation for their services; however, the Board may approve the reimbursement of a Director's actual and necessary expenses incurred in the conduct of the corporation's business. The corporation shall carry liability insurance covering the Directors and officers of the corporation as described on the Charter on the conduct of the corporation's business.

Section 4.16 Standard of Care

a. A Director shall perform all duties of a Director in good faith, in a manner such Director believes to be in the best interests of the corporation and with such care, including the duty to make reasonable inquiries, as an ordinarily prudent person in a like situation would use under similar circumstances.

b. In performing the duties of a Director, a Director may rely on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by:

1. One or more officers or employees of the corporation whom the Director believes to be reliable and competent in the matters presented;

2. Legal counsel, independent accountants or other persons as to matters that the Director believes to be within such person's professional or expert competence; or

3. A committee of the Board upon which the Director does not serve as to matters within a designated authority, provided the Director believes that the committee merits confidence and the Director acts in good faith, after reasonable inquiry when the need therefore is indicated by the circumstances, and without knowledge that would cause such reliance to be unwarranted.

Section 4.17 Indemnification of Directors

The Corporation shall indemnify, to the fullest extent permitted by Utah Revised Nonprofit Corporation Act as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than the act permitted the Corporation to provide prior to such amendment):
a. Any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action or suit by or in the right of the Corporation) arising from or related to the fact that he is or was a Director of the Corporation, against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him as incurred by him in connection with such suit, action, or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for gross negligence or willful, intentional misconduct in the performance of his duty to the Corporation unless, and only to the extent that, the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such other court shall deem proper. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was lawful.

b. To the extent that a Director has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in paragraph (a), or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him and as incurred by him in connection therewith. Any such person may consult with legal or other professional counsel, and any actions taken by such person in good faith reliance on, and in accordance with, the opinion or advice of such counsel shall be deemed to be fully protected and justified and made in good faith.

c. This provision 4.17 and the corresponding indemnification obligation of the Corporation shall be applicable retroactively with respect to any decision of the Board dating back to the formation of the Corporation. This provision 4.17 and the corresponding indemnification obligation of the Corporation may not be revoked retroactively, and any future amendment to these Bylaws limiting such indemnification shall apply prospectively after such amendment.

Section 4.18 Utah State Charter School Board Powers

Notwithstanding anything to the contrary in these Bylaws, the Utah State Charter School Board (the "USCSB") shall: (a) have the power to remove any Director and to approve or reject any elected or appointed Director, as required under Articles XII, XIII and XIV of the Articles of Incorporation, and (b) approve or reject any change to these Bylaws that conflicts with Articles XII, XIII and XIV of the Articles of Incorporation. The provisions of this Section 4.18 that provide
the USCSB with the right to approve and/or remove Board members will not be amended or altered without the prior written consent of the USCSB.

**Section 5.4 Removal**

Any officer may be removed by a majority vote of the Board.

**Section 5.5 Resignation**

Any officer may resign at any time by giving written notice to the Board; such resignation may not prejudice the rights, if any, of the corporation under any contract to which the officer is a party. Any such resignation shall take effect at the date of the receipt of such notice or at any later time specified therein, the acceptance of such resignation shall not be necessary to make it effective.

**Section 5.6 Vacancies**

A vacancy in any office because of death, resignation, removal, disqualification or any other cause shall be filled in the manner prescribed in these Bylaws for regular election or appointment to such office, provided that such vacancies shall be filled as they occur and not on an annual basis.

**Section 5.7 President**

Subject to such powers, the President is the general manager and chief executive officer of the corporation and has, subject to the control of the Board, general supervision, direction and control
of the business and officers of the corporation. The President shall preside at all meetings of the Board. The President has the general management powers and duties usually vested in the office of the President and general manager of a corporation as well as such other powers and duties as the Board may prescribe from time to time.

Section 5.8 Vice Presidents

In the absence or disability of the President, the Vice President(s), if any are appointed shall, in order of their ranks as fixed by the Board or, if not ranked, the Vice President designated by the Board, perform all duties of the President and, when so acting, shall have all the powers of, and subject to all the restrictions upon, the President. The Vice President(s) shall have such other powers and perform such other duties as the Board may prescribe from time to time.

Section 5.9 Secretary

a. The Secretary shall keep or cause to be kept, at the principal office or such other place as the Board may order, a book of minutes of all meetings of the Board and its committees, including the following information for all such meetings; the time and place of holding; whether regular or special; if special, how authorized; the notice thereof given; the names of those present and absent, and the proceedings thereof. The Secretary shall keep, or cause to be kept, at the principal office in the State of Utah, the original or a copy of the corporation's Articles of Incorporation and Bylaws, as amended to date, and a register showing the names of all directors and their respective addresses. The Secretary shall keep the seal of the corporation and shall affix the same on such papers and instruments as may be required in the regular course of business, but failure to affix it shall not affect the validity of any instrument.

b. The Secretary shall give, or cause to be given, notice of all meetings of the Board and any committees thereof required by these Bylaws or by law to be given, and shall distribute the minutes of meetings of the Board to all its members promptly after the meetings; shall keep the seal of the corporation in safe custody; shall see that all reports, statements and other documents required by law are properly kept or filed, except to the extent the same are to be kept or filed by the Financial Coordinator; and shall have such other powers and perform such other duties as may be prescribed from time to time by the Board.

c. The Secretary or President of the corporation shall keep and maintain, or cause to be kept and maintained, adequate and correct accounts of the properties and business transactions of the corporation, including accounts of its assets, liabilities, receipts and disbursements. The books of account shall at all times be open to inspection by any Director.

d. The Secretary or President shall deposit, or cause to be deposited, all money and other valuables in the name and to the credit of the corporation with such depositaries as may be designated from time to time by the Board. The Secretary or President shall disburse the funds of the corporation as may be ordered by the Board, and shall render
to the Directors, upon request, an account of all transactions as Secretary or President and of the financial condition of the corporation. The Secretary or President shall present an operating statement and report, since the last preceding regular Board meeting, to the Board at all regular meetings. The Secretary or President shall have such powers and perform such other duties as may be prescribed from time to time by the Board.

Section 5.10 Indemnification of Officers

The Corporation shall indemnify, to the fullest extent permitted by Utah Revised Nonprofit Corporation Act as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than the act permitted the Corporation to provide prior to such amendment):

a. Any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action or suit by or in the right of the Corporation) arising from or related to the fact that he is or was an officer of the Corporation, against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him as incurred by him in connection with such suit, action, or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for gross negligence or willful, intentional misconduct in the performance of his duty to the Corporation unless, and only to the extent that, the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such other court shall deem proper. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Corporation and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was lawful.

b. To the extent that an officer has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in paragraph (a), or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him and as incurred by him in connection therewith. Any such person may consult with legal or other professional counsel, and any actions taken by such person in good faith reliance on, and in accordance with, the opinion or advice of such counsel shall be deemed to be fully protected and justified and made in good faith.

c. This provision 5.10 and the corresponding indemnification obligation of the Corporation shall be applicable retroactively with respect to any decision of the Board dating back to
the formation of the Corporation. This provision 5.10 and the corresponding
indemnification obligation of the Corporation may not be revoked retroactively, and any
future amendment to these Bylaws limiting such indemnification shall apply prospectively
after such amendment.

Capitalization Expense Policy

PURPOSE

The purpose of this policy is to allow for accounting to depreciate rather than expense qualified inventory items.

POLICY

Items, including associated components necessary to use the item, which (a) have a fair market value over $5,000.00 and (b) have a useful life of more than three (3) years shall be depreciated rather than expensed. North Davis Preparatory Academy  
Cash Handling Policy

North Davis Preparatory Academy (the “School”) adopts this policy to ensure that the School utilizes sound internal controls and properly handles cash received by School personnel. The Principal shall establish administrative procedures that are in accordance with sound fiscal practices and applicable laws and regulations to ensure that proper internal controls are in place with respect to the handling of cash by School personnel.

NDPA Cash Handling Policy  
Board Approval Date: 10-10-13
Cash Handling

The Principal will designate at least two (2) School employees who are authorized to handle cash paid to the School, and only those employees may handle cash for the School. The Principal will ensure that all employees who are authorized to handle cash receive appropriate annual training.

Receipts must be issued for all cash received by the School.

All cash received must be deposited no later than once every three (3) banking days. Two individuals should prepare each deposit using tamper resistant deposit bags.

The Principal may establish additional procedures associated with the handling of cash that are not inconsistent with these procedures or applicable laws and regulations.

North Davis Preparatory Academy
Child Abuse & Neglect Reporting Policy

POLICY

North Davis Preparatory Academy (the “School”) takes seriously the legal responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Utah law requires that whenever any person, including any school employee, contracted or temporary employee, or volunteer who has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in sexual abuse, physical abuse, or neglect, he/she shall immediately notify the nearest peace officer, law enforcement agency, or the Division of Child Family Service. The law provides serious penalties for failure to fulfill one’s duty to report.

The Principal shall establish administrative procedures that will comply with the provisions of Utah Code Ann. §§ 53E-6-701; 62A-4a-402, et seq. and Utah Administrative Rules R277-401 and will help the School’s personnel to understand and fulfill their legal responsibilities concerning child abuse.

NDPA Child Abuse & Neglect Reporting Policy
Board Approval Date: 10-03-18
Child Abuse & Neglect Reporting

Administrative Procedures

These procedures are established pursuant to the Child Abuse and Neglect Reporting Policy adopted by the Board of Directors.

1. If a School employee has reason to believe that a child may have been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, the employee shall immediately make an oral report to the nearest peace officer, law enforcement agency or Division of Child Family Service (“DCFS”). The employee shall also make a report to the School’s Principal, but the requirement to notify the Principal does not satisfy the employee’s personal duty to report to law enforcement or DCFS.

   a. The oral report to law enforcement or DCFS may be made with the Principal present, but must be made by the person making the report.
   b. The reporting employee must record the name of the individual and the agency contacted to make the required report.
   c. The reporting employee must complete and provide a copy of the Child Abuse and Neglect Reporting Form to the Principal within twenty-four (24) hours. The Principal will keep the form in a separate file, and it shall not be placed in the student’s permanent file. The form should also be sent to the agency to which the oral report was given.
   d. The Principal will preserve the anonymity of the person making the report and any others involved in any investigation.

2. To determine whether or not there is reason to believe that abuse or neglect has occurred, school employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.

   a. Investigations by staff prior to submitting a report shall not go beyond what is minimally necessary to support a reasonable belief that a reportable problem exists.
   b. It is not the responsibility of the Principal or any other school employees to prove who the abuser is or that the child has been abused or neglected, or to determine whether the child is in need of protection.
   c. School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.
   d. School employees shall not conduct interviews with the child or contact the suspected abuser.
   e. Notes of voluntary or spontaneous statements by the child shall be given to the investigational agency.
3. Investigations of reports of abuse for children seventeen (17) years of age and younger are the responsibility of DCFS.
   a. School employees shall not contact the child’s parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.
   b. School personnel shall cooperate with DCFS and share all information with the division that is relevant to the division’s investigation of an allegation of abuse or neglect. Additionally, School employees shall cooperate with DCFS and law enforcement employees authorized to investigate reports of alleged child abuse and neglect, including:
      i. allowing appropriate access to students;
      ii. allowing authorized agency employees to interview children consistent with DCFS and local law enforcement protocols;
      iii. making no contact with the parents or legal guardians of children being questioned by DCFS or law enforcement authorities; and
      iv. maintaining appropriate confidentiality.
   c. If school officials are contacted by parents about child abuse reports, school personnel shall not confirm or deny that a contact or investigation is taking place. A school employee should refer the caller to law enforcement or DCFS.

4. If the suspected perpetrator of child abuse or neglect is a School employee, the Principal shall immediately report the allegation to the Utah State Board of Education. Steps shall be taken to assure that further abuse or neglect is prevented by the suspected perpetrator.

5. Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune from any civil or criminal liability that otherwise might arise from those actions.

6. The Principal shall annually (a) provide each School employee with the written Child Abuse and Neglect Reporting Policy including a copy of the Child Abuse and Neglect Reporting Form and (b) notify each School employee of the mandatory reporting requirements of this Policy and Procedure and Utah Code Sections 53E-6-701 and 62A-4a-403.

7. The Principal will provide School personnel every other year with training and instruction on child sexual abuse and human trafficking prevention and awareness, including (a) responding to a disclosure of child sexual abuse in a supportive, appropriate, manner; (b) identifying children who are victims or may be at risk of becoming victims of human trafficking or commercial sexual exploitation; and (c) the mandatory reporting requirements of this Policy, Utah Code 53E-6-701 and 62A-4a-403. Newly hired staff will be provided with the same training and the written policy at the beginning of their employment.

8. The Principal will provide the parents or guardians of elementary school students with training and instruction every other year on child sexual abuse and human trafficking prevention and awareness, including (a) recognizing warning signs of a child who is being sexually abused or who is a victim or may be at risk of becoming a victim of human
trafficking or commercial sexual exploitation and (b) effective, age-appropriate methods for discussing the topic of child sexual exploitation.

9. The training and distribution of materials will be documented.

10. Educational neglect means that, after receiving a notice of compulsory education violation under Utah Code Section 53G-6-202, the parent or guardian fails to make a good faith effort to ensure that the child receives an appropriate education.

   a. When School personnel have reason to believe that a child may be subject to educational neglect, school personnel shall submit the report described in Utah Code Subsection 53G-6-202(8) to DCFS.

   b. When School personnel have a reason to believe that a child is subject to both educational neglect and another form of neglect or abuse, School personnel may not wait to report the other form of neglect or abuse pending preparation of a report regarding educational neglect.

North Davis Preparatory Academy
Civil Rights Policy

Policy Against Discrimination, Harassment and Sexual Harassment

It is policy of North Davis Preparatory Academy (the “School”) not to discriminate on the basis of sex, race, color, national origin, creed, religion, age, marital status, or disability in its educational programs, activities, or employment policies as required by Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Title II of the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. The policy against non-discrimination applies in all aspects of the School’s programs and activities, including but not limited to admissions and the administration of discipline.

It shall be a violation of this policy for any student or employee of the School to harass a student or an employee through conduct or communication in any form as defined by this policy or to retaliate against any individual for filing, receiving, investigating, or providing information concerning any complaint alleging violation of a federal civil rights law under this policy.

This policy will be posted on the School’s website and distributed as part of the annual online registration process.

Title VI of the Civil Rights Act of 1964

Title VI of the Civil Rights Acts of 1964 is a federal law that prohibits discrimination on the basis of race, color, or national origin. In compliance with Title VI, the School prohibits all discriminatory practices, including but not limited to the following:

1. Preventing a person from enrolling in a school, class, or extracurricular school activity based on race, color, or national origin.

2. Arbitrarily placing a student in a school or class with the intent of separating the student from the general population of students because of the student's race, color, or national origin.

3. Setting higher standards or requirements as a prerequisite before allowing minorities to enroll in a school, class, or activity.

4. Unequally applying disciplinary action based on a student's race, color, or national origin.

5. Failing to provide the necessary language assistance to allow limited English proficient students the same opportunity to learn as English proficient students.

6. Administering tests or other evaluative measures, which by design or by grading do not allow minority students the same opportunity to present a true measure of their abilities.
7. Providing advice or guidance to minority with the intent to direct minority students away from
schools, classes, or educational activities based on their race, color, or national origin.

8. Providing instructional and related services to minority students that are inferior to those
provided to non-minority students.

**Title IX of the Education Amendments of 1972**

Title IX of the Education Amendments of 1972 is a federal law that prohibits discrimination on
the basis of sex in providing educational programs and services.

It is policy of the School not to discriminate against any student, employee, or applicant on the
basis of sex. The School will ensure that no student will be excluded from participating in or having
access to any course offerings, student athletics, or other school resources based on unlawful
discrimination. The School will take all necessary steps to ensure that each employee’s work
environment is free of unlawful discrimination based on sex. No employee of the School,
including any person representing the School, shall intimidate, threaten, harass, coerce,
discriminate against, or commit or seek reprisal against anyone who participates in any aspect of
the discrimination complaint process associated with this policy.

The School Principal will designate a Title IX Coordinator and provide notice of the name and
contact information on the School’s website and otherwise as appropriate.

**Response to Sexual Harassment**

The School will respond promptly in a manner that is not deliberately indifferent to any actual
knowledge of sexual harassment in its educational program.

Therefore, in the event of any actual knowledge of sexual harassment, the Title IX Coordinator
will promptly contact the complainant to discuss the availability of supportive measures, consider
the complainant’s wishes with respect to supportive measures, inform the complainant of the
availability of supportive measures with or without the filing of a formal complaint, and explain
to the complainant the process for filing a formal complaint.

The School will thereafter treat complainants and respondents equitably by offering supportive
measures to a complainant and by following the grievance process defined below for formal
complaints of sexual harassment.

“All actual knowledge” means notice of sexual harassment or allegations of sexual harassment to the
School’s Title IX Coordinator or any official of the School who has authority to institute corrective
measures on behalf of the School, or to any employee of the School. Imputation of knowledge
based solely on vicarious liability or constructive notice is insufficient to constitute actual
knowledge. This standard is not met when the only official of the School with actual knowledge
is the respondent. The mere ability or obligation to report sexual harassment or to inform a student
about how to report sexual harassment, or having been trained to do so, does not qualify an
individual as one who has authority to institute corrective measures on behalf of the School.
“Notice” as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:
(a) An employee of the School conditioning the provision of an aid, benefit, or service of the School on an individual’s participation in unwelcome sexual conduct;
(b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the School’s educational program; or

“Supportive measures” are individualized services reasonably available that are non-punitive, non-disciplinary, and not unreasonably burdensome to the other party while designed to ensure equal educational access, protect safety, or deter sexual harassment. The School will make supportive measures available to complainants and respondents, as appropriate, which may include measures such as:
- No-contact orders
- Leaves of absence
- Class schedule changes, teacher reassignment, or other academic adjustments
- Increased monitoring of certain areas

**Personnel; Training Requirements**

No individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process will have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

The School will ensure that any individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process will receive training on the applicable definition of sexual harassment; the scope of the School’s educational program and activities; how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

The School will ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.
Any materials used to train a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

Grievance Process Time Frames

The School will promptly carry out the grievance process for formal complaints of sexual harassment. Unless reasonable cause exists, the School will conclude the grievance process of a formal complaint of sexual harassment within forty-five (45) calendar days of receipt of a formal complaint. Informal resolution processes will be concluded within forty-five (45) calendar days of when the School obtains the parties’ voluntary, written consent to the informal resolution process.

The grievance process for formal complaints of sexual harassment may be temporarily delayed, and time frames may be extended by the School for good cause with written notice to the complainant and the respondent that describes the reasons for the delay or extension. Good cause may include considerations such as the absence of a party, a party’s advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Notice of Formal Complaints of Sexual Harassment

Upon receipt of a formal complaint of sexual harassment, the School will provide the following written notice to the parties who are known:

(a) Notice of the School’s grievance process for formal complaints, including any informal resolution process;

(b) Notice of allegations of sexual harassment potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30, including sufficient details known at the time and with sufficient time for the respondent to prepare a response before any initial review. Sufficient details include the identities of the parties involved in the incident, if known; the conduct allegedly constituting sexual harassment under 34 C.F.R. § 106.30; and the date and location of the alleged incident, if known.

The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.

The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.

The written notice will inform the parties that they are prohibited from knowingly making false statements or knowingly submitting false information during the grievance process.
If, during the course of an investigation, the School decides to investigate allegations about the complainant or respondent that are not included in the notice provided above, the School will provide notice of the additional allegations to the parties whose identities are known.

**Grievance Process for Formal Complaints of Sexual Harassment**

A “formal complaint” means a document, including an electronic submission, filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the recipient investigate the allegation of sexual harassment. Formal complaints should be filed with the Title IX Coordinator.

In response to a formal complaint of sexual harassment, the School will follow the grievance process set forth below and in accordance with 34 C.F.R. § 106.45. The grievance process for formal complaints will treat complainants and respondents equitably. Before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent in connection with a formal complaint, the School will follow this policy and applicable legal requirements.

The grievance process for formal complaints will provide remedies to a complainant where a determination of responsibility has been made against the respondent. Such remedies may include the same individualized services included in the supportive measures. However, such remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

The grievance process for formal complaints will involve an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence, and provide that credibility determinations may not be based on a person’s status as a complainant, respondent, or witness.

The grievance process for formal complaints will be conducted with a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Following a determination of responsibility for sexual harassment, the School will take prompt remedial action, including appropriate disciplinary actions. These actions may include, for a respondent who is a student, disciplinary actions in accordance with the School’s Student Conduct and Discipline Policy, which may include suspension or expulsion. These actions may include, for a respondent who is an employee, discipline up to and including termination.

The standard of evidence to be used to determine responsibility is the preponderance of the evidence standard. This standard will be applied to all formal complaints of sexual harassment, including formal complaints against both students and employees.

The grievance process for formal complaints will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
The School will investigate the allegations in a formal complaint of sexual harassment. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in 34 C.F.R. § 106.30 even if proved, did not occur in the School’s educational program, or did not occur against a person in the United States, then the School must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX. Such a dismissal does not preclude action under another provision of the School’s policies.

The School may also dismiss a formal complaint of sexual harassment, or any allegations in the complaint, if at any time during the investigation (a) a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; (b) the respondent is no longer enrolled or employed by the School; or (c) specific circumstances prevent the School from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal of a formal complaint of sexual harassment as provided above, the School will promptly send written notice of the dismissal and reason(s) therefore simultaneously to the parties.

The School may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

When investigating a formal complaint of sexual harassment and throughout the grievance process, the School will do the following:

(a) Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the School and not on the parties provided that the School cannot access, consider, disclose, or otherwise use medical and psychological records of the party without the party’s consent, as provided in 34 C.F.R. § 106.45(b)(5)(i);

(b) Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;

(c) Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;

(d) Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the School may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

(e) Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
(f) Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the recipient does not intend to rely in reaching a determination regarding responsibility and inculpation or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the School will send to each party and the party’s advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) days to submit a written response, which the investigator will consider prior to completion of the investigative report. The School will make all such evidence subject to the parties’ inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and

(g) Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) days prior to the time of determination regarding responsibility, send to each party and the party’s advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

The School will not conduct a hearing on formal complaints of sexual harassment. After the School has sent the investigative report as provided above and before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers provided, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written determination regarding responsibility. To reach this determination, the School must apply the standard of evidence described above. The written determination must include the following:

(a) Identification of the allegations potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30;

(b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

(c) Findings of fact supporting the determination;
(d) Conclusions regarding the application of the School’s policies to the facts;

(e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School’s education program will be provided by the School to the complainant; and

(f) The School’s procedures and permissible bases for the complainant and respondent to appeal.

The School will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the School provides the parties with the written determination of the result of an appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator (and the School Principal, if the Title IX Coordinator is not the School Principal) is responsible for effective implementation of any remedies.

Nothing in this Policy precludes the School from removing a respondent from the School’s education program or activity on an emergency basis, provided that the School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Nothing in this Policy precludes the School from placing a non-student employee respondent on administrative leave during the pendency of a grievance process under this Policy. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

Appeals

The School will offer both parties an appeal from a determination regarding responsibility, and from the School’s dismissal of a formal complaint of any allegations therein, on the following bases: (a) Procedural irregularity that affected the outcome of the matter; (b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and (c) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Appeals must be submitted to the Title IX Coordinator in writing within ten (10) business days of receipt of the written determination regarding responsibility.
As to all appeals, the School will (a) Notify the other party in writing within five (5) business days when an appeal is filed and implement appeal procedures equally for both parties; (b) Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator; (c) Ensure that the decision-maker(s) for the appeal complies with the standards for decision-makers set forth above and in 34 C.F.R. § 106.45(b)(1)(iii); (d) Give both parties a reasonable, equal opportunity to submit, within ten (10) business days, a written statement in support of, or challenging, the outcome; (e) Issue, within ten (10) business days of receipt of both parties’ written statements, a written decision describing the result of the appeal and the rationale for the result; and (f) Provide the written decision simultaneously to both parties.

**Informal Resolution**

The School will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as provided above. Similarly, the School will not require parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed.

However, at any time prior to reaching a determination regarding responsibility the School may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the School:

(i) Provides to the parties a written notice disclosing: the allegations; the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

(ii) Obtains the parties’ voluntary, written consent to the informal resolution process; and

(iii) Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

**Recordkeeping**

The School will maintain for a period of seven years records of:

(a) Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the School’s education program;

(b) Any appeal and the result therefrom;
(c) Any informal resolution and the result therefrom; and

(d) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The School will make these training materials publicly available on its website.

For each response to sexual harassment required above and under 34 C.F.R. § 106.44, the School will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the School will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the School’s education program. If the School does not provide a complainant with supportive measures, then the School will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the School in the future from providing additional explanations or detailing additional measures taken.

Retaliation

The School and its personnel will not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. Intimidation, threats, coercion, or discrimination, including charges against an individual for policy violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or its regulations, constitutes retaliation. The School will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to the School’s grievance procedures for sex discrimination.

The exercise of rights protected under the First Amendment does not constitute prohibited retaliation.

Charging an individual with a policy violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute prohibited retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.
Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973

Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 are federal laws that prohibit discrimination on the basis of disability. The School does not discriminate on the basis of disability in admission or access to, or treatment or employment in, its programs and activities. Because of the affirmative obligation under Section 504 to provide a free appropriate public education as well as to avoid harassment and discrimination based on disability, the School principal may establish additional procedures regarding issues related to compliance with Section 504.

Other Complaint Procedures

Any person who believes he or she has been the victim of discrimination or harassment by another student or an employee of the School, or any third person with knowledge of conduct that may constitute discrimination or harassment should immediately report the alleged acts to the School principal. Notice of sexual harassment should be given to the Title IX Coordinator designated by the School principal.

If the complaint is against the School principal, the complaint should be submitted to the president of the School’s Board of Directors.

The School is committed to investigating all complaints of discrimination or harassment under federal civil rights laws and will take action to stop any harassment or discrimination that is discovered.

The Principal will establish a process for handling complaints alleging harassment or discrimination under federal civil rights laws that complies with applicable legal requirements.

Any complaints related to the School’s lunch program will be reported to the Utah State Office of Education, Child Nutrition Programs.

Compliance Officer

The School principal is designated the compliance officer for all federal civil rights matters under any of the foregoing federal laws and shall coordinate the School’s efforts to comply with federal civil rights laws. Any questions concerning this policy should be directed to the School’s principal.
North Davis Preparatory Academy
Concussion & Head Injury Policy

POLICY

The purpose of this policy is to protect the safety and health of North Davis Preparatory Academy (the “School”) students. The School recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The School acknowledges that the risk of serious injuries is significant when a concussion or head injury is not properly evaluated and managed, especially when the individual continues to participate in physical activities after the injury.

Accordingly, the School will comply with the provisions of Utah Code § 26-53-101 through -301 and R277-614 regarding the protection of athletes with head injuries. In order to protect the health and safety of its students, the School directs the Principal to establish administrative procedures consistent with this policy and applicable law.

NDPA Concussion & Head Injury Policy

Concussion & Head Injury

Administrative Procedures

These procedures are established pursuant to the Concussion and Head Injury Policy established by the School’s Board of Directors.

A concussion is a type of traumatic brain injury that interferes with normal function of the brain. It occurs when the brain is rocked back and forth or twisted inside the skull as a result of a blow to the head or body. What may appear to be only a mild jolt or blow to the head or body can result in a concussion. A concussion can occur even if a player or student in an activity is not knocked out or loses consciousness.

The School will ensure that each agent of the School is familiar with, and has a copy of, the Concussion and Head Injury Policy and these Procedures. Before permitting a child to participate in a sporting event of the School, the School will:

(a) provide a written copy of the Concussion and Head Injury Policy and these Procedures to a parent or legal guardian of a child; and

(b) obtain the signature of a parent or legal guardian of the child, acknowledging that the parent or legal guardian has read, understands, and agrees to abide by, the Concussion and Head Injury Policy and these Procedures.

The following definitions apply to these Procedures:

(1) "Agent" means a coach, teacher, employee, representative, or volunteer.

(2) "Qualified health care provider" means a health care provider who:

(a) is licensed under Title 58, Occupations and Professions; and

(b) may evaluate and manage a concussion within the health care provider's scope of practice.

(3) "Sporting event" means any of the following athletic activities that is organized, operated, managed, or sponsored by the School:

(a) a game;

(b) a practice;

(c) a sports camp;

(d) a physical education class;

(e) a competition; or

(f) a tryout.

(4) "Traumatic head injury" means an injury to the head arising from blunt trauma, an acceleration force, or a deceleration force, with one of the following observed or self-reported conditions attributable to the injury:

(a) transient confusion, disorientation, or impaired consciousness;

(b) dysfunction of memory;

(c) loss of consciousness; or

(d) signs of other neurological or neuropsychological dysfunction, including:
(i) seizures;
(ii) irritability;
(iii) lethargy;
(iv) vomiting;
(v) headache;
(vi) dizziness; or
(vii) fatigue.

The following signs and symptoms following a witnessed or suspected blow to the head or body are indicative of probable concussion:

Signs (observed by others):

• Student appears dazed or stunned
• Confusion
• Forgets plays
• Unsure about game, score, opponent
• Moves clumsily (altered coordination)
• Balance problems
• Personality change
• Responds slowly to questions
• Forgets events prior to hit
• Forgets events after the hit
• Loss of consciousness (any duration)

Symptoms (reported by student):

• Headache
• Fatigue
• Nausea or vomiting
• Double vision, blurry vision
• Sensitive to light or noise
• Feels sluggish
• Feels “foggy”
• Problems concentrating
• Problems remembering

The School will (a) immediately remove a child from participating in a sporting event of the School if the child exhibits signs, symptoms, or behaviors consistent with a concussion or is otherwise suspected of sustaining a concussion or a traumatic head injury; and (b) prohibit the child from participating in a sporting event of the School until the child:

(i) is evaluated by a qualified health care provider who is trained in the evaluation and management of a concussion; and

(ii) provides the School with a written statement from the qualified health care provider described in Subsection (1)(b)(i) stating that:
(A) the qualified health care provider has, within three years before the day on which the written statement is made, successfully completed a continuing education course in the evaluation and management of a concussion; and
(B) the child is cleared to resume participation in the sporting event of the School.

The school will follow any return-to-play guidelines established by the student’s qualified health care provider.

**Emergency Procedures**

The following situations constitute a medical emergency and require notification of emergency medical personnel:

1. Any student with a witnessed loss of consciousness (LOC) of any duration should be spine boarded and transported immediately to nearest emergency department via emergency vehicle.
2. Any student who has symptoms of a concussion, and who is not stable (i.e., condition is worsening), should be transported immediately to the nearest emergency department via emergency vehicle.
3. A student who exhibits any of the following symptoms should be transported immediately to the nearest emergency department, via emergency vehicle:
   a. Deterioration of neurological function
   b. Decreasing level of consciousness
   c. Decrease or irregularity in respirations
   d. Any signs or symptoms of associated injuries, spine or skull fracture, or bleeding
   e. Mental status changes: lethargy, difficulty maintaining arousal, confusion or agitation
   f. Seizure activity

A student who is symptomatic but stable may be transported by his or her parents. The parents should be advised to contact the student’s primary care provider or seek care at the nearest emergency department on the day of the injury.

**Guidelines and Procedures for Coaches and Teachers Supervising Contests and Games**

*Recognize concussion*

1. All agents of the school should become familiar with the signs and symptoms of concussion that are described above.
2. Agents of the school shall have appropriate training about recognizing and responding to traumatic head injuries, consistent with the employees’ responsibilities for supervising students and athletes.

*Remove from activity*
Any student who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the sporting event and shall not return to play until cleared by an appropriate health care professional.

Refer the athlete/student for medical evaluation

1. The school’s agent is responsible for notifying the student’s parent(s) of the injury.
   a. Contact the parent(s) to inform a parent of the injury. Depending on the injury, either an emergency vehicle will transport or parent(s) will pick the student up at the event for transport.
   b. A medical evaluation is required before returning to play.
2. In the event that a student’s parent(s) cannot be reached, and the student is able to be sent home (rather than directly to a doctor):
   a. The school’s agent should ensure that the student will be with a responsible individual who is capable of monitoring the student and understanding the home care instructions before allowing the student to go home.
   b. The school’s agent should continue efforts to reach a parent.
   c. If there is any question about the status of the student, or if the student cannot be monitored appropriately, the student should be referred to an Emergency Department for evaluation. A school’s agent should accompany the student and remain with the student until a parent arrives.
   c. The school’s agent shall provide for supervision of other students for whom he or she is responsible when accompanying the injured student.

Conflict of Interest Policy

POLICY

North Davis Preparatory Academy (the “School”) will follow all applicable state and federal laws, including but not limited to Utah Code § 53A-1a-518, prohibiting conflicts of interest.

In most situations, the School’s principal will evaluate whether a proposed transaction would create a prohibited conflict of interest. The principal may, however, request that the Board evaluate a proposed transaction and make the final determination of whether it would create a prohibited conflict of interest.

Copyright Compliance Policy

The purpose of this policy is to ensure compliance with all state and federal copyright laws.

Employees of North Davis Preparatory Academy (NDPA) are to follow all copyright laws. To avoid confusion by educators, Congress published "safe harbor" guidelines for educational uses of copyrighted material. While these guidelines are not a part of the law they represent the minimum standards for fair use of copyrighted materials in the classroom.

Guidelines for printed materials:
Educators may make a single copy for research or use in teaching of:
- A chapter from a book
- An article from a periodical or newspaper
- A short story, essay or poem
- A chart, graph, diagram, drawing, or cartoon (syndicated cartoons may not be copied)

Educators may make multiple copies for classroom use provided the copying meets the test of:
- Brevity
- Spontaneity
- Cumulative Effect

**Brevity**
The more material you take, the less likely it is that your use will be fair use. Some guidelines include:
- A complete poem of less than 250 words, printed on no more than two pages; or an excerpt from a long poem, but not more than 250 words.
- A copyrighted article, story, or essay of less than 2,500 or an excerpt of not more than 1,000 words, from a larger printed work or 10%, whichever is less.
- One chart, diagram, cartoon (syndicated cartoons may not be copied), or picture per book or periodical issue.
- Special works combining prose, poetry and illustrations, limited to no more than 10% of the total.

**Spontaneity**
The copying should be at the instance and inspiration of the individual educator, the decision to use the work and the moment of use are so close in time that it would be unreasonable to expect a timely reply to a request for permission.

**Cumulative Effect**
- Copying is made for one course.
- The same item cannot be reproduced for more than one term.
- No more than nine instances of copying per class during a term.
• There is only one work from a single author.
• No more than three authors from a collective work.
• The copying does not replace an anthology or collective work.
• No copying of "consumable" works.
• Copying should not simply substitute for purchase of original material.
• No charge is made to students beyond the actual cost of photocopying.
• All of the preceding must bear the copyright notice.

Course Substitution Policy

POLICY

North Davis Preparatory Academy (the “School”) offers classes satisfying the Grade 7-8 General Core Requirements specified in R277-700-5(3). In accordance with R277-700-5(7), the School may, upon request and with parental consent, substitute a course requirement with a course, extracurricular activity, or experience that is either (a) similar to the course requirement or (b) consistent with the student’s plan for college and career readiness.

Course substitution requests and parental consent must be provided to the Principal in writing and must (a) identify the course requirement seeking to be substituted; (b) identify and describe the desired course, extracurricular activity, or experience to be substituted for the course requirement; (c) explain how the desired course, activity or experience is similar to the course requirement and/or consistent with the student’s plan for college and career readiness; and (d) explain why it is in the student’s best interest to substitute the desired course, activity, or experience for the course requirement.

The Principal will decide whether to grant course substitution requests based on the Principal’s determination of what is in the student’s best interest and other relevant factors related to the specific request.

Appeal Process

A parent who is dissatisfied with the Principal’s decision regarding a course substitution request may appeal that decision to the Board President in writing within ten (10) days of the decision. The written appeal should provide all relevant information regarding the request and the Principal’s decision.

The Board President or another Board member designated by the Board President will review the appeal and the Principal’s response and determine whether the course substitution request should be granted. The Board President or their designee will notify the parent of the decision on the appeal in writing within ten (10) days of receiving the appeal. This decision will be final.

Credit Card Policy

PURPOSE

The purpose of this policy is to authorize the Principal to obtain credit cards for employees of North Davis Preparatory Academy (the “School”) and to establish procedures for use of credit cards to make purchases for the School.

POLICY

Credit Card Account

Academica West has established a corporate credit card account under which the School can have individual credit cards issued for authorized School employees.

The School will receive individual statements for each credit card issued to the School, and the School will make monthly payments directly to the credit card company. The School will be responsible for full payment of all charges and any fees or interest due each month.

The total credit limit for all cards issued to School employees will be $7,500. However, in the event a purchase needs to be made that exceeds this amount, the credit limit may be temporarily increased to $25,000 with the approval of the Principal, Board President and Board Financial Coordinator in order to make the purchase and then decreased back to the normal limit as soon as practicable.

The Principal shall establish administrative procedures that are in accordance with sound fiscal practices and applicable laws and regulations to ensure that proper internal controls are in place with respect to the use of credit cards by School personnel.

Administrative Procedures

Procedures for Issuing Cards

The Principal will be issued a credit card and may authorize other School employees to receive credit cards. The Principal will coordinate the issuance of credit cards to School employees with Academica West.

The Principal will ensure that all employees to whom cards are issued are aware of and receive appropriate training regarding the policies and procedures applicable to their use of the card.

Procedures for Making Purchases

School credit cards issued to School employees under this policy may only be used for legitimate business purposes. School credit cards may not be used for cash advances or ATM transactions for any reason. School credit cards may not be used for the purchase of alcohol. School credit cards are not intended for purchases that can otherwise be paid for by check using standard payment methods, including purchases from vendors that do not accept checks, purchases during travel, or emergency purchases.

The person to whom a School credit card is issued and whose name is on the card (the “cardholder”) is solely responsible for all purchases on the card and for ensuring that the credit card number is not used by unauthorized personnel. As such, the cardholder shall not share their card number with anyone. In addition, the credit card should not be stored in an online account that anyone other than the cardholder has access to.

All purchases with a School credit card must be authorized in accordance with the School’s Purchasing and Disbursement Policy and must comply with all applicable procurement requirements. Documentation of purchase approvals will be retained.

The cardholder is responsible for receiving, printing and retaining all receipts related to purchases made with the School credit card. The cardholder shall label all receipts with a description of what it is for to ensure proper coding. All receipts must be submitted to Academica West within one week of the closing date of the account statement.

Upon the termination of a cardholder’s employment for any reason, their School credit card must be cancelled immediately and returned to the Principal.

All purchases made with School credit cards will be reconciled by Academica West monthly in order to ensure that all receipts are present and that all purchases have been made in accordance with School policies.
Violation of policies and procedures regarding use of School credit cards, including not retaining documentation of purchases or making personal purchases, may result in card cancellation, disciplinary action, or criminal prosecution. If the School disputes a purchase made with the School credit card, the School may dispute the charge and may hold the cardholder responsible for the charge.

The Principal and Academica West will develop an internal review plan to periodically select School credit card statements to verify that School policies and procedures are being followed and that purchases are appropriate, documented, and coded to the proper funding sources.

If a School credit card is lost or stolen, the cardholder must immediately contact the Principal, and the Principal will notify Academica West to have the card cancelled.

Credit Evaluation Policy

PURPOSE AND PHILOSOPHY:

To insure equity and fairness to all students when evaluating credit earned at institutions other than North Davis Preparatory Academy (NDPA), and to be in compliance with Utah State Rule R277-705-3.

Transfer of credit

1. NDPA shall accept student credit and grades at face value from public schools accredited by Northwest Association of Accredited Schools (NAAS) and by regional or third party accrediting associations recognized by NAAS.

2. NDPA shall accept student credit at face value from a nonpublic school if the school was evaluated by NAAS consistent with credit approval criteria as outlined by Utah Administrative Rule R277-410-4.

3. The Northwest accreditation standards provided in Utah Administrative Rule R277-413 are applicable to public junior high and middle schools in their entirety if the schools include 9th grade.

4. Requests for acceptance of credit from a school that is not accredited, or an accredited school that did not satisfy all criteria of Utah Administrative Rules R277-410-4B, will be referred to the Credit Evaluation Committee for credit determination.

The NDPA Credit Evaluation Committee findings will be based on the following forms of evidence:

a. Course title and description
b. List of instructional materials used
c. Student achievement (progress)
   i. Formative evaluations (sample)
   ii. Summative evaluations (sample)
d. Correlation of course objectives with the Utah State Core Curriculum standards and objectives
e. Course length and student attendance
   i. Number of days the class met
   ii. Normal class length
   iii. Number of classes attended by the student
f. Grading criteria used
g. Teacher name, qualifications, certifications, endorsements, etc.
h. Course requirements for credit (representative sample of student work)
i. Copy of student records
5. In addition to the forms of evidence, listed above, students seeking credit may be required to demonstrate competency through end-of-level testing approved by NDPA in areas where competency tests are available.

6. NDPA will have the final decision-making authority for the awarding of credit and grades from non-accredited sources consistent with state law and due process.

7. Costs associated with the determination of credit, including competency level testing, will be borne by the parent/guardian of the student requesting credit consideration.

8. Students released for home instruction do not earn NDPA credits. If students re-enter NDPA, requests for credit for home instruction studies will be evaluated under the provisions of this policy.

School employees and volunteers shall only have access to student data for which they have a legitimate educational interest and shall not use student data for any improper or non-educational purpose. School employees and volunteers shall use student data only as authorized by the School to fulfill their respective job or volunteer duties. Please see the School’s FERPA Administrative Procedures (particularly the “Access to Information” Section) for a summary of School personnel who, generally, have a legitimate educational interest in having access to student data and the particular data to which they have access. To help protect the privacy and security of student data, School employees and volunteers who have access to student data will participate in student data privacy training each year as required by the School and employees will sign a statement certifying that they have completed the training and understand student data privacy requirements.

Student data use by outside parties shall be limited to those to whom the School has shared the data in accordance with the law and who have a legitimate need to use the data. Third-party contractors’ use of student data shall be in accordance with their contract and Data Confidentiality Addendum with the School, and in compliance with applicable law, including Utah Code Ann. § 53A-1-1410 and administrative rules adopted by the USBE.

6. DATA STORAGE

Please see the “Physical Protection” and “Technological Protection” Sections of the School’s FERPA Administrative Procedures to review the ways in which the School stores student data and protects stored data.

6.1 Electronic Storage. As explained in the School’s FERPA Administrative Procedures, most of the student data collected by the School (including the data collected through the School’s online registration system) is stored electronically by the School in Aspire, which is the student information system provided to Utah schools by the USBE. Aspire provides a secure location for the storage, maintenance, and transmission of student data. If the School chooses to use any additional student information systems, it will ensure that the system has adequate security protections. School employees and volunteers shall not store personally identifiable student data on their personal computers or devices, flash drives, or any other removable data storage media unless authorized by the Student Data Manager.

6.2 Physical Storage. Any printed documents containing personally identifiable student data is to be stored by the School in a secured, locked location, and access to such locations shall be determined by the Student Data Manager. School employees and volunteers shall not store
documents with personally identifiable student data in physical locations away from the School, such as in their homes or vehicles, unless authorized by the Student Data Manager.

2. Be signed by the student’s parent or guardian, or the student if he or she is 18 or older (electronic signatures are sufficient);
3. Specify the records or data to be disclosed;
4. State the purpose of the disclosure; and
5. Identify the party to whom the disclosure may be made.

As provided in the “Student Education Records Management” Section of the School’s FERPA Administrative Procedures, a student’s parent or guardian (or the student if the student is 18 years old or older) has the right to inspect and review all of the student’s education records maintained by the School and the School must grant such requests within a reasonable period of time, not to exceed 45 days. The School may impose requirements related to such requests, such that the request be in writing, signed, dated, and contain certain information. The School may also require proof of identity and relationship (parent or guardian) to the student before granting access to the student’s records.

7.2. Exceptions to the Prior Consent Rule

The School shall not share, outside of the School, a student’s personally identifiable student data without obtaining prior written consent unless such sharing is:

1. To the student or student’s parent or guardian;
2. Authorized by federal and Utah law, including FERPA, Utah FERPA, and the Utah Student Data Protection Act. Such authorized sharing includes:
a. To a school official who has a legitimate educational interest (a school official could be an employee or agent of the School that the School has authorized to request or receive student data on behalf of the School);

b. To a person or entity to whom the School has outsourced a service or function (1) to research the effectiveness of a program’s implementation or (2) that the School’s employees would typically perform;

d. To other schools that have requested the data and in which the student seeks or intends to enroll, or where the student is already enrolled, so long as the disclosure is for purposes related to the student’s enrollment or transfer;

e. To individuals who need to know in cases of health and safety emergencies;

f. To officials in the juvenile justice system when the disclosure concerns the system’s ability to effectively serve, prior to adjudication, the student whose data is to be released;

g. In connection with an audit or evaluation of federally or state supported education programs, or for the enforcement of, or compliance with, federal legal requirements relating to those programs;

h. To the Immigration and Naturalization Service (INS) for foreign students attending the School under a visa;

i. To the Attorney General of the United States in response to an ex parte order in connection with the investigation or prosecution of terrorism crimes;

j. In response to a valid subpoena;

k. The sharing of personally identifiable student data that is directory information, but only if the School (1) has given the student’s parent annual notice of the types of data it has designated as directory information and the parent’s right to request that any or all of student’s directory information not be released by the School and (2) the parent has not notified the School that he or she does not want the personally identifiable student data to be designated as directory information.

7.5.2 Sharing Aggregate Data. The School may share aggregate data outside of the School without obtaining prior written consent so long as it is shared in accordance with Utah Code Ann. § 53-1-1409(8)-(9) and this paragraph. If the School receives a request for aggregate data, including for the purpose of external research or evaluation, the School shall follow the review process set forth below:

1. All requests shall be submitted in writing to the Student Data Manager;
2. The written request to the Student Data Manager shall describe the purpose of the request, the desired student data, how the student data will be used, and details about how the student data will be disclosed or published by the requestor;
3. The Student Data Manager shall review the written request and consult with the School’s management company about any potential data privacy issues relevant to the request;
4. If the Student Data Manager approves of the request, an MOU shall be prepared and presented (along with the requestor’s written request) to the School’s Board of Directors for review and approval; if the Student Data Manager disapproves of the request, the requestor shall be so notified;
5. If the Board approves of the request and MOU, the MOU shall be signed by the Board’s president or designee and the requestor; if the Board disapproves of the request, the requestor shall be so notified;
6. After approval by the Board and execution of the MOU, the Student Data Manager or a responsible person designated by the Student Data Manager, shall, as applicable, de-identify the requested student data through disclosure avoidance techniques (such as data suppression, rounding, recoding, blurring, perturbation, etc) and/or other pertinent techniques;
7. After all requested student data has been de-identified and reviewed by the Student Data Manager, the requested student data shall be saved, physically or electronically, in a secure location managed by the Student Data Manager and then sent to the requestor through a secure method approved by the Student Data
Manager.

The School may not share personally identifiable student data with external persons or organizations to conduct research or evaluations unless such research or evaluations are directly related to a state or federal program audit or evaluation.

8. RECORD RETENTION AND EXPUNGEMENT

Record retention and expungement procedures promote efficient management of records, preservation of records of enduring value, quality access to public information, and data privacy.

8.1 Retention. The School shall retain and dispose of student records in accordance with Utah Code Ann. § 63G-2-604, Utah Code Ann. § 53E-9-306, and rules adopted by the USBE, including R277-487-4. Unless the School adopts its own approved retention schedule, the School shall comply with the model retention schedules for student records published by the Utah Division of Archives and Records Service.

8.2 Expungement. The School shall comply with Utah Code Ann. § 53E-9-306 and R277-487-4 in terms of what student data it may and may not expunge. Accordingly, the School may not expunge a student’s grades, transcripts, record of enrollment, or assessment information. The School may, on its own volition or at the request of a student’s parent or an adult student, expunge other student data, including a student’s medical records and behavioral assessments, so long as the administrative need for the student data has passed. A request to expunge such student data shall be made in writing to the School’s Principal and describe in detail the data requested to be expunged.

In addition, a student’s parent or an adult student may also request that the School expunge any student data or record not subject to a retention schedule under Utah Code Ann. § 63G-2-604, and believed to be:

1. Inaccurate;
2. Misleading; or
3. In violation of the privacy rights of the student.

Such a request to expunge a student’s student data or records shall be made in writing to the School’s Principal and describe in detail the data or records requested to be expunged. The School will process such requests following the same procedures outlined for a request to amend a student record in 34 CFR Part 99, Subpart C. These procedures are outlined below:

1. If a parent or adult student believes that a record is misleading, inaccurate, or in violation of the student’s privacy, they may request that the record be expunged.
2. The School shall decide whether to expunge the data within a reasonable time after the request.
3. If the School decides not to expunge the record, the School will inform the parent or adult student of its decision as well as the right to an appeal hearing.
4. The School shall hold a hearing within a reasonable time after receiving the request for a hearing.
5. The School shall provide the parent or adult student notice of the date, time, and place in advance of the hearing.
6. The hearing shall be conducted by any individual that does not have a direct interest in the outcome of the hearing.
7. The School shall give the parent or adult student a full and fair opportunity to present relevant evidence. At the parents’ expense and choice, they may be represented by an individual of their choice, including an attorney.
8. The School shall make its decision in writing within a reasonable time following the hearing.
9. The decision must be based exclusively on evidence presented at the hearing and include a summary of the evidence and reasons for the decision.
10. If the decision is to expunge the record, the School will seal it or make it otherwise unavailable to other School staff and educators.

The School may consult with the Utah Division of Archives and Records Service and/or USBE when issues or questions arise with respect to record retention and expungement.

8.3 Disciplinary Record. The School may create and maintain a disciplinary record for a student in accordance with rules adopted by the USBE.

9. DATA BREACH

9.1 Definition of Data Breach. A data breach for purposes of this Plan is any instance in which there is an unauthorized release or access of personally identifiable student data. This definition applies regardless of whether the School stores and manages the data directly or through a third-party contractor.

9.2 Types of Data Breaches. Data breaches can take many forms, including:

1. Hackers gaining access to personally identifiable student data through a malicious attack (such as phishing, virus, bait and switch, keylogger, denial of service, etc);
2. A School employee losing School equipment on which personally identifiable student data is stored (such as a laptop, thumb drive, cell phone, etc) or having such equipment stolen;
3. An unauthorized third party retrieving personally identifiable student data from a School’s physical files;
4. A School employee accidentally emailing personally identifiable student data to an unauthorized third party; or
5. A School employee or third-party contractor saving files containing personally identifiable student data in a web folder that is publicly accessible online.

9.3 Industry Best Practices. The School takes a variety of measures to protect personally identifiable student data, including imposing disclosure prevention responsibilities on School employees, educators, volunteers, and third-party contractors. The School also follows industry
best practices to maintain and protect personally identifiable student data and to prevent data breaches, some of which are outlined in the School’s Information Technology Systems Security Plan.

9.4 Responding to a Data Breach.

9.4.1 Reporting a data breach. School employees, volunteers, and third-party contractors shall immediately report a data breach or a suspected data breach to the Student Data Manager. Students and parents of students who become aware of a data breach or that suspect a data breach shall also immediately notify the Student Data Manager.

9.4.2 Data Breach Protocol. The Student Data Manager shall collaborate with the IT Security Manager and others, as appropriate, to determine whether a data breach has occurred. If it is determined that a data breach has occurred, the School shall, under the direction of the Student Data Manager and IT Security Manager, follow the protocol described below:

1. Lock down systems and data that have been breached or suspected to have been breached, including changing applicable passwords, encryption keys, locks, etc;
2. Assemble a Data Breach Response Team, which could include the Student Data Manager, IT Security Manager, School employees, Board members, members of the School’s management company, the School’s IT provider, etc;
3. Record as many details about the data breach as possible, including:
   a. Date and time data breach was discovered;
   b. Data elements involved (for example, students’ first and last name, SSIDs, DOBs, passwords, account information, employee social security numbers, etc);
   c. Data systems involved (for example, Aspire, online registration system, or other School data system); and
   d. Type of data breach (physical, such as stolen/lost paperwork or computer equipment; or electronic, such as hacking or unauthorized email transmission).
4. Assign an incident manager that has the appropriate qualifications and skills to be responsible for the investigation of the data breach:
   a. Investigate scope of data breach to determine types of information compromised and number of affected individuals; and
   b. Investigate the data breach in a way that will ensure that the investigative evidence is appropriately handled and preserved;
5. Attempt to retrieve lost, stolen, or otherwise compromised data;
6. Determine whether notification of affected individuals is appropriate and, if so, when and how to provide such notification; notification timeframes and requirements should be identified as soon as possible and notices developed and delivered to affected individuals and agencies in accordance with regulatory mandates and timeframes;
7. If the data breach involved the release of a student’s personally identifiable student data, notify the student (if the student is an adult student) or the student’s parent or
legal guardian if the student is not an adult student in a manner reasonable under the circumstances;

8. If the data breach involved the release of a student’s personally identifiable student data by a third-party contractor of the School, notify the State Superintendent as required in R277-487-3;

9. Determine whether to notify the authorities/law enforcement (situation dependent); involve legal counsel to analyze legal obligations;

10. If the School has cyber liability and/or data breach insurance coverage, determine whether to notify the insurance provider and make a claim on such coverage; and

11. Consult with appropriate security professionals, as necessary, to identify the possible reason(s) for the data breach and how to prevent similar data breaches in the future.

Following the steps above and clearly defining the roles and responsibilities of all those involved in the steps will promote better response coordination and help the School shorten its incident response time. Prompt response is essential for minimizing the risk of any further data loss and, therefore, plays an important role in mitigating any negative consequences of the breach, including potential harm to affected individuals. All work and activities performed under each of the steps above should be well documented and all documentation should be retained as required.

9.4.3 Coordination with Management Company and/or Legal Counsel

The School shall coordinate with its management company and/or separate legal counsel on the preparation and method of delivery of written materials, including notifications, related to a data breach.

9.5 Cooperation

The School shall cooperate with regulatory and governmental agencies that make inquiries regarding a data breach.

10. DATA TRANSPARENCY

The School’s policies concerning data privacy and security are published on the School’s website. In addition, each year the School shall publish its current version of the following on its website:

1. Metadata Dictionary;
2. Student Data Disclosure Statement;
3. Information Technology Systems Security Plan; and

11. DATA PRIVACY AND SECURITY AUDITING

The School shall periodically conduct audits to determine compliance with this Plan and to assess the quality and effectiveness of the data privacy and security processes and procedures set forth in this Plan. The School shall use the results of such audits to determine ways in which this Plan and
the School’s student data governance and management can be improved. The School may use third-party experts to assist with and/or conduct such audits.

The School or its designee may audit its third-party contractors to verify compliance with the terms of the School’s Data Confidentiality Addendum that relate to the confidentiality and protection of personally identifiable student data.

**12. DATA PRIVACY AND SECURITY TRAINING**

On an annual basis, the School shall provide appropriate student data privacy training to its employees, aides, and volunteers who are authorized by the School to have access to education records as defined in FERPA.

The School shall also provide its employees with appropriate training on IT security matters.

Where required by R277-487-13, educators at the School shall complete the student data security and privacy training for educators developed by the State Superintendent as a condition of re-licensure.

North Davis Preparatory Academy
Donations & Fundraising Policy

Although North Davis Preparatory Academy (the “School”) does not typically engage directly in fundraising, it may do so on certain occasions in order to help advance the School’s mission. The School encourages the contributions of gracious donors who have the resources and the inclination to make donations for the benefit of the School and its students. This policy is intended to ensure that the School has in place appropriate guidelines and standards for the School’s acceptance of donations and gifts as well as for when the School engages in or sponsors fundraising activities.

Donations and Gifts

The Principal will notify the Board of Directors of any donation in excess of $1,000. The Board of Directors must approve any voluntary donation from a private individual or organization in excess of $10,000. Donations involving conditions or restrictions will be considered on a case-by-case basis by the Principal or Board of Directors, as applicable. Anonymous donations do not require approval. The Principal will ensure that charitable donation receipts are provided to donors as necessary.

The decision of whether to accept a donation will be based on an evaluation of the specific restrictions or conditions imposed by the donor, the amount of the contribution, and any other reasonable criteria. The School may not accept donations with the condition that the donation provide direct benefit to specific School employees, students, vendors, or name brand goods or services.

The School may not transfer or expend donated property in a manner contrary to donor restrictions imposed as a condition of making the donation. The Principal is also responsible for ensuring that donor restrictions of accepted donations are complied with and that compliance can be verified.

The Principal must ensure that any applicable fiscal policies of the School are complied with in connection with donations. The School will comply with other applicable laws and regulations, including but not limited to procurement requirements, rules related to construction of improvements, IRS regulations, and Title IX requirements.

Fundraising

Fundraising is defined as an organized effort to solicit individuals, businesses or foundations for money or in-kind gifts to be given directly to the School.

The Principal shall establish administrative procedures to ensure that school-sponsored fundraising is carried out on a fiscally responsible manner and that it is clearly distinguishable which fundraising activities are school sponsored and which are not school sponsored.

For the purposes of this policy, “school sponsored” means activities that are expressly authorized by the School’s Principal or Board of Directors that support the School or authorized curricular...
clubs, activities, sports, classes, or programs that are themselves school sponsored. School-sponsored activities must be managed or supervised by School employees. Activities sponsored by the School’s parent organization are not school-sponsored activities, but the parent organization may be involved in and provided assistance in connection with school-sponsored activities.

The Board will review this policy at least every four years.
Donations & Fundraising

Administrative Procedures

These administrative procedures are adopted in accordance with the Donations and Fundraising Policy adopted by the North Davis Preparatory Academy Board of Directors.

Donations and Gifts

The School is a non-profit corporation under Section 501(c)(3) of the Internal Revenue Code. Therefore, donations to the School may be tax deductible to the extent provided by law.

The School will document donations received and any associated conditions or restrictions. Donations will remain anonymous unless recognition is a condition of an accepted donation. The School will not transfer or expend donated property in a manner contrary to donor restrictions imposed as a condition of making the donation. The Principal will ensure that donor restrictions of accepted donations are complied with and that compliance can be verified. The Principal will ensure that charitable donation receipts are provided to donors as necessary.

The Principal must approve voluntary donations from private individual or organization in excess of $1,000 and up to $10,000 and any donation involving donor restrictions prior to accepting the donation. The School may not accept donations with the condition that the donation provide direct benefit to specific School employees, students, vendors, or name brand goods or services.

If advertising or other services are offered to a donor in exchange for a donation or gift, the School will objectively value the donation or gift in order to ensure the School receives at least fair value.

Donations made via check should be made out to North Davis Preparatory Academy, Inc.

The Principal will ensure that any applicable fiscal policies of the School are complied with in connection with donations. The School will comply with other applicable laws and regulations, including but not limited to procurement requirements, rules related to construction of improvements, IRS regulations, and Title IX requirements.

Fundraising

The following procedures must be followed in connection with School fundraising:

1. The fundraising activity must be undertaken with the intent of obtaining a benefit consistent with the School’s mission.
2. The fundraising activity must not violate the School’s charter, Board policies, or applicable law.
3. Proposals for fundraising activities must be submitted to the School’s Principal for approval.
4. The Principal may restrict the time, place, and manner of any approved fundraising activity.
5. Fundraising activities should be planned and scheduled in a manner that does not create conflict, confusion, or excessive fundraising pressures on students, families or potential donors.
6. Fundraising activities that may expose the School to risk of financial loss or liability if the activity is not successful should not be approved.
7. The participation of School employees, students and parents in any fundraising activity must be voluntary. However, School employees may be assigned to supervise students in connection with School-sponsored fundraising activities in connection with their employment. Such employees may be compensated for such work as appropriate as determined by the Principal.
8. Students may not be required to participate in a fundraising activity as a condition for belonging to a team, club or group, and a student’s fundraising efforts may not affect his or her participation time or standing in any team, club or group.
9. Competitive enticements for student participation in fundraising efforts are generally discouraged, and any such rewards or prizes must be approved by the Principal.
10. The Principal will ensure that the School’s Fee Waiver Policy is complied with in connection with all School-sponsored fundraising activities that involve fees. Any fee waivers must be granted in accordance with the Fee Waiver Policy.
11. All funds raised through school-sponsored fundraising activities are considered public funds and will be handled accordingly. The Principal will ensure that all other applicable fiscal policies are complied with in connection with fundraising activities.
12. Any fundraising activities that are related to the School but not school sponsored, such as fundraising activities of the parent organization, should clearly inform School patrons that the activity is not school sponsored. School employees may participate in such activities as volunteers but must not represent that they are acting as employees or representatives of the School.
13. The Principal will ensure that charitable donation receipts are provided as necessary.
14. The School’s employer identification number and sales tax exemption number may only be used by School personnel in connection with school-sponsored activities. No other entity, including the School’s parent organization, may use these numbers.
15. Any School employee involved in managing or overseeing non-School-sponsored fundraising must disclose to the Principal any financial or controlling interest in or access to bank accounts of the fundraising organization or company.
16. The School may cooperate with outside entities such as the parent organization in connection with non-school-sponsored fundraising activities. The School may allow these groups to use School facilities at little or no charge. At the Principal’s discretion, the School may provide some level of support or pay for portions of these activities. The details of the arrangements for non-school-sponsored fundraising activities shall be understood and agreed to by the Principal and the representatives of the outside entity. This must take into consideration the School’s fiduciary responsibility for the management and use of public funds and assets.
17. The School is committed to principles of gender equity and compliance with Title IX guidance. The School commits to use all facilities, unrestricted gifts and other available funds in harmony with these principles. The School reserves the right to decline or restrict donations, gifts, and fundraising proceeds, including those that might result in gender inequity or a violation of Title IX. Fundraising opportunities should be equitable for all students, comply with Title IX, and be in harmony with Article X of the Utah Constitution.

The Principal will ensure that School employees receive appropriate training in connection with these policies. Training shall be provided at least annually to employees whose job duties are affected by the School’s fiscal policies.
North Davis Preparatory Academy
Dress Code Policy

PURPOSE

North Davis Preparatory Academy (the “School”) believes that a mandatory school dress code helps enhance the school environment and that it promotes an atmosphere conducive to appropriate discipline with a minimum need for ongoing intervention, thereby increasing learning opportunities for students by removing many of the distractions and negative or disruptive connotations associated with various types of clothing.

POLICY

The administration will determine the School’s dress code. The dress code should be supportive of the purposes set forth above, yet easily understood by parents and students and not overly complicated, restrictive, or burdensome to families. The administration may modify the dress code from year to year in order to address changes in style and other factors. However, the key provisions of the dress code, including the color and style of allowable tops, bottoms, and dresses/jumpers, should typically remain largely consistent from year to year in order to avoid placing undue burden on families.

All students of the School are required to comply with the dress code. Parents are responsible for ensuring that their children wear the appropriate clothing to school. The administration will be responsible for enforcing compliance with the dress code.

North Davis Preparatory Academy
Dropout Prevention & Recovery Policy

POLICY

North Davis Preparatory Academy (the “School”) adopts this policy in accordance with the requirements of Utah Code § 53G-9-801 et seq. and Utah Administrative Code R277-606.

For purposes of this policy, a “designated student” is a ninth-grade student:

1. Who has withdrawn from the School before completing ninth grade, who was dropped from average daily membership, and whose cohort has not yet graduated; or
2. Who is at risk of meeting the above criteria as determined by the School using the following risk factors:
   a. Low academic performance, as measured by grades, test scores, or course failure;
   b. Poor behavior, as measured by office disciplinary referrals, suspensions, or expulsions; and
   c. Absenteeism, whether excused or unexcused absences, and including days tardy or truant.

The School will engage with or attempt to engage with designated students in order to offer dropout prevention and recovery services to them. Designated students may choose whether to enroll in the School’s dropout prevention and recovery program. The services provided to designated students who enroll in this program will include:

1. Consulting with designated students and developing a learning plan to identify:
   a. Barriers to regular school attendance;
   b. An attainment goal; and
   c. Means for achieving the attainment goal.

2. Monitoring a designated student’s progress toward reaching the designated student’s attainment goal. The attainment goal will be measurable and correlated with what would be considered a year’s worth of progress.

3. Providing tiered interventions and flexible enrollment options for a designated student who is not making progress toward reaching the student's attainment goal, including meeting regularly with the designated student. Membership days for the student will be determined according to the School’s attendance and enrollment policies and procedures.

North Davis Preparatory Academy
Dual Enrollment Policy

PURPOSE

The purpose of this policy is to articulate the position of North Davis Preparatory Academy (the “School”) on the dual enrollment of students in both the School and in a private school, home school, or another public school. The School understands that it may be appropriate under certain circumstances to accommodate secondary school students seeking to dually enroll in the School, but the School also wants to ensure that the dual enrollment of its secondary school students does not create negative financial implications for the School or prevent the students from fully engaging in and benefiting from all aspects of the School’s mission.

POLICY

For purposes of this policy, “dual enrollment” or “dually enroll(ed)” means a student who is enrolled simultaneously in the School and in (1) a private school; (2) home school; or (3) another public school.

The School does not allow elementary school students to dually enroll in the School. The School may, in its discretion and on a case-by-case basis, allow secondary school students to dually enroll in the School. However, the School generally will not allow a secondary school student to dually enroll in the School if there is not a reasonable educational basis for the dual enrollment and if the School will not be the secondary school student’s primary LEA, meaning the LEA which reports the student to be in regular membership and, if applicable, special education membership (sometimes referred to as the student’s “school of record”).

In order for a secondary school student’s request for dual enrollment to be considered by the School, the request should be submitted to the Principal using the approved forms provided by the School.

Secondary school students who are dually enrolled in the School will only take at the School the state standardized tests and other assessments for the subjects for which they receive instruction at the School.

This policy is consistent with Utah Administrative Code Rule R277-438-3(2), which gives charter schools discretion as to whether or not to allow dual enrollment in their schools.

Electronic Meetings Policy

PURPOSE

The purpose of this policy is to establish the means and procedures by which the Board of Directors (the “Board”) may conduct electronic meetings in accordance with the provisions of the Utah Open and Public Meetings Act (the “Act”), including Utah Code Ann. § 52-4-207.

POLICY

Definitions

The Board adopts for application in this policy the definitions in the Act at § 52-4-103.

Electronic Meetings

The Board may, from time to time as needed, convene and conduct electronic board meetings. For the purpose of this policy, an “electronic board meeting” is defined as a meeting convened and conducted in accordance with the Act by means of a conference using electronic communications by which all participants participate by audible oral communication.

The Board will establish one or more anchor locations for the electronic board meeting, at least one of which is the building where the Board would normally meet if they were not holding an electronic meeting.

The Board will provide space and facilities at the anchor location so that interested persons and the public may attend and monitor the open portions of the meeting. If public comments will be accepted during the electronic meeting, the Board will provide space and facilities at the anchor location so that interested persons and the public may attend, monitor, and participate in the open portions of the meeting.

Board members who are able to both hear and verbally participate in the meeting electronically are considered present for purposes of determining the presence of a quorum at an electronic meeting.

The Board shall take all votes by roll call during an electronic meeting, with the exception of a unanimous vote.

Notice

Prior to conducting an electronic meeting, the Board shall provide advance notice of the meeting in accordance with the Act.
Notice shall be provided to all Board members, as well as to members of the public in accordance with the provisions of the Act.

Each notice shall describe the means of communication by which members will be connected to the electronic meeting and the anchor location.

North Davis Preparatory Academy
Electronic Resources Policy

PURPOSE

North Davis Preparatory Academy (the “School”) recognizes the value of computer and other electronic resources to facilitate student learning and help the School’s employees accomplish the School’s mission. The School has therefore made substantial investments to establish a network and provide various electronic resources for its students’ and employees’ use. Because of the potential harm to students and the School from misuse of these resources, the School requires the safe and responsible use of computers; computer networks, including e-mail and the Internet; and other electronic resources.

Electronic Devices and School Electronic Resources

The School recognizes that various forms of electronic devices are widely used by both students and employees and are important tools in today’s society. The School seeks to ensure that the use of electronic devices, both privately-owned devices and devices owned by the School, does not cause harm or otherwise interfere with the learning, safety, or security of students or employees. The Principal shall therefore establish reasonable rules and procedures regarding the use of electronic devices at School and School-sponsored activities in compliance with applicable laws.
Electronic Resources
Administrative Procedures

These procedures are established in order to comply with and implement the Electronic Resources Policy adopted by the School’s Board of Directors.

North Davis Preparatory Academy
Employee Compensation During School Closure &
Other Extraordinary Circumstances Policy

POLICY

North Davis Preparatory Academy’s (the “School”) Board of Directors (the “Board”) adopts this policy in order to authorize compensation to employees during school closure and other temporary extraordinary circumstances when employees are not able to perform all of the duties that they would normally be assigned to do and/or work all of the hours they would normally be scheduled to work in exchange for their agreed-upon compensation.

The Board delegates to the Principal the authority to assess all relevant factors, including but not limited to the anticipated availability and security of state and federal funding over the short and long term, and implement this policy when the situation warrants.

This policy may be applied retroactively.

Continued Employment and Compensation

The Board recognizes that closures and other temporary extraordinary circumstances impact normal school operations in many different ways, some of which are not foreseeable. The School nonetheless intends to keep employees employed and engaged in serving the School’s students to the maximum extent possible during such circumstances. The School also desires to pay employees in full, as provided for in their employment agreements, to the maximum extent possible during such circumstances, including by providing paid time off when necessary.

Paid Time Off

Criteria for Paid Time Off

All of the following criteria must be met before paid time off may be given to an employee under this policy for any portion of an employee’s compensation:

- The employee and the Principal or the Principal’s designee have explored all reasonable alternatives for the employee to provide services in connection with their current position(s) and have determined that there are none;
- The employee and the Principal or the Principal’s designee have determined that the employee has completed all possible training and professional development opportunities that can be conducted online or through self-directed opportunities; and
- The employee and the Principal or the Principal’s designee have determined that there are no other reasonable work opportunities available for the employee—including work opportunities in other programs and work from home.
Substitute teachers are not eligible for paid time off under this policy. However, the school will explore opportunities for substitute teachers to provide services for their regular rate of pay during a closure or other extraordinary circumstances.

**Documentation**

For each employee receiving paid time off under this policy, the Principal and the employee will identify the expectations for what duties the employee will perform, the hours the employee will work, and the amount of paid time off the employee will receive.

**Other Paid Time Off and Leave**

This policy does not apply to or affect other paid time off or leave an employee may receive or be eligible for under other School policies or applicable law.

**Compensation Expenditures Charged to Federal & State Grants & Programs**

Compensation-related expenditures for employees who qualify for paid time off under this policy will be charged to the employee’s regular position and program. This includes compensation-related expenditures for Federal and State grants and programs.

Only the portion of the employee’s compensation that would normally be associated with a program will be charged to such program. Compensation charged to a program during extraordinary circumstances, including paid time off under this policy, will be calculated based upon the employee’s employment agreement and normal average hours per day/week the employee worked before the extraordinary circumstances occurred.

If an employee is not able to complete all of his or her normal average hours by working in the employee’s regular position and program but is able to make up the difference by working in a different program, the School will charge the employee’s compensation to both programs in accordance with the hours the employee worked in each program. However, the employee will not be compensated beyond the normal average hours that the employee worked before the extraordinary circumstances began.

Notwithstanding the foregoing, if an employee receives paid time off under this policy and that paid time off is charged to the employee’s regular position and program, the employee may not be compensated for additional time worked in another program.

**Maximum Compensation**

The School will pay employees in full, as provided in employment agreements, for all work performed under extraordinary circumstances, including any overtime as required by law.

However, paid time off under this policy is intended to make employees whole and reduce the financial burden caused by the extraordinary circumstances. This policy is not intended to provide an employee with a windfall.
Therefore, an employee’s total compensation that includes paid time off under this policy may not exceed the amount provided for in the employee’s employment agreement and may not exceed what the employee typically earned prior to when the extraordinary circumstances began.

The School will treat all employees the same under this policy, regardless of whether they are compensated through Federal or State grants or programs.

The primary purpose of directory information is to allow the School to include information from a student’s education records in certain school publications. Examples include:

- A playbill, showing a student’s role in a drama production;
- The annual School yearbook;
- Honor roll or other recognition lists;
- Graduation/promotion programs; and
- Sports programs or activity sheets showing the weight and/or height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent or eligible student’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

Military Recruiters and Institutions of Higher Education
In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (the “ESEA”), to provide military recruiters and institutions of higher education, upon request, with secondary student names, addresses and telephone listings unless parents or eligible students have advised the LEA that they do not want such information disclosed without their prior written consent. Family Educational Rights and Privacy Act
Notification of Rights

The Family Educational Rights and Privacy Act (“FERPA”) affords parents and students 18 years of age or older (“eligible students”) certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days after the day North Davis Preparatory Academy (the “School”) receives a request for access. A parent or eligible student should submit to the School Principal/Director a written request that identifies the record(s) the parent or eligible student wishes to inspect. The School will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request an amendment of the student’s education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School Principal/Director, clearly identify the part of the record they want changed, and specify why it should be changed.

If the School decides not to amend the record as requested, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the School discloses personally identifiable information (“PII”) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the School in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the School’s board of directors; contractors, consultants, volunteers, and other outside parties to whom the School has outsourced institutional services or functions that the School would otherwise use its own employees to perform and who is under the direct control of the School and subject to the same conditions governing the use and redisclosure of education records that apply to other school officials, such as an attorney, auditor, therapist, medical consultant, or education service provider; or a parent, student, or other School volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if
the school official needs to review an education record in order to fulfill his or her professional responsibilities for the School.

Upon request, the School may also disclose education records without a parent or eligible student’s prior written consent to officials of another school in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student’s enrollment or transfer.

Please refer to the list on the following page for a summary of disclosures schools may make without receiving prior written consent from a parent or eligible student.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202

**Disclosures Schools May Make Without Prior Written Consent**

FERPA permits the disclosure of PII from students’ education records without consent of the parent or eligible student if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. A school may disclose PII from the education records of a student without obtaining prior written consent from a parent or eligible student as follows:

- To authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State Education Agency (SEA) in the parent or eligible student’s State. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)

(§ 99.31(a)(4))

• To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))

• To an agency caseworker or other representative of a State or local child welfare agency or tribal organization who is authorized to access a student’s case plan when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student in foster care placement. (20 U.S.C. § 1232g(b)(1)(L))

• To the Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the Richard B. Russell National School Lunch Act or the Child Nutrition Act of 1966, under certain conditions. (20 U.S.C. § 1232g(b)(1)(K))

(ii) when the test, treatment, survey, analysis, or evaluation will be administered (the date of administration must be at least two (2) weeks from the date of parent notice);
(iii) where the test, treatment, survey, analysis, or evaluation will be administered;
(iv) who will administer the test, treatment, survey, analysis, or evaluation and who will have access to the information gathered;
(v) what information is being sought and how it will be collected (i.e., parents must be notified of their right to examine test questions and materials, research proposals and methodologies, etc.);
(vi) address and phone number of a School employee to whom parents may direct inquiries or concerns (principal/director, teacher, administrator, etc.).

A general consent used to approve admission to school or involvement in special education, remedial education, or a school activity does not constitute written consent for these purposes.

**Duration of Parental Authorization**

Unless otherwise agreed to by a student’s parent or guardian and the person requesting written consent, the authorization is valid only for the activity for which it was granted; or until the parent withdraws consent, during the course of the activity, by submitting a written withdrawal of authorization to the school principal/director.

**Waiver of Parental Notice Period**

A parent may waive the 2-week notice period by signing and returning a written waiver to the School.

**Well-being of a Student**

If a School employee or agent believes that a situation exists that presents a serious threat to the well-being of a student, that employee or agent shall notify the student’s parent or guardian without delay. If, however, the matter has been reported to the Division of Child and Family Services (DCFS), it is the responsibility of DCFS to notify the student’s parent or guardian.

**Risk of Suicide**

If a school employee or agent believes a student is at risk of attempting suicide, physical self-harm, or harming others, the school employee or agent may intervene and ask a student questions regarding the student's suicidal thoughts, physically self-harming behavior, or thoughts of harming others for the purposes of: (i) referring the student to appropriate prevention services; and (ii) informing the student's parent or legal guardian.

**Student Education Records Management**
Parents/guardians have the right to inspect and review all of their student’s education records maintained by the School. If the education records of a student contain information on more than one student, the parent/guardian may inspect and review or be informed of only the specific information about their student.

- The School will grant a request by a parent/guardian for access to the education records of their child within a reasonable period of time, but in no case more than forty-five (45) days after the request has been made.

Parents/guardians may challenge and request the School to amend any portion of their student’s education record that is inaccurate, misleading or in violation of the privacy rights of the student.

- The School shall consider the request and decide whether to amend the records within a reasonable amount of time. If the Principal/Director decides not to amend the record as requested, the Principal/Director shall inform the parent/guardian of the decision and of their right to a hearing.

- Upon request of a parent or guardian, the School shall provide an opportunity for a hearing to challenge the content of the student’s education records on the grounds that the information contained in the education records is inaccurate, misleading, or in violation of the privacy rights of the student.

- Such hearing shall be informal and shall be conducted by an individual who does not have a direct interest in the outcome of the hearing.

- If, as result of the hearing, the School decides that the challenged information is inaccurate or misleading, the record should be amended accordingly and the parent/guardian informed in writing.

- If, as result of the hearing, the School decides that the challenged information is not inaccurate or misleading, it shall inform the parent/guardian of their right to place a statement in the record, commenting on the challenged information in the record, or stating why they disagree with the decision. Any such document must remain with the contested part of the record for as long as the record is maintained, and shall be disclosed whenever the portion of the record to which the statement relates is disclosed.

The School may not disclose information related to education records without prior parental consent, except as provided by law. Such exceptions include, but are not limited to disclosures:

- To school officials who have a legitimate educational interest;
- To other schools that have requested the records and in which the student seeks or intends to enroll, or where the student is already enrolled, so long as the disclosure is for purposes related to the student’s enrollment or transfer;
- To individuals who have obtained court orders or subpoenas;
- To individuals who need to know in cases of health and safety emergencies;
• To officials in the juvenile justice system;
• In connection with audit and evaluation of federally or state supported education programs;
• To the Immigration and Naturalization Service (INS) for foreign students attending school under a visa; or
• To the Attorney General of the United States in response to an ex parte order in connection with the investigation or prosecution of terrorism crimes.

The School may disclose directory information for appropriate reasons if it has given parents annual notice of their right to request that their student’s directory information not be released by the School.

• The following information relating to students has been declared directory information:
  (a) name, address, e-mail address, and telephone number;
  (b) date and place of birth;
  (c) major field of study;
  (d) participation in officially recognized activities and sports;
  (e) weight and height of members of athletic teams;
  (f) dates of attendance;
  (g) degrees and awards received;
  (h) most recent previous education agency or institution attended; and
  (i) photograph

• The School shall not release directory information to any individual or organization for commercial use.

The School shall give full rights to student education records to either parent (or guardian), unless the School has been provided with evidence that there is a court order or other legally binding instrument relating to matters such as divorce, separation, or custody that specifically revokes these rights.

Confidentiality of Student Information

The School and all employees, volunteers, third party contractors, or other agents of the School shall protect the privacy of the student and the student’s family through compliance with the protections established under state and federal law.

The School will provide appropriate training to employees regarding the confidentiality of student performance data and personally identifiable student information.

Data Collection and Storage Procedures

The School will ensure that school enrollment verification data, student performance data, and personally identifiable student information are collected, maintained and transmitted in a secure manner and consistent with sound data collection and storage procedures.

Access to Information
Access to confidential student information will be limited to individuals with a legitimate educational interest in the data. The Principal/Director will determine which individuals have a legitimate educational interest in having access to particular data. In general, this will include the Principal/Director, other administrative personnel such as an assistant administrator or counselor, members of the School’s front office staff, members of the School’s special education staff (in accordance with special education regulations regarding school records), teachers (for students in their classes), and third parties with which the School has contracted to perform special tasks for the School. The School will ensure that all individuals who have access to student information will understand how, where and when they can access this data and will commit to fulfill their obligations to protect the confidentiality of the information.

**Physical Protection**

Any physical documents containing confidential student information will be stored in a secured, locked location. Access to the storage location will be determined by the Principal/Director.

**Technological Protection**

The School will ensure that appropriate technological protections are in place, as described below, whenever the School gathers, transmits, or stores confidential information electronically.

The School currently uses Aspire as its Student Information System. This is the primary location in which the School will store electronic data. This program provides a secure location for the maintenance and transmission of confidential student information. In the event the School decides to use a Student Information System other than Aspire, the School will ensure that the system is approved by USOE and is adequately secure.

The School uses an online registration system for the registration and enrollment of all new students entering the school and for the declaration of current students for re-enrollment. This system is used to run lotteries when applications to the School exceed available openings. The School uses the system to gather student information to enter into the School’s Student Information System. This system has been designed with security features that satisfy industry standards. The School will ensure that the system is updated over time to maintain adequate security.

All confidential student information that is stored electronically will be in a location that is password protected. Such data will not be stored on local device drives or on removable data storage media.

The School will ensure that its network, including servers and wireless access components, employs industry standard security measures.

School personnel will not share log in information for any system in which confidential student information is stored unless authorized by the Principal/Director.

Confidential student information will only be transmitted through secure means such as Movelt and will not be transmitted via e-mail in an unencrypted format.

**Personnel Responsibilities**
School personnel are responsible for entering student data into the School’s Student Information System. This includes information obtained through the School’s online registration system and other data gathered throughout the course of the school year. School personnel also manage the maintenance and reporting of records and data required by governmental entities.

The Principal/Director will ensure that School personnel will periodically obtain professional training to ensure that they perform their responsibilities properly and that they comply with all requirements associated with protecting and maintaining the confidentiality of student records and data. This training may include topics such as appropriate and inappropriate access and use of data; who may access data and for what purposes; asking questions when access decisions need to be made; handling problems when misunderstandings arise; data collection procedures and expectations; protecting data during collection, use and storage; key aspects of data security.

Third Party Access to Confidential Information

The School’s Educational Services Provider, Academica West, will have access to the personally identifiable student data and school enrollment verification data collected and maintained by the School in connection with legitimate educational purposes of the School.

Data Breach

The School will notify the parent or guardian of a student if there is a release of the student’s personally identifiable student data due to a security breach.

North Davis Preparatory Academy
Fee Waiver Policy

PURPOSE

Beginning with the 2021-2022 school year:
(a) if the School imposes a fee, the fee shall be equal to or less than the expense incurred by the School in providing for a student the activity, course, or program for which the School imposes a fee; and
(b) the School may not impose an additional fee or increase a fee to supplant or subsidize another fee.

Beginning with the 2022-23 school year, the School may not sell textbooks or otherwise charge a fee for textbooks or the maintenance costs of School equipment as provided in Section 53G-7-602, except for a textbook used for a concurrent enrollment or advanced placement course.

All fees are subject to the fee waiver provisions of this policy.

**Fees for Classes & Activities During the Regular School Day**

**Fees for Students in Kindergarten through Sixth Grade**

No fee may be charged in kindergarten through sixth grade for materials, textbooks, supplies (except as provided below), or for any class or regular school day activity, including assemblies and field trips.

Elementary students cannot be required to provide their own student supplies. However, the School or teacher may provide to a student’s parent or a suggested list of student supplies for use during the regular school day so that a parent or guardian may furnish on a voluntary basis student
supplies for student use. The list provided to a student's parent or guardian must include and be preceded by the following language:

"NOTICE: THE ITEMS ON THIS LIST WILL BE USED DURING THE REGULAR SCHOOL DAY. THEY MAY BE BROUGHT FROM HOME ON A VOLUNTARY BASIS, OTHERWISE, THEY WILL BE FURNISHED BY THE SCHOOL."

The School may charge a fee to a student in grade six if all of the following are true:

(a) the School has students in any of the grades seven through twelve;
(b) the School follows a secondary model of delivering instruction to the School’s grade six students; and
(c) The School annually provides notice to parents that the School will collect fees from grade six students and that the fees are subject to waiver.

Fees for Students in Seventh through Ninth Grade

Fees may be charged in grades 7-9 in connection with an activity, class, or program provided, sponsored, or supported by the School that takes place during the regular school day if the fee is approved as provided in this policy and state law. All such fees are subject to waiver. In addition, if an established or approved class requires payment of fees or purchase of items (i.e., tickets to events, etc.) in order for students to fully participate and to have the opportunity to acquire all skills and knowledge required for full credit and highest grades, the fees or costs for the class are subject to waiver.

In project related courses, projects required for course completion will be included in the course fee.

Secondary students may be required to provide their own student supplies, subject to the fee waiver provisions of this policy.

Fees for Optional Projects

The School may require students at any grade level to provide materials or pay for an additional discretionary project if the student chooses a project in lieu of, or in addition to a required classroom project. A student may not be required to select an additional project as a condition to enrolling, completing, or receiving the highest possible grade for a course. The School will avoid allowing high cost additional projects, particularly when authorizing an additional discretionary project results in pressure on a student by teachers or peers to also complete a similar high cost project.

Fees for Activities Outside of the Regular School Day

Fees may be charged in all grades for any School-sponsored activity that does not take place during the regular school day if participation in the activity is voluntary and does not affect the student’s grade or ability to participate fully in any course taught during the regular school day. Fee waivers are available for such fees.
A fee related to a co-curricular or extracurricular activity may not exceed the maximum fee amounts for the co-curricular or extracurricular activity adopted by the Board, as provided below.

Activities that use the School facilities outside the regular school day but are not provided, sponsored, or supported by the School (i.e., programs sponsored by the parent organization and/or an outside organization) may charge for participation, and fee waivers are not available for these charges.

An activity, class, or program that is provided, sponsored, or supported by the School outside of the regular School day or School year calendar is subject to this policy and state law regardless of the time or season of the activity, class, or program.

In the event the School provides supplemental kindergarten, the School may charge a fee related to a student’s enrollment in the supplemental kindergarten. A fee for supplemental kindergarten is subject to waiver.

**Fee Schedule**

The Board will approve a Fee Schedule at least once each year on or before April 1. The Fee Schedule will establish the maximum fee amount per student for each activity and the maximum total aggregate fee amount per student per school year. No fee may be charged or assessed in connection with an activity, class, or program provided, sponsored, or supported by the School, including for a curricular, co-curricular or extracurricular activity, unless the fee has been set and approved by the Board, is equal to or less than the established maximum fee amount for the activity, and is included in the approved Fee Schedule.

The School will encourage public participation in the development of the Fee Schedule and related policies.

Before approving the School's Fee Schedule, the School will provide an opportunity for the public to comment on the proposed Fee Schedule during a minimum of two public Board meetings. In addition to the standard notice of Board meetings under the Open and Public Meetings Act, the School will provide notice of these Board meetings using the same form of communication regularly used by the administration to communicate with parents.

After the Fee Schedule is adopted, the Board may amend the Fee Schedule using the same process.

**Maximum Fee Amounts**

In connection with establishing the Fee Schedule, the Board will establish a per student annual maximum fee amount that the School may charge a student for the student's participation in all courses, programs, and activities provided, sponsored, or supported by the School for the year. This is a maximum total aggregate fee amount per student per School year.
The Board may establish a reasonable number of activities, courses, or programs that will be covered by the annual maximum fee amount.

The amount of revenue raised by a student through an individual fundraiser for an activity, as well as the total per student amount expected to be received through required group fundraising for an activity, will be included as part of the maximum fee amount per student for the activity and maximum total aggregate fee amount per student.

**Notice to Parents**

The Principal will annually provide written notice of the School’s Fee Schedule and Fee Waiver Policy to the parent or guardian of each student in the School by ensuring that a written copy of the School’s Fee Schedule and Fee Waiver Policy is included with all registration materials provided to potential or continuing students each year. The procedures for obtaining fee waivers and for appealing a denial of a waiver will also be included with the School’s registration materials.

The School will post the applicable Fee Schedule and Fee Waiver Policy, including maximum fee amounts, on the School’s website each school year.

**Donations**

The School may not request or accept a donation in lieu of a fee from a student or parent unless the activity, class, or program for which the donation is solicited will otherwise be fully funded by the School and receipt of the donation will not affect participation by an individual student. A donation is a fee if a student or parent is required to make the donation as a condition to the student's participation in an activity, class, or program.

The School may solicit and accept a donation or contribution in accordance with the School’s policies, including the Donation and Fundraising Policy, but all such requests must clearly state that donations and contributions by a student or parent are voluntary.

If the School solicits donations, the School: (a) shall solicit and handle donations in accordance with policies and procedures established by the School; and (b) may not place any undue burden on a student or family in relation to a donation.

**Fee Collection**

The School may pursue reasonable methods for obtaining payment for fees and for charges assessed in connection with a student losing or willfully damaging school property.

The School may not exclude students from school, an activity, a class, or a program that is provided, sponsored, or supported by the School during the regular school day; refuse to issue a course grade; or withhold official student records, including written or electronic grade reports, diplomas, or transcripts, as a result of unpaid fees.
The School may withhold the official student records of a student responsible for lost or damaged School property consistent with Utah Code § 53G-8-212 until the student or the student’s parent has paid for the damages, but may not withhold a student’s records required for student enrollment or placement in a subsequent school.

A reasonable charge may be imposed by the School to cover the cost of duplicating, mailing, or transmitting transcripts and other school records. No charge may be imposed for duplicating, mailing, or transmitting copies of school records to an elementary or secondary school in which the student is enrolled or intends to enroll.

Consistent with Utah Code § 53G-6-604, the School will forward a certified copy of a transferring student’s record to a new school within 30 days of the request, regardless of whether the student owes fees or fines to the School.

Students shall be given notice and an opportunity to pay fines prior to withholding issuance of official written grade reports, diplomas and transcripts. If the student and the student's parent or guardian are unable to pay for damages or if it is determined by the School in consultation with the student's parents that the student's interests would not be served if the parents were to pay for the damages, then the School may provide for a program of voluntary work for the student in lieu of the payment. A general breakage fee levied against all students in a class or school is not permitted.

**Fee Refunds**

Student fees are non-refundable.

**Budgeting and Spending Revenue Collected Through Fees**

The School will follow the general accounting standards described in Rule R277-113 for treatment of fee revenue.

Beginning with the 2020-2021 school year, the School will establish a spend plan for the revenue collected from each fee charged. The spend plan will (a) provide students, parents, and employees transparency by identifying a fee’s funding uses; (b) identify the needs of the activity, course, or program for the fee being charged and include a list or description of the anticipated types of expenditures, for the current fiscal year or as carryover for use in a future fiscal year, funded by the fee charged.

**School Fee Collections & Accounting Procedures**

It is the responsibility of the Principal to ensure that all student fees collected are in compliance with the Fee Schedule and applicable financial policies and procedures.

Fees must be received and deposited in a timely manner.

Money may only be collected by staff authorized by the Principal. Students may not collect fees.
Beginning in the 2020-21 school year, the School may not use revenue collected through fees to offset the cost of fee waivers by requiring students and families who do not qualify for fee waivers to pay an increased fee amount to cover the costs of students and families who qualify for fee waivers. However, the School may notify students and families that the students and families may voluntarily pay an increased fee amount or provide a donation to cover the costs of other students and families.

**Fee Waiver Provisions**

To ensure that no student is denied the opportunity to participate in a class or activity that is provided, sponsored, or supported by the School because of an inability to pay a fee, the School provides fee waivers or other provisions in lieu of fee waivers. Fee waivers or other provisions in lieu of fee waivers will be available to any student whose parent is unable to pay a fee. All fees are subject to waiver.

Non-waivable charges are not subject to waiver.

**Fee Waiver Administration**

The Principal will administer this policy and will review and grant fee waiver requests. The process for obtaining waivers or pursuing alternatives will be administered in accordance with this policy, fairly, objectively, and without delay, and in a manner that avoids stigma, embarrassment, undue attention, and unreasonable burdens on students and parents.

The School will not treat a student receiving a fee waiver or provision in lieu of a fee waiver differently from other students. The process for obtaining waivers or pursuing alternatives will create no visible indicators that could lead to identification of fee waiver applicants.

The process for obtaining waivers or pursuing alternatives will comply with the privacy requirements of The Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA). The School may not identify a student on fee waiver to students, staff members, or other persons who do not need to know. As a general rule, teachers and coaches do not need to know which students receive fee waivers. Students may not assist in the fee waiver approval process.

**Fee Waiver Eligibility**

A student is eligible for a fee waiver if the School receives verification that:

(a) In accordance with Utah Code § 53G-7-504(4), family income falls within levels established annually by the State Superintendent and published on the Utah State Board of Education website;

(b) The student to whom the fee applies receives Supplemental Security Income (SSI). If a student receives SSI, the School may require a benefit verification letter from the Social Security Administration;
(c) The family receives TANF funding. If a student’s family receives TANF, the School may require a letter of decision covering the period for which the fee waiver is sought from the Utah Department of Workforce Services; or

(d) The student is in foster care through the Division of Child and Family Services or is in state custody. If a student is in state custody or foster care, the School may rely on the youth in care required intake form or school enrollment letter provided by a caseworker from the Utah Division of Child and Family Services or the Utah Juvenile Justice Department.

The School will not maintain copies of any documentation provided to verify eligibility for a fee waiver.

The School will not subject a family to unreasonable demands for re-qualification.

The School may grant a fee waiver to a student, on a case by case basis, who does not qualify for a fee waiver under the foregoing provisions but who, because of extenuating circumstances, is not reasonably capable of paying the fee.

The School may charge a proportional share of a fee or a reduced fee if circumstances change for a student or family so that fee waiver eligibility no longer exists.

**Fee Waiver Approval Process**

The Principal will inform patrons of the process for obtaining waivers and will provide a copy of the standard fee waiver application on the School’s website and in registration materials each year.

The Principal will review fee waiver applications within five (5) school days of receipt. If the School denies a request for a fee waiver, the School will provide the decision to deny a waiver in writing and will provide notice of the procedure for appeal in the form approved by the Utah State Board of Education.

Any requirement that a student pay a fee will be suspended during any period in which the student's eligibility for a waiver is being determined or during the time a denial of waiver is being appealed.

The School will maintain documentation of fee waiver applications and decisions that is adequate to report the required information to the Utah State Board of Education.

**Appeal Process**

Denial of eligibility for a waiver may be appealed in writing to the Principal within ten (10) school days of receiving notice of denial. The School shall contact the parent within two (2) weeks after receiving the appeal and schedule a meeting with the Principal to discuss the parent's concerns. If, after meeting with the Principal, the waiver is still denied, the parent may appeal, in writing, within ten (10) school days of receiving notice of denial to the Board.
In order to protect privacy and confidentiality, the School will not retain information or documentation provided to verify eligibility for fee waivers.

**Alternatives to Fees and Fee Waivers**

The School may allow a student to perform service or another approved task (as described in Utah Code § 53G-7-504(2)) in lieu of paying a fee or, in the case of an eligible student, in lieu receiving a fee waiver, but such alternatives may not be required. If the School allows an alternative to satisfy a fee requirement, the Principal will explore with the interested student and his or her parent/guardian the alternatives available for satisfying the fee requirement, and parents will be given the opportunity to review proposed alternatives to fees and fee waivers. However, if a student is eligible for a waiver, textbook fees must be waived, and no alternative in lieu of a fee waiver is permissible for such fees.

The School may allow a student to perform service in lieu of paying a fee or receiving a fee waiver if: (a) the School establishes a service policy or procedure that ensure that a service assignment is appropriate to the age, physical condition, and maturity of the student; (b) the School’s service policy or procedure is consistent with state and federal laws, including Section 53G-7-504 regarding the waiver of fees and the federal Fair Labor Standards Act, 29 U.S.C. 201; (c) the service can be performed within a reasonable period of time; and (d) the service is at least equal to the minimum wage for each hour or service.

A student who performs service may not be treated differently than other students who pay a fee.

The service may not create an unreasonable burden for a student or parent and may not be of such a nature as to demean or stigmatize the student.

The School will transfer the student’s service credit to another LEA upon request of the student.

The School may make an installment payment plan available for the payment of a fee. Such a payment plan may not be required in lieu of a fee waiver.

**Annual Review, Approval, and Training**

The Board will review and approve this policy annually.

The School will develop a plan for at least annual training of School employees on fee-related policies specific to each employee’s job functions.

North Davis Preparatory Academy
Home School Student Participation in Statewide Assessments Policy

PURPOSE

The purpose of this policy is to set forth the responsibilities of North Davis Preparatory Academy (the “School”) in the event a home school student requests to participate in statewide assessments at the School.

POLICY

A home school student may participate in statewide assessments at the School if each of the following conditions are met:

(1) The student is a Utah resident as defined in Utah Code Ann. § 53A-2-201 and proof of residency has been provided to the School;

(2) The student has satisfied the home schooling requirements of Utah Code Ann. § 53A-11-102 and a copy of the certificate from a local school board excusing the student from attendance at school during the applicable school year has been provided to the School;

(3) The request for the student to participate in statewide assessments at the School is provided to the School at least thirty (30) days prior to the opening of the applicable state assessment window; and

(4) The parent or guardian of the student, or a responsible adult designated by the student’s parent or guardian, will remain at the School in a designated area while school personnel administer and proctor the test. The parent or guardian of the student agree that they will not participate in the monitoring or proctoring of the student’s statewide assessments at the School.

The School will respond to a home school student’s request to participate in statewide assessments at the School in a timely manner. If the request is approved, the School will notify the student’s parent or guardian of the date(s) and time(s) of the applicable statewide assessments at the School in which the student may participate and any other information deemed relevant by the School.

The School may not require a home school student to pay a fee for participating in statewide assessments at the School that is not charged to traditional students.

A home school student or the student’s parent or guardian may request from the School an annual schedule of statewide assessment dates at the School, the location of the School campus(es) at which home school students may be tested, and a copy of the School’s written policies for home school student participation in statewide assessments at the School. The School will provide such requested information in a timely fashion.
The School will comply with Utah Administrative Code R277-404 and the Standard Test Administration and Testing Ethics Policy described therein when administering statewide assessments to its students and home school students who participate in statewide assessments at the School in accordance with this policy and applicable law.

The School intends for this policy to be consistent with the provisions of Utah Administrative Code R277-604-4.
Immigration Expense Payment

Administrative Procedures

North Davis Preparatory Academy (the “School”) regularly recruits and hires foreign teachers in support of accomplishing the School’s educational mission.

The purpose of these procedures is to clarify which expenses associated with the immigration of the School’s foreign teachers the School will pay and which expenses the foreign teacher will pay.

**J-1 Visa**

Paid by the School:

- All costs associated with the initial J-1 visa.
- All costs associated with the 4th & 5th year J-1 visa extension if the foreign teacher pursues the extension at the explicit written request of the School’s Director.
- All costs associated with seeking a waiver of the 2-year home residence requirement if the School Director explicitly requests in writing to have the foreign teacher extend his or her stay in the USA by changing their status to another immigration status.

Paid by the Foreign Teacher:

- All costs associated with the 4th & 5th year J-1 visa extension, if the employee, independent of an explicit written request from the School’s Director, pursues the extension.
- All costs associated with the initial J-2 visa and any extension thereafter for any family member of the foreign teacher.
- All costs associated with seeking a waiver of the 2-year home residence requirement, if the foreign teacher, independent of an explicit written request from the School’s Director, wishes to extend his or her stay in the USA by changing to another temporary work visa with the School as the petitioner.

**Q-1 Visa**

Paid by the School:

- All costs associated with the initial Q-1 visa petition and any extension thereafter if pursued at the explicit written request of the School’s Director.

Paid by the Foreign Teacher:

- All costs associated with the initial Q-1 visa petition and any extension thereafter, if the foreign teacher, independent of an explicit written request from the School’s Director, pursues, with the School’s assistance, the initial Q-1 visa petition or any extension thereafter.
**H-1B Visa**

Paid by the School:
- All costs associated with the initial H-1B visa petition and any extension thereafter if pursued at the explicit written request of the School’s Director.
- Except as noted below, a foreign teacher may not pay the costs of any H-1B visa petition.

Paid by the Foreign Teacher:
- All costs associated with the initial H-4 visa and any extension thereafter for the foreign teacher’s eligible family members.

**Permanent Residency (Green Card)**

Paid by the School:
- All costs associated with Step 1 of the application process, which is known as the *Application for Permanent Employment Certification* (ETA Form 9089), including any costs associated with an audit. A foreign teacher may not pay any of the costs associated with this Step 1.

Paid by the Foreign Employee:
- All costs associated with Step 2 [*Immigrant Petition for Alien Worker* (Form I-140)] and Step 3 [*Application to Adjust Status* (Form I-485) or *Application for Immigrant Visa* (Form DS-260)] of the application process, unless doing so would result in the School paying to the foreign teacher less than the Prevailing Wage as determined by the U.S. Department of Labor. This includes any costs for the final interview at U.S. Citizenship and Immigration Services or the United States Consulate abroad.
- All costs associated with Step 3 [*Application to Adjust Status* (Form I-485) or *Application for Immigrant Visa* (Form DS-260)] of the application process for the foreign teacher’s eligible family members.

**Other**

Costs referenced above include legal fees, administrative fees, filing fees, expert opinion letters, and recruitment ads.

Other costs the Foreign Teacher would pay:
- Utah teacher license
- The additional filing fee for the Premium Processing Service, including additional legal and administrative fees, if any (for a Q-1, H-1B, and I-140 petitions) when the need for this service is truly optional.
- Professional evaluations of the foreign teacher’s foreign credentials.
- Translations of documents in a foreign language to English.
- Any other immigration-related costs not explicitly stated that the School would pay under these procedures.

**Exceptions**

Notwithstanding the foregoing, if the School Director believes that good cause exists, the School Director has authority to make exceptions to these procedures and to have the School pay all or part of the costs that the foreign teacher would otherwise be obligated to pay under these
procedures. In making such exceptions, the School Director will confirm those exceptions in writing and will use his or her best judgment and endeavor to be reasonable, fair, and consistent.

**Process for Foreign Teacher’s Payments**

In many instances, the foreign teacher will pay directly those costs that are his or her responsibility under these procedures. When the School’s outside legal counsel invoices the School for costs referenced above, often it includes costs that the foreign teacher is to pay under the terms of these procedures. In those situations, the School will pay the invoices from School funds.

Unless the foreign teacher makes other arrangements to pay these costs directly, costs advanced by the School that are to be paid by the foreign teacher under these procedures will be reimbursed by the foreign teacher to the School through a deduction from the foreign teacher’s paycheck under a payroll deduction authorization form signed by the foreign teacher. The School Director and the foreign teacher will cooperate and coordinate regarding the timing of these payroll deductions to avoid undue financial burden on the foreign teacher, but all costs should be paid by the foreign teacher to the School within 90 days of the date such costs are paid by the School.
North Davis Preparatory Academy
Information Technology Security Policy

PURPOSE

North Davis Preparatory Academy (the “School”) has a duty to ensure the security of the School’s computer equipment, systems, and networks so that the sensitive data maintained or stored on them is protected. The purpose of this policy is to explain how the School will perform this duty in compliance with state and federal law.

POLICY

The School will protect sensitive data, including personally identifiable student data, in accordance with reasonable data industry best practices and state and federal law. Applicable state and federal law includes but is not limited to the Utah Student Data Protection Act, the Utah Family Educational Rights and Privacy Act, Utah Administrative Code Rule R277-487 Public School Data Confidentiality and Disclosure, the federal Family Educational Rights and Privacy Act, and the Government Records Access and Management Act.

Information Technology Systems Security Plan

Utah Administrative Code Rule R277-487 requires the School to, among other things, have an Information Technology Systems Security Plan that addresses the following:

1. System Administration;
2. Network Security;
3. Application Security;
4. Endpoint, Server, and Device Security;
5. Identity, Authentication, and Access Management;
6. Data Protection and Cryptography;

The Information Technology Systems Security Plan shall work in conjunction with this policy and the School’s Student Data Privacy and Security Policy, Data Governance Plan, metadata dictionary, and any other School policy, procedure, or plan concerning data privacy and security.
Training

On an annual basis, the School shall provide appropriate training to its employees, aides, and volunteers regarding information technology security matters.
Administrative
Information Technology Systems Security Plan

1. PURPOSE

The primary purpose of this Information Technology Systems Security Plan is to establish security measures that will help North Davis Preparatory Academy (the “School”) protect sensitive data that is stored or maintained on its computer equipment, systems, and networks. The School is required to establish this Plan pursuant to Utah Administrative Code Rule R277-487 and the School’s Information Technology Security Policy.

2. SCOPE AND APPLICABILITY

This Plan is applicable to employees, volunteers, and third-party contractors of the School. The School will use this Plan to protect its computer equipment, systems, and networks from, among other things, unauthorized access, inappropriate disclosure, and compromise.

This Plan works in conjunction with the School’s Information Technology Security Policy, Student Data Privacy and Security Policy, Family Educational Rights and Privacy Policy and Administrative Procedures, Data Governance Plan, and policies and procedures pertaining to the School’s electronic resources and devices.

This Plan contains security measures related to the following:

1. System Administration;
2. Network Security;
3. Application Security;
4. Endpoint, Server, and Device Security;
5. Identity, Authentication, and Access Management;
6. Data Protection and Cryptography;
7. Monitoring, Vulnerability, and Patch Management;
8. High Availability, Disaster Recovery, and Physical Protection;
9. Incident Responses;
10. Acquisition and Asset Management; and
11. Policy, Audit, and E-Discovery Training.

3. ROLES AND RESPONSIBILITIES

The School’s contracted IT provider functions as the School’s IT Security Manager and will help the School implement this Plan and comply with it. The responsibilities of the IT Security Manager set forth in this Plan supplement the responsibilities of the IT Security Manager outlined in the School’s Data Governance Plan, which include the following:
1. Overseeing IT security at the School;
2. Helping the School to comply with IT security laws applicable to the School;
3. Providing training and support to School employees on IT security matters;
4. Investigating complaints of alleged violations of the School’s IT security policies, procedures, or plans;
5. Investigating alleged security breaches of the School’s IT systems; and
6. Reporting periodically to the School’s Board of Directors on the security of the School’s IT systems.

Please refer to the School’s Data Governance Plan to review the data privacy and security roles and responsibilities of the School’s Student Data Manager, employees, educators, volunteers, and third-party contractors.

4. COMPLIANCE

School employees, volunteers, and third-party contractors must comply with this Plan. Failure to comply shall result in consequences for the person or entity up to and including removal of access to the School’s computer equipment, systems, and networks. If such access is required for employment or contracted services, employees and third-party contractors may be subject to dismissal.

5. REPORTING

All persons who are granted access to the School’s computer equipment, systems, and networks are expected to be careful and aware of suspicious communications and unauthorized use of the School’s IT assets. When School personnel or other users become aware of suspicious activity, they shall immediately contact the Student Data Manager or IT Security Manager with the relevant information.

6. SYSTEM ADMINISTRATION

System administration is a critical function that provides management of the School’s information systems that contain sensitive data, including personally identifiable student data. If malicious actors compromise system administration, they have access to the School’s sensitive data and information systems.

The School’s information systems will be administered by the IT Security Manager. The IT Security Manager will use a combination of preventative, detective, forensic, and audit controls to protect system administration channels from exploitation by attackers.

7. NETWORK SECURITY

It is essential for the School to protect its network from both internal and external malicious actors. The School recognizes that appropriate network security procedures are necessary for identifying, evaluating, controlling, and mitigating network vulnerabilities and for protecting the School’s
technology assets.

The IT Security Manager will manage the School’s network according to industry best practices. In so doing the IT Security Manager will provide a secure and robust computing environment at the School; protect the School’s information technology assets and systems; and preserve the privacy of sensitive data belonging to the School’s employees, students, and associated entities.

All wireless access networks at the School shall conform to current best practices and shall utilize at minimum WPA encryption for any connections. No wireless access point shall be installed on the School’s network that does not conform to current network standards as defined by the IT Security Manager.

The School shall ensure that any remote access with connectivity to the School’s internal network is achieved using the School’s centralized VPN service that is protected by multiple factor authentication systems.

8. APPLICATION SECURITY

Web application vulnerabilities account for the largest portion of attack vectors outside of malware. To help protect the School from harm, it is essential to perform security assessments of web applications used by the School.

The IT Security Manager shall perform a security assessment of all web applications that are used (or will be used) by the School to house sensitive data. The purpose of the security assessments is to identify potential or realized weaknesses. Any vulnerabilities found in a web application used by the School shall be remediated. If serious vulnerabilities in a web application cannot be remediated, the web application shall be removed.

The IT Security Manager shall determine which web application security assessment tools to use.

9. ENDPOINT, SERVER, AND DEVICE SECURITY

The School understands the importance of preventing, detecting, and remediating attacks and compromises of the School’s computers, servers, and other computing devices.

School employees’ computers or computing devices shall not be left unattended and unlocked for extended periods of time, especially when logged into sensitive systems or data, including personally identifiable student or employee data. Automatic log off, locks, and password screen savers should be used to enforce this requirement.

The IT Security Manager shall ensure that all servers at the School undergo a security audit and evaluation before they are used by the School. Administrative access to servers shall be password protected. Any and all new servers must be registered and approved by the IT Security Manager. The maintenance and support of all new servers should be managed by the School’s IT Security Manager, if possible.
The School shall install, distribute, and maintain spyware, malware, and virus protection software on all School-owned technology assets, including computers, computing devices, and servers.

Server rooms and telecommunication rooms/closets shall be protected by appropriate access control which segregates and restricts access from general office areas at the School. Access control shall be enforced using keys, electronic card readers, or another similar method. Only IT and other School personnel whose job functions require access to such rooms shall be allowed unescorted access.

Before any third-party contractor is allowed access to any computer system, server room, or telecommunication room, the contractor shall be required to present a company issued identification card and his or her access must be confirmed directly by the School employee who issued the service request or by the IT Security Manager.

10. IDENTITY, AUTHENTICATION, AND ACCESS MANAGEMENT

The School shall grant access to its systems and network in accordance with the principles of least privilege and need-to-know. In addition, the School shall require unique identities and authentication in order to access the School’s systems and network. This will ensure that users are identifiable and unable to repudiate their activities on the School’s systems and network.

Passwords are a critical component of information security and the school shall enforce strong password management. All individual passwords connected to the use of the School’s computer equipment, systems, and networks shall:

1. Be created and maintained in accordance with industry best practices;
2. Be maintained in a manner that reduces the threat of unauthorized access to sensitive data;
3. Be treated as confidential information and not be shared with anyone; and
4. Not be inserted into email messages or any other forms of electronic communication.

Any user suspecting that his or her password may have been compromised shall report the incident to the IT Security Manager and change all passwords.

11. DATA PROTECTION AND CRYPTOGRAPHY

One of the most effective ways to achieve data security is through encryption. To read an encrypted file, a person must have access to a secret key or password that enables the person to decrypt it.

Where technologically feasible, the School shall utilize encryption when transmitting sensitive data over the network.
All computers and other computing devices owned by the School, such as desktop computers, laptops, and tablets, that connect to the School’s network and that may contain or transmit personally identifiable data must be configured to encrypt such data on any internal hard drive. Users must protect these devices from unauthorized use or access.

Personally identifiable data shall not be stored on external storage media such as external hard drives, flash drives, or DVDs unless such storage is authorized by the Student Data Manager and the personally identifiable data on the external storage media is encrypted. Users must protect these external storage media from unauthorized use or access.

All employees or other users that need assistance or guidance on encrypting sensitive data on any School computer or device described in this section shall contact the IT Security Manager.

12. MONITORING, VULNERABILITY, AND PATCH MANAGEMENT

This area is concerned with minimizing the School’s attack surface through the detection and mitigation of vulnerabilities and the early detection of intrusions.

The IT Security Manager shall:

1. Monitor the School’s network so that it may detect and investigate security incidents when they occur;
2. Engage in effective vulnerability management and penetration testing in order to detect and remediate vulnerabilities when they occur in the School’s computer equipment, systems, and applications; and
3. Perform regular patch management in order to maintain the School’s information systems in a secure state.

13. HIGH AVAILABILITY, DISASTER RECOVERY, AND PHYSICAL PROTECTION

Procedures related to high availability, disaster recovery, and physical protection are intended to make it possible for the School to continue to operate successfully in the face of adversity, which may range from mild, routine failures of School computers to severe natural or man-made catastrophes.

The School will ensure the availability and recoverability of the School’s data and data systems in accordance with industry best practices.

Physical access to the School’s data centers shall be governed by the same access requirements applicable to server rooms and telecommunications rooms at the School.

14. INCIDENT RESPONSES

All incidents of network or system shutdown or failure shall be reported to the IT Security Manager immediately. The IT Security Manager shall utilize industry standards and current best practices in responding to and resolving such incidents.
Incidents involving a data breach shall be reported to the Student Data Manager who, along with the IT Security Manager, shall follow the data breach protocol set forth in the School’s Data Governance Plan.

15. ACQUISITION AND ASSET MANAGEMENT

The School shall follow its purchasing and procurement policies when purchasing technology equipment.

The School will track, support, and manage all of its acquired technology assets (hardware and software) in a reasonable and effective manner.

16. POLICY, AUDIT, AND E-DISCOVERY TRAINING

The School shall provide training on its policies as required by law. This includes providing training to its employees, aids, and volunteers regarding information technology security matters on an annual basis. The School shall also provide training on audits and e-discovery as required by law.

17. REVIEWS AND AUDITS

The IT Security Manager shall periodically review the School’s security policies, procedures, plans. The IT Security Manager shall ensure that security and privacy audits are performed as required by this Plan or by law.

The Language Access Coordinator may also recommend updates or changes to this policy in an effort to make the policy more effective.

Notification to Employees

The School shall notify its employees of this policy, the rights of parents/guardians and students to receive language assistance services, and the proper procedures to access language assistance services as outlined in this policy.

Determination of Primary Language

Within thirty (30) calendar days of a student’s enrollment (or re-enrollment) in the School, the School shall determine the primary language spoken by the student and the student’s parent/guardian, and if such language is not English, whether the student and parent/guardian require language assistance to communicate effectively with the School.

North Davis Preparatory Academy
LEA-Specific Educator License Policy

PURPOSE

North Davis Preparatory Academy (the “School”) is committed to employing educators who are properly licensed and qualified for their positions. This policy is adopted in accordance with Rule R277-301 and governs the School’s application for LEA-specific educator licenses and its employment of educators on such licenses.

The School acknowledges that the purpose of LEA-specific educator licenses is to allow the School to hire otherwise qualified educators during the period that they are preparing and completing requirements to qualify for an associate educator license or a professional educator license.

POLICY

Applying for an LEA-Specific Educator License

The School’s administration will propose to the Board of Directors (the “Board”) candidates for an LEA-specific educator license as the need arises.

When the administration proposes a candidate for an LEA-specific license, they will follow the procedures below and provide the Board with an explanation and rationale for requesting an LEA-specific educator license under the criteria contained in this Policy.

When the Board determines that it is appropriate under this policy, the Board will approve the request for an LEA-specific educator license in a public meeting. Approval will take place no more than 60 days prior to submitting the application to the USBE on behalf of the candidate.

The Board will apply for the LEA-specific educator license for one, two, or three years as requested by the administration and approved by the Board, and in accordance with R277-301-7.

The School may not issue an LEA-specific license area of concentration to an educator for the license areas identified in R277-301-7, including special education, pre-school special education, deaf education, school psychologist, school social worker, audiologist, speech language therapist, or speech language pathologist.

In accordance with R277-301-8, the Board may request an eminence designation for an LEA-Specific license, license area, or endorsement for a teacher whose employment with the School is no more than 37% of a teacher’s regular instruction load.
Criteria for Employing Educators with an LEA-Specific Educator License

The School will use the following processes and consider the following criteria in determining whether to employ an educator and apply for an LEA-specific educator license:

1. Vet each candidate and contact references in order to verify that they are a strong candidate. In particular, ensure that the candidate does not have any prior misconduct that would impair their success in teaching.

2. Interview each candidate and verify that they support the School’s philosophy of education.

3. Consider the extent to which each candidate has training in the content area and the ability to facilitate student learning in that content area.

4. Consider the extent to which each candidate has experience and the ability to effectively teach courses.

5. Consider whether the LEA-specific educator license is sought in a content area in which there is a shortage of qualified educators in the state.

When an LEA-specific license, license area, or endorsement is sought for an educator for a subject that comprises less than 50% of the educator’s course load, the following criteria will also be considered:

1. Consider whether the educator is a certified teacher in other content areas.

2. Consider whether the number of periods to be taught under the LEA-specific license, license area, or endorsement constitutes a full teaching load.

3. Consider whether the School currently employs or is hiring a teacher who does not have a degree or endorsement in the content area but who can also teach other areas in which they are licensed.

4. Consider whether the educator has demonstrated proficiency in teaching these courses.

The School will also ensure that a candidate for an LEA-specific educator license has completed (or will timely complete) the required criminal background check and educator ethics review described in R277-301-7.

Educator Preparation and Support

Within the first year of employment, the School will train each educator holding an LEA-specific educator license on:
(a) educator ethics;
(b) classroom management and instruction;
(c) basic special education law and instruction; and
(d) the Utah Effective Teaching Standards described in R277-530.

Website Posting

This policy will be posted on the School’s website.

The School will also prominently post the following information on its website:

(a) disclosure of the fact that the School employs individuals holding LEA-specific licenses, license areas, or endorsements;
(b) an explanation of the types of licenses issued by the USBE;
(c) the percentage of the types of licenses, license areas, and endorsements held by educators employed in the School based on the employees' FTE as reported to the USBE Superintendent; and
(d) a link to the Utah Educator Look-up Tool provided by the USBE Superintendent in accordance with Subsection R277-312-7(6).
North Davis Preparatory Academy
Learner Validated Program Policy

PURPOSE

The Board of Directors of North Davis Preparatory Academy (the “School”) adopts this policy to apply in the event the School implements an online learning program, blended learning program, or personal, competency-based learning program (collectively referred to as a “learner validated program”) for the 2020-2021 and/or 2021-2022 school year. The Board is adopting this policy to help the School be able to provide a quality education to all of its students in the wake of the COVID-19 pandemic. This policy complements the School’s Attendance Policy.

POLICY

In 2020, the School received approval from the Utah State Charter School Board to so implement a learner validated program during the 2020-2021 and/or 2021-2022 school year. If the School elects to implement such a program during one or both of those school years, the School shall follow all applicable laws related to the program, including Utah Administrative Code Rules R277-419 and R277-607.

Consistent with R277-419, the School’s Principal shall establish administrative procedures that designate a learner validated enrollment measurement to document the learner validated membership or enrollment status for each student that is enrolled in a learner validated program at the School. The continuing enrollment measurement established by the Principal may include some or all of the following components, in addition to other components, as determined by the Principal:

(a) A minimum student login or teacher contact requirement;
(b) Required periodic contact with a licensed educator;
(c) A minimum hourly requirement, per day or per week, when students are engaged in coursework; or
(d) Required timelines for a student to provide or demonstrate completed assignments, coursework, or progress toward academic goals.

The Director’s administrative procedures shall also address:

(a) How attendance for students in a learner validated program at the School will be entered and where educators will document the learner validated program attendance within their student information system; and
(b) The conditions under which the School will mark a student in a learner validated program at the School truant (i.e., absent for half a school day or more).

The School shall document the enrollment status of each student in a learner validated program at the School in compliance with this policy and the Principal’s administrative procedures at least once every ten consecutive school days.
The School shall also appropriately adjust and update student membership records in the School’s student information system for participating students that did not meet the learner validated enrollment measurement. The School shall withdraw a student in a learner validated program at the School from membership in the School if:

(a) The School has not personally engaged with the student during the prior ten consecutive school days; or
(b) The student has had ten consecutive school days of unexcused absences.

When a student in a learner validated program at the School has an unexcused absence, the School will notify the student’s parent/guardian in the same manner as outlined in the School’s Attendance Policy.
North Davis Preparatory Academy
Library Materials Policy

PURPOSE

The library shall provide students an opportunity to learn beyond their regular classroom instruction.

The School shall comply with state and federal law and Utah State Board of Education rule in connection with its library collection and program. The School’s library collection shall not contain any “sensitive material” as that term is defined by Utah Code § 53G-10-103; that is, the School’s library collection shall not contain any instructional material that is pornographic or indecent material as that term is defined in Utah Code § 76-10-1235.

The School’s criteria for selecting and removing materials from its library collection, as well as the School’s process for handling challenges or other requests for review of such materials, shall be consistent with this policy, applicable law and rule, and the School’s mission and vision.

      i. Determine losses and remove damaged or worn materials to be considered for replacement;
      ii. Deselect and remove materials that are inconsistent with the law or that are no longer relevant to the curriculum or of interest to students; or
      iii. Identify gaps or deficits in the School’s library collection.

III. Library Materials Review Process
   a. A library materials review request may only be made by:
i. A parent of a student who attends the School;
ii. A student who attends the School; or
iii. An employee of the School.
b. A library materials review request must be made in writing by completing the School’s Library Materials Review Request Form and submitting the Form to the School’s Principal or another employee designated by the School’s Principal. The requestor must provide all information requested on the Form.
c. All library materials review requests must be based upon the concern that the material is “sensitive material” as defined in Utah Code § 53G-10-103 or upon concerns with the age-appropriateness of content in the material.
d. To the extent practicable, the identity of a requestor will be protected and kept confidential from all individuals outside of the School’s review process outlined in these procedures.
e. The material that is subject to a review request will have restricted access (for example, by maintaining the material behind the circulation desk and requiring an access code for digital materials) until the processes described in these procedures are completed. Access to such material will be limited to students with prior parent/guardian permission only. A list of restricted materials will be made available to the public upon request.
f. After receipt of a request for review, the School’s Principal or another employee designated by the School’s Principal will acknowledge receipt of the request and convene a Library Materials Review Committee (the “Review Committee”) within a reasonable time according to the procedure outlined below:
   i. The Review Committee will include a reasonable number of individuals.
   ii. Members of the Review Committee will be selected by the Principal and include at least the following:

       2. A licensed teacher at the School (if practicable, the teacher will be an English language arts teacher or teacher who teaches a subject that is relevant to the challenged material);
       3. The School’s librarian; and
       4. At least two parents of current students at the School that are reflective of the School community as required in Subsection 53G-10-103(3).
g. The Review Committee will determine the amount of time needed for an adequate review of the challenged material to make a thorough and thoughtful decision and inform the requestor of the determined timeline. The Review Committee will strive to complete all reviews and make its final decision between thirty to sixty (30-60) days of its receipt of the request for review.
h. Each member of the Review Committee will receive materials to complete the review process, including the following:

i. The Review Committee will schedule a meeting (or multiple meetings, if the Review Committee determines that is necessary) to complete the review process.

j. The Review Committee will determine whether the challenged material constitutes sensitive material consistent with Utah Code § 53G-10-103, the School’s Library Materials Policy and these procedures, and the guidance letter provided by the Attorney General’s Office dated June 1, 2022.

k. In deciding whether the challenged material constitutes sensitive material, the Committee will:
   i. Consider all elements of the definitions of pornographic or indecent material as defined in Utah Code § 76-10-1235, § 76-10-1201, § 76-10-1203, and § 76-10-1227; and

   i. Reliable, expert reviews of the material or other objective sources;
   ii. Review Committee members’ experience and background; and
   iii. Community standards.

   ii. Greater protections should exist concerning content for a library in an elementary or middle school setting.

n. The Review Committee will make a final decision on a challenged material as follows:
   i. Retained: the decision to maintain access in the School to the challenged material for all students;
   ii. Restricted: the decision to restrict access in the School to the challenged material for certain students as determined by the Review Committee; or
   iii. Removed: the decision to prohibit access in the School to the challenged material for all students.

p. The final decision of the Review Committee will be communicated in writing to the requestor and appropriate School employees within seven (7) days of the decision being made.

q. The challenged material may not be reviewed again for three (3) school years following the Review Committee’s decision.

r. The School will maintain a list of all materials that receive a “removed” decision from the Review Committee and share the list with all School employees. The list will also be made available to the public upon request.
s. The School will also maintain a list of all Review Committee final decisions on challenged material and share the list with all School employees, whether the final decision was retained, restricted, or removed.

t. If library materials review requests become unduly burdensome, the School may limit the number of review requests an individual may make in the course of a school year.

IV. Appeals Process

a. The original requestor or another individual listed in Section III(a) who was not on the Review Committee may appeal the decision of the Review Committee in writing to the School’s Board of Directors (the “Board”) within fourteen (14) days of receipt of the Review Committee’s final written decision using the School’s Library Materials Appeal Request Form.

b. iii. **Removed**: the decision to prohibit access in a school setting to the challenged material for all students; or

iv. Another decision as decided by the Appeals Committee.

g. The decision of the Appeals Committee will be determined by majority vote. This decision is final, subject to Section V below.

h. A challenged material may not be reviewed again for three (3) school years if the Appeals Committee votes to uphold the Review Committee’s decision.

i. The final decision of the Appeals Committee will be communicated in writing to the requestor and appropriate employees within seven (7) days of the decision.

Meal Charge

Administrative Procedures

The goal of North Davis Preparatory Academy Charter School is to provide students with healthy delicious meals each day in an effort to establish a foundation for healthy living and learning. Our Food Services Department makes affordable, healthy and nutritious lunches available. It is the responsibility of a student’s parents to provide meals either by supplying food from home, by sending money to school so that the school can supply a meal, or by applying for meal assistance through the free and reduced meal program.

In an effort to keep parents informed the following procedures have been put in place.

I. Purpose
North Davis Preparatory Academy participates in the National School Lunch Program. The School provides meals to its students pursuant to these programs and offers free or reduced-price meals to eligible students. Participating students who are not eligible for free or reduced-price meals may receive meals at the School at the normal paid rate.

These procedures address how the School will handle situations where students eligible to receive reduced price or paid rate meals at school do not have money in their account or in hand to pay for the cost of a meal at the time of meal service. These procedures also address, among other things, where families can find assistance with applying for free or reduced-price school meals, notification and collection of unpaid meal charges, and how the School will communicate these procedures to families and School personnel.

II. Information about Free or Reduced-Price Meals

A. Prior to or at the beginning of each school year, the School will provide to the parent or guardian of each student:

(i) Information about school meals, including prices for the meals and acceptable methods of paying for the meals; this information is on our School website and available at back to school night.

(ii) Information about the NSLP, including how students qualify for free or reduced priced meals under the programs; and

(iii) An application for free or reduced priced meals under the NSLP.

B. The School will provide the information and application as follows:

(i) The applications are available to fill out electronically online and a link has been set up on the NDPA website. This is the most efficient way to make sure the application is completed and sent in. Applications may also be printed from the link on our website. Hard Copies are available at both
school sites at the front office and also on the milk coolers, and at back to
school night. Applications can also upon request be sent home in an
evelope with students. The Director of Nutrition Services LaRetta Foxley
is available upon request and with a scheduled time to give assistance in
filling out the applications.

(ii) Applications are made available each school year beginning July 1st.
Application for free and reduced lunch must be done on an annual school
year bases. Assistance and help will be given when requested but it is the
responsibility of the Parent or Guardian to apply for the free or reduced
benefits.

(iii) Parents or Guardians may apply at any time during the year that they feel
they may qualify for the program or that income circumstances have
changed.

C. Completed applications should be returned to the School as soon as possible, but
completed applications will be accepted by the School throughout the year.
Applications will be dated at the time they are received and qualifications are for
that date forward. Parents or guardians should contact LaRetta Foxley DNS at (801)
547-1809 or email at LFoxley@NorthDavisPrep.org for questions about or
assistance with applying for free or reduced priced school meals.

III. Students Unable to Pay for Meals

A. Students who are unable to pay for a meal at the time of meal service, either because
they don’t have sufficient money in their meal account or on their person, will be
allowed to charge the meal to their meal account. A case by case bases will be used
to determine if a student with insufficient funds will not be served a meal. Contact
with Parent or Guardian will happen and arrangements made to pay negative
balance before a meal is ever denied to a student.

B. Students allowed to charge a meal to their meal account under the terms described
above will receive a regular reimbursable meal as opposed to an alternate meal.

C. This Section does not apply to students who have qualified for free meals under the
NSLP, as such students are not required to pay for reimbursable meals at the
School. Students with insufficient funds will not be allowed to charge extra meals
or ala carte items.

V. Notifications Regarding Balances; Collection Efforts

A. Parents have access to the students account balances by accessing the ASPIRE
account of student. It is the responsibility of the Parent or Guardians to check the
students balance and keep sufficient funds in the account. Students are reminded
when the account balance has 5 days or less balances as they come through the line.
B. The School will notify parents or guardians of negative meal account balances. When a student’s meal account has a negative balance, the School will notify the student’s parent or guardian of the negative account balance. When a student’s meal account reaches a balance of $0 or lower, the School will notify the student’s parent or guardian of the negative low balance by email and phone or text when correct email and phone numbers are provided to the school. Under the Protection of Pupil Rights Amendment (PPRA)/Utah FERPA

North Davis Preparatory Academy (the “School”) recognizes that the federal Protection of Pupil Rights Amendment (or PPRA) in 20 U.S.C. § 1232h and Utah FERPA in Utah Code § 53E-9-203 affords the parents of each elementary and secondary student certain rights with respect to the administration of surveys, collection and use of information for marketing purposes, and administration of certain physical examinations at school. These rights include, but are not limited to:

- **The right to prior written parental consent** before a student is required to submit to any psychological or psychiatric examination, test, or treatment, or any survey, analysis, or evaluation in which the purpose or evident intended effect is to cause the student to reveal information concerning one or more of the following protected areas about the student or his/her family member’s (“protected information survey”):

  1. Political affiliations or, except as provided under Utah Code § 53G-10-202 or rules of the Utah State Board of Education, political philosophies;
  2. Mental or psychological problems;
  3. Sexual behavior, orientation, or attitudes;
  4. Illegal, anti-social, self-incriminating, or demeaning behavior;
  5. Critical appraisals of individuals with whom the student or family member has close family relationships;
  6. Religious affiliations or beliefs;
  7. Legally recognized privileged and analogous relationships, such as those with lawyers, medical personnel, or ministers; or
  8. Income, except as required by law.

  *Such prior written parental consent is not required in connection with a protected information survey that is part of a youth suicide prevention program as described in Utah Code § 53G-9-702 or that is administered by the State of Utah; neither is such prior written consent required in circumstances where there is a reasonable belief that there is an emergency, child abuse, neglect, or a serious threat to the well-being of the student.*

- **The right to receive notice and an opportunity to opt a student out of:**

  1. Any protected information survey that is part of a suicide prevention program described in Utah Code § 53G-9-702;
  2. Any protected information survey administered by the State of Utah;
  3. Any non-emergency, invasive physical examination or screening required as a condition of attendance, administered by the School or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical examination or screening permitted or required under Utah law; and
4. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)

- **The right to inspect**, upon request and before administration or use:
  1. Protected information surveys of students and surveys created by a third party;
  2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
  3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who reaches 18 years old or becomes an emancipated minor under Utah law.

The School has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School will directly notify parents of these policies at least annually during registration and will also provide notice of the policies within a reasonable period of time after any substantive changes in the policies. The School will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in any of the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The School will make this notification to parents at the beginning of the school year if the School has identified the specific or approximate dates of the activities or surveys at that time. For any surveys and activities scheduled after the school year starts, parents will be provided at least two weeks’ notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Below is a list of the specific activities and surveys covered under this direct notification requirement:

- Collection, disclosure, or use of personal information collected from students for marketing, sales, or other distribution;
- Administration of any protected information survey; or
- Any non-emergency, invasive physical examination or screening as described on the previous page.

Parent & Family Engagement Policy

PURPOSE

In support of strengthening student academic achievement, North Davis Preparatory Academy (the “School”) receives Title I, Part A funds and must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1116 of the Every Student Succeeds Act (the “ESSA”). This policy establishes the School’s expectations and objectives for meaningful parent and family involvement, describes how the School will implement a number of specific parent and family engagement activities, and is incorporated into the School’s plan submitted to the state pursuant to Section 1112 of the ESSA. The purpose of an effective parent and family engagement policy is to improve all students’ academic achievement.

POLICY

The School agrees to implement the following requirements as outlined by Section 1116 of the ESSA:

• Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I, Part A, including the planning, review, and improvement of this policy and the joint development of the targeted assistance or schoolwide program plan.

• Update this policy periodically to meet the changing needs of parents and the School, distribute it to the parents and family members of participating children, and make this policy available to the local community.

• Provide full opportunities, to the extent practicable, for the participation of parents and family members with limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children, including providing information and school reports required under Section 1111 of the ESSA in an understandable and uniform format and, to the extent practicable, in a language parents understand.

• If the targeted assistance or schoolwide program plan under Section 1114(b) of ESSA is not satisfactory to the parents of participating children, submit any parent comments with such plan when the School submits the plan to the state.

• Be governed by the following statutory definition of parent and family engagement and will carry out programs, activities, and procedures in accordance with this definition:
Parent and family engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- That parents play an integral role in assisting their child’s learning;
- That parents are encouraged to be actively involved in their child’s education at school;
- That parents are full partners in their child’s education and are included, as appropriate, in decision-making and on advisory committees (if any) to assist in the education of their child; and
- The carrying out of other activities, such as those described in Section 1116 of the ESSA.

Required Policy Components

Below is a description of how the School will implement or accomplish each of the following components required by Section 1116 of the ESSA:

- **Joint Development of Policies, Plans, Compact, and Programs.** The School will take the following actions to involve parents and family members in an organized, ongoing, and timely manner in the planning, review, and improvement of Title I policies, plans, compact, and programs:
  - Distribute a copy of this policy and the school-parent compact to parents and family members at the beginning of each school year through appropriate channels, such as the registration packet. The policy and school-parent compact will also be posted on the School’s website.
  - Notify parents and family members of an annual meeting where parents and family members will be informed about the School’s participation in and the requirements of Title I programs.
  - Hold other parent and family meetings during the school year to provide parents and family members with ongoing information, training, and materials to help them work with their children in the areas such as literacy, numeracy, and technology.
  - Hold parent-teacher conferences at least annually, where student achievement, behavior, and/or the school-parent compact will be reviewed and discussed.
  - The School and state websites will provide parents with information related to expected student proficiency levels.
  - The School website will provide parents with a description and explanation of the School’s curriculum, mission, calendar information, policies, and opportunities for school and parent interaction.
  - Conduct an annual review and evaluation of this policy, the school-parent compact, and targeted assistance or schoolwide program plan. As part of the annual review and evaluation, the School will consider, and implement if appropriate, any suggestions or feedback provided by parents and family members on how the School can improve this policy and the associated compact and plan. Suggestions or feedback may be provided to the School in the form of results from the School’s needs assessment and evaluation given to parents,
comments made by parents and family members in meetings at the School and during parent-teacher conferences, or through other means.

- **Communications.** The School will take the following actions to provide parents and family members timely information about the Title I programs in which the School participates:
  - Distribute a copy of the updated version of this policy and the school-parent compact to parents and family members at the beginning of each school year through appropriate channels, such as the registration packet.
  - Provide information related to the Title I programs, meetings, and other activities to the parents of participating children in an understandable and uniform format and, to the extent practicable, in a language that the parents can understand.

- **School-Parent Compact.** The School’s school-parent compact outlines how parents, the entire School staff, and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the state’s high standards. The School will review the school-parent compact with parents of participating children by doing the following:
  - Distributing a copy of the updated version of the school-parent compact to parents and family members at the beginning of each school year through appropriate channels, such as the registration packet.
  - Obtaining all parties’ signatures (electronic or written) on each school-parent compact on an annual basis.
  - Encouraging parents to review the school-parent compact with their children on a regular basis.
  - Considering, and implementing, if appropriate, any suggestions or feedback provided by parents and family members on how the School can improve its school-parent compact.

- **Reservation of Funds.** The School currently does not receive Title I allocations of $500,000 or more. In the event the School’s Title I allocations reach or exceed $500,000 in the future, the School will follow the requirements in Section 1116(a)(3) of the ESSA.

- **Coordination of Services.** The School will, to the extent feasible and appropriate, coordinate and integrate parent and family engagement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

- **Building Capacity of Parents.** The School will build the parents’ capacity for strong parent and family engagement to ensure effective involvement of parents and to support a partnership among the School and the community to improve student academic achievement through the following:
✓ Providing opportunities for discussion with parents about the School’s curriculum, forms of academic assessment used to measure student progress, and achievement levels of the challenging state academic standards.

✓ Engaging parents with materials and training to help parents to work with their child to improve their child’s achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parent and family engagement.

✓ Giving parents information at parent-teacher conferences about their student’s state core testing and other appropriate curriculum based assessments.

✓ Providing progress reports to parents to communicate their student’s academic performance throughout the school year.

✓ Facilitating communication between parents and School personnel through the School’s LAND Trust Committee.

✓ Scheduling School meetings, as well as parent-teacher conferences, in a way that will maximize parent and family member involvement and participation.

✓ Gathering, on an annual basis, input from parents through a variety of methods. For example, parent surveys, needs assessments, conversation, parent-teacher conferences, and School activities.

✓ Providing assistance to parents, as appropriate, in understanding topics such as the following:
  ★ The challenging state’s academic standards;
  ★ The state and local academic assessments, including alternate assessments;
  ★ The requirements of Title I, Part A;
  ★ How to monitor their child’s progress; and
  ★ How to work with educators to improve the achievement of their child.

• **Building Capacity of School Staff.** The School will, with the assistance of parents, provide training to educate teachers, specialized instructional support personnel, principals/directors and other School leaders, and other staff on the value and utility of contributions of parents; how to reach out to, communicate with, and work with parents as equal partners; how to implement and coordinate parent programs; and how to build ties between parents and the School. The School may accomplish this training through in-person trainings and/or through the utilization of online print and video resources. The School may also provide other reasonable support for parent and family engagement activities under Section 1116 as parents may reasonably request.

**Parents and Family Members of Children Learning English**

Any time this policy references “parents,” “family,” or “family members,” it includes parents and family members of students who are English language learners, regardless of the prevalence of children English language learners in the geographic area in which the School is located.

The School may seek assistance from community organizations to assist the School in communicating with parents and family members of students who are English language learners.
If the School provides such assistance, it will try to determine the method of communication preferred by the parents and family members of students who are English language learners.

**Review**

The School will annually review and evaluate this policy, the school-parent compact, and the targeted assistance or schoolwide program plan to determine their effectiveness in improving the academic quality of the School and academic achievement of its students. Results of the annual review and evaluation will be used to design strategies for more effective parent and family engagement.

North Davis Preparatory Academy
Parent Classroom Observation Policy

PURPOSE

The purpose of this policy is to explain how North Davis Preparatory Academy (the “School”) reasonably accommodates parent requests to observe classes attended by their children.

PARENTAL RIGHT TO REASONABLE CLASSROOM OBSERVATIONS

Utah Code § 53G-6-803 provides that Utah public schools are required to reasonably accommodate parent requests to visit and observe any class their child attends. Similarly, 20 U.S.C. § 6318 explains that schools that receive Title I funds are required to allow parents reasonable observations of classroom activities.

In this context “reasonably accommodate” means, per Utah Code § 53G-6-801, that a Utah public school shall make its best effort to enable a parent to exercise his or her parental right to visit and observe any class their child attends:

(a) without substantial impact to staff and resources, including employee working conditions, safety and supervision on school premises and for school activities, and the efficient allocation of expenditures; and
(b) while balancing:
   (i) the parental rights of parents;
   (ii) the educational needs of other students;
   (iii) the academic and behavioral impacts to a classroom;
   (iv) a teacher’s workload; and
   (v) the assurance of the safe and efficient operation of a school.

Accordingly, a parent’s right to observe his or her child’s classroom is not unlimited but is subject to the substantial impacts and balancing factors set forth above.

POLICY

In accordance with the foregoing, the School shall reasonably accommodate parent requests to do classroom observations as set forth below.

Who May Observe a Classroom

The right to a reasonable accommodation to observe a classroom at the School resides solely with the parent or legal guardian of a child who attends the class. For purposes of this policy, the term “parent” includes students’ natural or adoptive parents, legal guardians, or other individuals legally authorized to make educational decisions for a child. As a result, the right to a reasonable accommodation to observe a classroom does not extend to individuals outside of these categories, such as a student’s grandparents, relatives, caregivers, or others. However, the Principal may allow a grandparent, close relative, or caregiver of a child to observe the child’s classroom if the child’s...
parent has provided written permission and the Principal, after consulting with the classroom teacher, deems it to be reasonable under the circumstances.

**Approval and Scheduling of Classroom Observations**

Parents shall email classroom observation requests to their child’s classroom teacher or to the Principal. The request must include the parent’s purpose for wanting to observe their child’s class. Teachers that receive classroom observation requests shall forward them to the Principal. The Principal shall approve or deny classroom observation requests consistent with the parameters in this policy.

Together the Principal and classroom teacher shall schedule approved classroom observations for a time and date convenient to both the parent and the teacher. The classroom observation shall take place within a reasonable time following the parent’s request, but no fewer than forty-eight (48) hours from the date of the request. Classroom observations shall not take place while students are taking a test or quiz. Only one parent may observe a class at a time.

As each classroom is equipped with surveillance cameras, parents may be given the option to do a classroom observation through watching a live stream of their child’s classroom from the School’s administrative offices.

**Frequency and Duration of Classroom Observations**

Classroom observations must be limited to minimize interruptions and distractions during valuable class time and to minimize any other negative effects on the School. Because parent classroom observations shall not substantially impact staff and resources, and because parent classroom observation requests require the School to balance parental rights against the educational needs of students, the impacts on a classroom, the teacher’s workload, and the assurance of the safe and efficient operation of the School, the School has deemed it reasonable to allow one parent classroom observation per student per term. Each observation shall last no more than one hour.

**Parental Conduct During Classroom Observations**

Parents are not allowed to leave and re-enter the classroom during a classroom observation, except in cases of emergency. Parents shall remain in the back of the classroom or otherwise out of the way during observations and may not interact with students or the teacher unless the teacher initiates the interaction. Parents shall refrain from making unnecessary noise or movement.

Parents may not be accompanied by other adults or children, including siblings of the child attending the class, during a classroom observation. If a parent brings other people to the School for a classroom observation, the School will reschedule the observation. If a parent requests an observation by a professional such as a psychologist or therapist who is not employed by the School, the student’s Individualized Education Program (“IEP”) team or Section 504 team shall determine whether the observation is required under the applicable law and shall address the request through the applicable IEP or Section 504 procedures.
Parent concerns or complaints shall not be addressed during a classroom observation or immediately before or after an observation. Such concerns or complaints may be addressed separately in accordance with the School’s Parent Grievance Policy.

To protect the privacy of all students in attendance, parents are not permitted to take photographs or make any audio or video recordings during classroom observations. Cell phones and other electronic devices shall be turned off or silenced and shall not be visible during observations.

The Principal or Principal’s designee may also be present in the classroom during the observation in order to protect the learning environment for all students.

All parents who are scheduled to do a classroom observation shall be required to sign the School’s Classroom Observation Agreement prior to doing the observation. Parents are required to comply with the procedures and rules set forth in the Agreement.

Violation of Classroom Observation Rules

A parent’s right to observe a class attended by his or her child can only be achieved through adherence to and respect for this policy and the procedures and rules set forth in the School’s Classroom Observation Agreement. If a parent’s presence or conduct causes a disruption or interferes with classroom instruction, the teacher shall privately remind the parent of the observation rules. If the disruption persists, the teacher may ask the parent to leave the classroom or, if the teacher feels that asking the parent to leave would cause a greater disruption, the teacher may wait until the observation ends and then report the parent’s behavior to the Principal.

Violation of the rules contained in this policy or in the School’s Classroom Observation Agreement shall, where possible, be resolved in private between the parent and the Principal and/or teacher. If violations persist, the School may temporarily or permanently prohibit a parent from observing their child’s classroom. In addition, serious violations of this policy or the Classroom Observation Agreement may require a communication protocol, a no trespass notice, or other legal action.

Confidentiality

School employees shall not discuss confidential information about a student/student’s family, School personnel, or School volunteers with unauthorized individuals. Because parents who observe a classroom may inadvertently be exposed to confidential information, the Principal or teacher shall instruct such parents to respect the privacy and confidentiality rights of every student, employee, and volunteer. Parents must be especially careful to respect the privacy rights of special education students as even the classification of a student as a special education student or the presence of a student in a special education class is confidential. Student education records and other sensitive or confidential documentation, including a student’s grades, behavior, IEP, Section 504 plan, etc. shall not be visible during classroom observations. Parents who violate the privacy rights of students or employees may be prohibited from observing classes at the School.

CLASSROOM OBSERVATION AGREEMENT

North Davis Preparatory Academy welcomes you to our school and thanks you for your interest in the instructional programs we offer our students. We hope that your classroom observation is a rewarding experience and one that provides you with greater insight into the skill, professionalism, and dedication of our teachers and staff. Our desire is to ensure that the instructional process is not disturbed for either the teacher or the students involved. Accordingly, we require that all parents agree to and comply with the following in connection with their classroom observation:

• Parent observations are by appointment only. You must email the School Principal or classroom teacher to request an observation. Your request must include the purpose for wanting to observe your child’s class. Approved observations will be scheduled for a reasonable time following a parent’s request, but no fewer than forty-eight (48) hours from the date of the request. Classroom observations via live video camera streaming may also be available.

• Observations are limited to one observation per student per term, and each observation is limited to one hour. If exceptional circumstances exist, you may request more frequent or lengthy observations. Such requests will be approved or denied by the Principal after consulting with the teacher.

• Observations may not take place during tests or quizzes.

• Upon arrival at the School, you must check in at the front office and obtain a visitor pass. You will be required to show identification.

• Other people, including siblings of your child whose classroom you are observing, may not accompany you to an observation. If you arrive at the School with other people for an observation, the School will reschedule the observation.

• Upon arrival at the classroom, please sit where the teacher directs you. You will likely be in the back of the room or otherwise out of the way rather than next to or among the students.

• Unless an emergency arises, you may not leave and re-enter the classroom during your observation.

• If you bring a cell phone or other electronic device, it must be turned off or silenced and kept out of sight. Audio or video recording of the teacher or students during the observation is strictly prohibited.

• You must be a silent observer while in the classroom. You may not talk to or interact with any student or make comments during the observation unless invited to do so by the teacher.

• The teacher has the responsibility for all students in the class, so you will not be able to discuss matters concerning your child or the classroom observation during or immediately before or after the observation. Such matters can be discussed at a later date or time in accordance with the School’s Parent Grievance Policy.

• If you become aware of any confidential information during the observation, including a student’s presence in a special education classroom, you must keep the information confidential.

• After the completion of your classroom observation, you must return to the front office to sign out.

I understand and agree to the foregoing terms. I understand and agree that if I create a disruption in the classroom, interfere with the classroom instruction, or otherwise violate the terms of this Agreement or the School’s Parent Classroom Observation Policy during my observation, I may be asked to leave the classroom and my requests for future classroom observations may be denied.

PROCUREMENT

The School will follow the procurement processes below unless an exception applies.

Quotes or Bids Not Required

No formal procurement process is required for purchases of items up to $5,000. The School may make such purchases from any vendor without obtaining competitive bids or quotes. However, the School may only purchase up to $10,000 worth of items each costing $5,000 or less from one vendor at one time without obtaining competitive bids or quotes. The School will also record and maintain as a governmental record the names of the vendors offering bids or quotes and the date and amount of each bid or quote.

Formal Procurement Process Necessary

For purchases of items over $50,000 other than professional services or construction projects, the School will conduct a formal procurement process, such as an Invitation for Bids or a Request for Proposals.

Professional Services

For small purchases of professional service providers and consultants as defined in R33-5-108, which will typically include purchases of such services up to $100,000 per project, the School will first review the qualifications of at least three companies, firms, providers, and/or individuals and then select one through direct negotiation. Obtaining competitive bids or quotes for the above-described small purchases is not required.
For small purchases of design professional services as defined in R33-5-105, which will typically include purchases of such services up to $100,000 per project, the School will first review the qualifications of at least three design professional firms and then select one through direct negotiation. The School will also include minimum specifications when doing a small purchase of design professional services as defined in R33-5-105. Obtaining competitive bids or quotes for the above-described small purchases is not required.

However, if the cost of a professional service provider’s, consultant’s, or design professional’s services exceeds $100,000, the School will conduct a formal procurement process for such services, such as an Invitation for Bids or a Request for Proposals.

**Construction Projects**

For small purchases of construction projects as defined in R33-5-106, the School may procure a small construction project up to $25,000 from a contractor without obtaining competitive bids or quotes after documenting that all building code approvals, licensing requirements, permitting, and other construction related requirements are met. When procuring a small construction project costing between $25,000.01 and $100,000, the School will obtain at least two competitive bids or quotes that include minimum specifications and will award the project to the contractor with the lowest bid or quote that meets the specifications after documenting that all applicable building code approvals, licensing requirements, permitting, and other construction related requirements are met.

If the cost of a construction project exceeds $100,000, the School will conduct a formal procurement process, such as an Invitation for Bids or a Request for Proposals.

**Other Requirements**

The School will not artificially divide purchases or otherwise take steps in order to avoid the requirement to obtain competitive bids or quotes or conduct a formal procurement process.

School personnel will comply with the provisions of the Procurement Code prohibiting the acceptance of gratuities or kickbacks from vendors during the procurement process.

The School’s contracts with vendors, including any renewal or extension periods, will not have a term that is longer than five years unless an exception applies or the School complies with the requirements of the Procurement Code governing any contract with a term that is longer than five years. • Academica West must be given a valid invoice and properly completed purchase order prior to making payment.

• Disbursements are to be made primarily by check with counter signatures to provide additional control.

**Petty Cash Account**

In addition to the General Operating Account, the Board may approve a Petty Cash Account with corresponding checks and a debit card to be utilized at the discretion of the Principal. While these topics are most likely discussed in courses such as health education, health occupations, human biology, physiology, parenting, adult roles, psychology, sociology, child development, and biology, this policy applies to any course or class in which these topics are the focus of discussion.

Sex Education Instruction

Administrative Procedures

These administrative procedures are established pursuant to the Sex Education Instruction Policy adopted by the School’s Board of Directors.

In accordance with state law, all sex education instruction or instructional programs will comply with the requirements of Utah Code § 53G-10-402 through -403 and Utah Admin Code R277-474. Specifically, the School will:

- teach sexual abstinence before marriage and fidelity after marriage as methods for preventing certain communicable diseases;
- teach personal skills that encourage individual choice of abstinence and fidelity; and
- obtain prior parental consent before any sex education instruction, maturation education, or other instructional program.

The Principal will establish a curriculum materials review committee composed of parents, school employees, and others selected by the Principal. If possible, the committee will also include health professionals and school health educators. The committee will have at least as many parents as school employees. The School’s Board of Directors will review and approve the membership of the committee on or before August 1 each year.

The curriculum materials review committee will meet on a regular basis, as determined by the members of the committee, select officers for the committee and designate a committee chair, and comply with the Open and Public Meetings Act. The committee will review and make recommendations to the School’s Board of Directors regarding instructional materials to be used by the School in connection with sex education instruction or a maturation education program. Program materials and guest speakers supporting instruction on these topics must also be reviewed and approved by the curriculum materials review committee.

Instructional materials used by the School in connection with sex education instruction or a maturation education program must be approved by the School’s Board of Directors in an open meeting. These materials will comply with the requirements of applicable law and will be available for parents to review for a reasonable period of time prior to consideration for adoption by the Board of Directors.

The following topics may not be taught in the School:

- The intricacies of intercourse, sexual stimulation or erotic behavior;
- The advocacy or encouragement of the use of contraceptive methods or devices; or
- The advocacy of premarital or extramarital sexual activity.
The School will comply with the Utah Family Educational Rights and Privacy Act, Utah Code § 53E-9-202 through -203 and obtain parental consent prior to any sex education instruction, maturation education, or other instructional program. At no time will a student be in the classroom during any sex education instruction, maturation education, or other instructional program unless an approval form signed by the student’s parent/guardian is on file. The parental notification form will:

a) explain a parent's right to review proposed curriculum materials in a timely manner;

b) request the parent's permission to instruct the parent’s student in identified course material related to sex education or maturation education;

c) allow the parent to exempt the parent’s student from attendance for a class period where identified course material related to sex education instruction or maturation education is presented and discussed;

d) be specific enough to give parents fair notice of topics to be covered;

e) include a brief explanation of the topics and materials to be presented and provide a time, place and contact person for review of the identified curricular materials;

f) be retained on file with affirmative parental consent for each student prior to the student's participation in discussion of issues protected under Section 53G-10-402; and be maintained at the School for a reasonable period of time.

Instructors may not intentionally elicit comments or questions about matters subject to parental consent requirements. Additionally, instructors’ responses to questions spontaneously raised by students must be brief, factual, objective and in harmony with content requirements of this policy and state law. Responses must also be age appropriate and limited in scope to that reasonably necessary under the circumstances.

The School will ensure that all educators with any responsibility for any aspect of sex education instruction will receive appropriate professional development outlining the sex education curriculum and the criteria for sex education instruction. The School will ensure that educators receive this professional development at least once every three years. Additionally, the School will ensure that such educators are familiar with requirements of the Utah Family Educational Rights and Privacy Act.
North Davis Preparatory Academy  
Sexual Abuse & Molestation Prevention Policy

POLICY

North Davis Preparatory Academy (the “School”) takes seriously the responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Sexual abuse takes the form of inappropriate sexual contact or interaction for the gratification of the actor who is in a position of responsibility with respect to the student. Sexual abuse includes sexual assault, exploitation, molestation or injury.

Reporting by School Personnel

Utah law requires that whenever any person, including any school employee, contracted or temporary employee, or volunteer who has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in sexual abuse, physical abuse, or neglect, he/she shall immediately notify the nearest peace officer, law enforcement agency, or the Division of Child Family Service. The law provides serious penalties for failure to fulfill one’s duty to report. School personnel and volunteers must comply with these provisions of Utah law and the School’s Child Abuse and Neglect Reporting Policy.

Reporting by Students and Parents

Reports of sexual abuse should typically be made to the Principal, who is the designated individual to receive and investigate complaints of these matters. However, students and parents may make reports to any School employee, and that employee is responsible for conveying the report the Administration or, if the report involves the Administration, to the Board of Directors. Reports may be made verbally, but all reports will be documented in writing.

Investigation & Follow Up

The School takes allegations of sexual abuse involving School personnel seriously. Once an allegation is reported, the School will promptly, thoroughly, and impartially begin an investigation to determine whether there is a reasonable basis to believe that sexual abuse has been committed. When it is appropriate considering the nature of the allegations, an internal team may conduct the investigation. However, when the report involves potentially criminal conduct, the School will refer the reports to law enforcement and cooperate fully with any investigation conducted by law enforcement or regulatory agencies.
The School reserves the right to place the subject of the investigation on an involuntary leave of absence, reassign that person to responsibilities that do not involve personal contact with individuals or students, or terminate employment.

To the fullest extent possible, but consistent with the legal obligation to report suspected abuse to appropriate authorities, the School will endeavor to keep the identities of the alleged victims and investigation subject confidential.

If the investigation substantiates the allegation, appropriate disciplinary actions will be taken, including but not limited to the termination of the actor’s relationship with the School.

**Signs of Abuse**

There are a number of red flags that suggest someone is being sexually abused. They take the form of physical or behavioral evidence.

Physical evidence of sexual abuse includes, but is not limited to:
- Sexually transmitted diseases;
- Difficulty walking or moving normally;
- Stained, bloody or torn undergarments;
- Genital pain or itching; and
- Physical injuries involving the external genitalia.

Behavioral signals suggestive of sexual abuse include, but are not limited to:
- Fear or reluctance about being left in the care of a particular person;
- Recoiling from being touched;
- Bundling oneself in excessive clothing, especially night clothes;
- Discomfort or apprehension when sex is referred to or discussed; and
- Nightmares or fear of night and/or darkness.

Additionally, adult perpetrators of abuse often display warning signs, including:
- Overly affectionate behavior such as prolonged hugging and touching;
- Engaging in nonprofessional behavior such as telling sexual jokes and sexual teasing; and
- Seeking to extend their contact with certain students beyond the day.

**Retaliation Prohibited**

We prohibit any retaliation against anyone, including an employee, volunteer, board member, student or individual, who in good faith reports sexual abuse, alleges that it is being committed or participates in the investigation. Intentionally false or malicious accusations of sexual abuse are prohibited.

**Screening Prospective Employees**

The School’s administration must take reasonable effort when screening prospective School employees. In addition to conducting required criminal background checks, each applicant and
former employer(s) of applicants should be asked, before an offer of employment is extended, whether the applicant has ever been investigated or accused of sexual misconduct.

Training

The administration will provide School personnel every other year with training and instruction on child sexual abuse and human trafficking prevention and awareness, including (a) responding to a disclosure of child sexual abuse in a supportive, appropriate, manner; (b) identifying children who are victims or may be at risk of becoming victims of human trafficking or commercial sexual exploitation; and (c) the mandatory reporting requirements in the Schools Child Abuse and Neglect Reporting Policy and Utah Code Sections 53E-6-701 and 62A-4a-403.

The administration will provide the parents or guardians of elementary school students with training and instruction every other year on child sexual abuse and human trafficking prevention and awareness, including (a) recognizing warning signs of a child who is being sexually abused or who is a victim or may be at risk of becoming a victim of human trafficking or commercial sexual exploitation and (b) effective, age-appropriate methods for discussing the topic of child sexual exploitation.

Administration will communicate this policy to personnel, volunteers, and students annually. Documentation of the communication of this policy will be maintained.

REVISION A
Board Approval Date: 8-04-21
POLICY

The purpose of this policy is to establish the process for authorization of student clubs as outlined in state law.

Clubs whose membership is determined by student body election or that are governed by an association that regulates interscholastic activities are exempt from this policy.

North Davis Preparatory Academy’s (the “School”) administration will review applications for authorization of curricular and noncurricular clubs on a case-by-case basis.

The School will follow Utah’s Student Clubs laws in Utah Code § 53G-7-701 et seq.

Definitions

For purposes of this policy, "curricular club" means a club that is School sponsored and that may receive leadership, direction, and support from the School beyond providing a meeting place during noninstructional time. An elementary school curricular club means a club that is organized and directed by School sponsors for elementary school students at the School. A secondary school curricular club means a club at the School for secondary school students:

(a) whose subject matter is taught or will soon be taught in a regular course;
(b) whose subject matter concerns the body of courses as a whole;
(c) in which participation is required for a particular course; or
(d) in which participation results in academic credit.

For purposes of this policy, "noncurricular club" is a student-initiated group of secondary school students at the School that may be authorized and allowed School facilities use during noninstructional time by the School and Board of Directors (the “Board”) in accordance with this policy and applicable law. A noncurricular club's meetings, ideas, and activities are not sponsored or endorsed in any way by the Board, the School, or by School employees.

Curricular Clubs

Application

Faculty members or students proposing a curricular club must submit a Board-approved “Student Club Application for Authorization Form” to the School administration.

The School administration will review each application and approve or deny it within a reasonable amount of time and consistent with state law and this policy.
The School administration shall approve a curricular club’s name consistent with the club’s purposes and its School sponsorship.

The School administration will strictly apply the definition of curricular club to determine curriculum relatedness.

If the School administration finds that the proposed curricular club is a noncurricular club, the School may: (a) return the application to the faculty member or students proposing the club for amendment; or (b) review the application as an application for authorization of a noncurricular club.

Only curricular clubs may be authorized for elementary school students at the School.

Faculty Oversight

School administration will ensure that all curricular clubs have faculty oversight at all times. Faculty sponsors will organize and direct the purpose and activities of a curricular club.

The approved faculty sponsor will provide oversight consistent with the Utah Student Clubs laws in Utah Code § 53G-7-701 et seq. and the needs of the School to ensure that the methods of expression or other conduct of the students or sponsor involved do not:

- (a) unreasonably interfere with the ability of School officials to maintain order and discipline;
- (b) unreasonably endanger or threaten the well-being of persons or property
- (c) violate concepts of civility or propriety appropriate to a school setting; or
- (d) violate applicable laws, rules, regulations, or School policies.

Noncurricular Clubs

Application

A noncurricular club shall have a minimum of three (3) members.

Students proposing a noncurricular club must submit a Board-approved “Student Club Application for Authorization Form” to the School administration.

The School administration will review each application and approve or deny it within a reasonable amount of time.

The noncurricular club name must reasonably reflect the club’s purpose, goals and activities and may not result in or imply a violation of the Utah Student Clubs laws in Utah Code § 53G-7-701 et seq.

The School administration may approve a noncurricular club name in an action separate from that relating to authorization of the club itself.
Faculty Oversight

The School administration will approve faculty members to serve as supervisors for authorized noncurricular clubs. The faculty supervisor will provide oversight consistent with the Utah Student Clubs laws in Utah Code § 53G-7-701 et seq. and the needs of the School to ensure compliance with the approved club’s purposes, goals, and activities and ensure that the methods of expression, religious practices, or other conduct of the students, supervisor, or monitor involved do not:

(a) unreasonably interfere with the ability of School officials to maintain order and discipline;
(b) unreasonably endanger or threaten the well-being of persons or property;
(c) violate concepts of civility or propriety appropriate to a School setting; or
(d) violate applicable laws, rules, regulations, or School policies.

Without prior approval from the School administration, persons who are not School faculty or club members shall not:

(a) make a presentation to a noncurricular club; or
(b) direct, conduct, control, or regularly attend noncurricular club meetings.

Club Limitations and Denials

The School administration will limit or deny authorization or School facilities use to a club or require changes prior to granting authorization or School facilities use if such limitation, denial, or changes are necessary to:

(a) protect the physical, emotional, psychological, or moral well-being of students and faculty;
(b) maintain order and discipline in the School;
(c) prevent a material and substantial interference with the orderly conduct of the School’s educational activities;
(d) protect the rights of parents/guardians and students;
(e) maintain the boundaries of socially appropriate behavior; or
(f) ensure compliance with all applicable laws, rules, regulations, and School policies.

The School administration will limit or deny authorization or School facilities use to a club or require changes prior to granting authorization or School facilities use if the club’s proposed charter and proposed activities indicate students or advisors in club-related activities would have a substantial, material, or significant part of their conduct or means of expression:

(a) encourage criminal or delinquent conduct;
(b) promote bigotry;
(c) involve human sexuality; or
(d) involve any effort to engage in or conduct mental health therapy, counseling, or psychological services for which a license would be required under state law.
If the School administration limits or denies authorization to a club, they will provide in writing the factual and legal basis for the limitation or denial and an explanation of the appeals process. This response will be provided to the applicant in writing within a reasonable amount of time.

**Parental Consent**

Parental or guardian written consent for student participation in all curricular and noncurricular clubs at the School will be required. The consent form will include an activity disclosure statement containing, at a minimum, all the information outlined in the School activity disclosure example.

All completed parental consent forms shall be filed with the School administration or a designee and maintained until the end of the school year.

**Appeals Procedure**

If a club is denied, suspended, or terminated, a student or a complaining parent or guardian has ten (10) school days from the date of the denial, suspension, or termination to file a written appeal with the School’s Principal. The Principal will issue an opinion in writing either upholding or overturning the denial, suspension, or termination within thirty (30) days of receiving the appeal. The Principal’s decision shall be the final administrative decision.

A person directly affected by the Principal’s decision on appeal may appeal the Principal’s decision by writing to a person designated by the Board.

Student Conduct and Discipline Plan

The School’s goal is to create a safe, civil and productive learning environment. All School staff will work together to establish positive school and classroom cultures where teaching and learning are emphasized.

Our Vision

North Davis Preparatory Academy students develop a love of learning, experience high academic achievement, and enjoy high bi-literate proficiency. *(See Discipline Procedure Flowchart).*

Student Behavior Expectations

Students are expected to contribute to a safe learning environment by behaving respectfully and safely and reporting harmful or dangerous situations to an adult. Students should:

- Know and follow all school rules and instructions given by school staff.
- Show respect and courtesy to all students, staff and school visitors. This includes respecting property of others.

These expectations are most likely to be met when the specific behaviors expected from students are clearly defined, taught to all, shaped over time, and responded to in ways that encourage students to learn and grow. The School recognizes that this requires proactive systems, practices and policies that support the development of positive behavior in every student.

When these expectations are not met, prompt and appropriate interventions will be implemented to first restore order and safety in the classroom or school environment with the ultimate goal of assisting students to make appropriate behavioral choices.

School and Classroom Management

School personnel will provide continuous, positive, and active supervision and monitoring of student behavior.

Effort should be made to correct student misbehavior using intervention strategies and the least severe discipline responses possible, reserving more significant discipline, such as suspension and expulsion, for the most serious situations that warrant removal from the school environment. When staff and administration use discipline to respond to student misbehavior, it is expected that the discipline response will be paired with other strategies to provide a balanced approach to supporting behavior change in students.

All intervention strategies and discipline should be selected and implemented to help students learn from their mistakes and be supported to:

- Understand why the behavior is unacceptable and the harm it has caused
- Understand what they could have done differently in the same situation
- Take responsibility for their actions
- Learn pro-social strategies and skills to use in the future
- Understand the progression of more stringent consequences if the behavior reoccurs

Because inappropriate behavior may be symptomatic of underlying problems that students are experiencing, it is critical that all staff be sensitive to issues that may influence student behavior and respond in a progressive manner that is most supportive of student needs.

Classroom Rules and Consequences

Each teacher should establish classroom rules consistent with North Davis Preparatory Academy’s Core Values:

- We prepare the child for the path, not the path for the child.
- We nurture curiosity, self-discipline, and the courage to act on our own thoughts and dreams.
- All interactions between students, teachers, staff and parents are based on honesty, trust, and respect.
- We are a community that embraces differences in our languages, cultures, religions, and abilities.
Effective Classroom Management

Foundational to supporting positive behavior in all students is the use of effective classroom management strategies. The goal of proactive and positive classroom management is to develop students who are responsible, motivated, and highly engaged in meaningful tasks. In many cases, effective classroom management practices will reduce the occurrence of behaviors that require intervention strategies and disciplinary responses.

Intervention Strategies

Intervention strategies are actions that provide opportunities for instruction, assessment and restoration. At North Davis Preparatory Academy, we use a variety of strategies. Examples of intervention strategies to be used in the School include but are not limited to:

• **Behavior Contracts**
  ✓ Behavior Contracts create agreements between the student and staff about behavior expectations and how the student will be supported to meet the expectations. Monitoring of the contract can include student self-charting of behavior, staff feedback about progress after each class period, etc. and include reinforcers for success and consequences for continuing problems.

• **Functional Behavior Assessment/Behavior Intervention Plans**
  ✓ Behavior Intervention Plans are developed based on an assessment of the function of the student’s behavior. The assessment results are used to develop a plan for consistent instruction and intervention to support behavior change.

• **Check-in Check-Out (CICO)**
  ✓ Students check in with designated CICO facilitators before the beginning and at the end of each school day to receive positive contact, pre-corrects, reminders of school-wide expectations, etc. At the end of each class period, teachers provide behavioral feedback on a Daily Progress Report Card.

• **Conflict Resolution**
  ✓ Students are supported and empowered to take responsibility for peacefully resolving conflicts. Students are taught skills including anger management, active listening and effective communication.

Disciplinary Responses

Disciplinary responses are actions that are typically viewed as consequences or punishment. At North Davis Preparatory Academy, we strive to meet our core values, examples of disciplinary responses that may be used but are not limited to:

• **Loss of classroom privileges**
  ✓ Students lose opportunities in the classroom such as participating in free time activities, etc.

• **In-school suspension**
  ✓ Students are removed from the classroom environment and assigned to work in a designated space within the School for up to one day.
• Out of school suspension
  ✓ Students are removed from the School environment for a designated number of days based on the severity of the infraction and other mitigating and escalating factors. Out of school suspensions will be followed by a restorative re-engagement conference to involve the student, parent and appropriate School staff.

• Expulsion
  ✓ Students are removed from the School environment following the process established in the Student Conduct and Discipline Policy.

Discipline Procedure Flowchart

The Discipline Procedure Flowchart (attached) is provided to guide staff and administrator decisions about how to respond to student misbehavior. It is critical that the following factors be considered prior to determining the appropriate intervention strategy or disciplinary response:

• The student’s age, maturity and understanding of the impact of their behavior
• The student’s willingness to repair the harm cause by the behavior
• The student’s disciplinary record including the nature of prior misconduct, the number of prior instances of misconduct, the interventions and consequences applied, etc.)
• The nature, severity and scope of the behavior
• The circumstances and context in which the misconduct occurred
• The student’s IEP, BIP or 504 Plan, if applicable

(see attached Discipline Procedure Flowchart)

Adequate Adult Supervision

In order to help ensure that behavior expectations are consistently monitored and enforced, the School will ensure that adequate adult supervision is maintained in classrooms, on the playground, in the cafeteria, other areas of the School building, during field trips, and during other school-sponsored activities.

Effective Instructional Practices for Teaching Student Expectations

The School will implement a variety of teaching strategies to establish expectations and instruct students regarding self-discipline, citizenship, civic skills, and social skills.

School staff will communicate and teach behavior expectations as well as self-discipline, citizenship, civic skills, and social skills to all students. School staff will continue reminding, re-teaching, and recognizing expected behavior throughout the school year. Data will be used to determine when specific behavior issues need to be addressed at an individual, class, or School-wide level throughout the year.

Behavior expectations in classrooms, hallways, cafeteria, restrooms, and playground will be communicated to students by explaining what such behavior looks like and sounds like.
Systematic Reinforcement of Expected Behaviors

The School will provide regular, frequent, and positive acknowledgements and reinforcement for student displays of academic and social behavior success.

Annual Data-Based Evaluations of Efficiency and Effectiveness

Staff members will document and communicate to the approved personnel incidences for data gathering purposes. (See Behavioral Assessment Referral Form).

Data will be analyzed regularly by the Behavior Assessment Team. The results will be shared with all staff members and will be used to plan adjustments and areas of emphasis in addressing behavior issues.

Staff Development Program and Training of Appropriate School Personnel

The School expects all staff members to model the same positive social behaviors and values that are expected of students.

Policies Relating to the Use and Abuse of Alcohol and Controlled Substances By Students

As provided in the Student Conduct and Discipline Policy, the use, control, possession, distribution, sale, or arranging for the sale of alcohol or an illegal drug or controlled substance is ground for suspension of expulsion.

Procedures Related to Bullying Activities (including bullying, cyber-bullying, hazing, retaliation, abusive conduct)

North Davis Preparatory Academy Bullying Policy fosters a safe and trusting community that enhances learning, is safe from physical and emotional harm, and nurtures the development of personal and social responsibility.

North Davis Preparatory Academy’s administrative policy and procedures meets the following criteria:

- Meet all statutory and regulatory requirements of the State of Utah and USOE
- Are consistent with the NDPA Core Values and End Statements
- Promote effective conflict management skills and build trust
- Provide training to students and staff members to ensure a safe school environment
- Provide supervision to monitor interpersonal interactions and correct those which are inconsistent with this policy

NDPA school administrators will report to the Board of Directors:
- Data showing the progress of improvement of personal and social responsibility including the number and description of serious infractions annually.
• Data collected from student/parent surveys assessing the effectiveness of the policy and procedures every three years.

Notice to Employees

The administration will distribute this Plan to employees by e-mail at the beginning of each school year and to each new employee upon hire.

Gang Prevention and Intervention

School employees will be aware of potential gang activities, as defined in the Student Conduct and Discipline Policy, and such activities will be subject to discipline as set forth in that policy.

Reports Received Through the School Safety and Crisis Line

The School may receive a report through the School Safety and Crisis Line established under Utah Code § 53A-11-1503(3), regarding (i) unsafe, violent, or criminal activities, or the threat of such activities at or near a public school; (ii) incidents of bullying, cyber-bullying, harassment, or hazing; and (iii) incidents of physical or sexual abuse committed by a school employee or school volunteer; or involving situations where there is a need for crisis intervention, including suicide prevention, to individuals experiencing emotional distress or psychiatric crisis. In the event the School receives such a report, North Davis Preparatory Academy will investigate, contact and notify appropriate parties.

Protections for Students with a Disability

Nothing in this Plan diminishes any student rights as under or in connection with the Individual with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act, or state law. Students with a disability will always be entitled to the rights and protections afforded to them by state and federal law and shall not be removed from the learning environment except as such actions are undertaken in accordance with applicable legal requirements.

1. BELIEFS AND PHILOSOPHY

1.1 Beliefs and Expectations

The School’s beliefs and expectations set a positive and inviting school culture for dealing with safe school issues.

Beliefs:
- Punishment, alone, will not change behavior
- Much aggressive behavior is a relationship problem, not a behavior problem
- Adults must model the behaviors they expect from the students
- We expect conflicts, but we expect conflicts to be resolved and relationships mended
Expectations:
- Students will show respect for other students
- Students will show respect for adults
- Students will show respect for the building
- Adults will show respect for students
- Students will develop self-discipline

1.2 Procedural Philosophy

The School recognizes that establishing a procedural philosophy consistent with the desired positive school environment is as important as following legal and due process procedures. The School’s policy sets forth appropriate legal and due process procedures and will be followed within the context of the procedural philosophy outlined below:

Procedures:

When students are involved in conflicts with other students, they will:
- Work together to resolve the conflict
- Work to repair the relationship and build trust
- Be subject to additional consequences if they exhibit unsafe behaviors during the conflict

When students are involved in a conflict with or feel they have been treated unfairly by a member of the staff or a volunteer they will:
- Report their feelings to their parents who will set up a conference with the student, the parent, and the adult/s involved to resolve the conflict and mend the relationship
- Report the feelings to the administrator or counselor who will set up a conference with the student, the parent, administrator/counselor, and the adult involved to resolve the conflict and mend the relationship

When students flagrantly disregard the safety of others, show blatant disrespect to or for others, or consistently behave in a disrespectful or unsafe way:
- The student will be subjected to consequences and positive behavior support to ensure that student will make better choices in the future. Consequences might include:
  - In-School Suspension
  - Out of School Suspension
  - Expulsion
  - Restitution
  - Repayment for damages
- The student will work to earn back the trust of the school community
  - Genuine apology to injured or affected parties
  - Demonstration of appropriate behaviors following the incident to “walk the talk”
- Repair or replace any damaged items

Due process to protect the rights of students will include:
- All students will be treated with dignity and respect as they go through correction procedures. The administration will see to it that their rights are protected through the
process. If parents feel their student has not been treated fairly, they may request a hearing with the Board of Directors. These procedures are listed in the NDPA Grievance Policy.

- Parents will be notified when students are involved in situations that are deemed to be serious including out of school suspension, expulsion, restitution, or repayment of damages.
- Parents and students will be notified of the expectations, possible consequences and the procedures involved in this policy at the beginning of each school year.

The Principal has the authority to suspend a regular education student for up to ten (10) school days per incident. In considering whether to suspend a student, the Principal shall consider all relevant factors, including but not limited to, the severity of the offense, the student's age, disability, academic status and disciplinary record, parental capabilities, and community resources. The Principal, alone, is prohibited from suspending for longer than ten (10) school days, expelling, or otherwise changing student placement. Whenever such action is contemplated or desired, the Principal shall make a referral to the School's CMT.
4.2 Authority to Suspend and Duration of Suspension for Students with Disabilities

The Principal has the authority to suspend a student with disabilities (504 or IDEA) for not more than ten (10) consecutive school days for any violation of school rules, and additional removals of not more than ten (10) consecutive school days in that same school year for separate incidents of misconduct as long as those removals do not constitute a pattern resulting in a change of placement. A school need not provide services during periods of removal of ten (10) days cumulative or less if services are not provided to a student without disabilities who has been similarly removed.

4.3 Authority to Expel

The CMT may, by a majority vote, expel a student for violations under this policy. The CMT shall report its disciplinary actions to the Board at least once each year.

4.3.1 Parental Responsibility

4.3.2 The parent or guardian and designated school officials may enlist the cooperation of the Division of Family Services, the juvenile court, law enforcement, or other appropriate government agencies in determining how to meet the educational needs of the student.

4.3.3 Readmission of Expelled Students

Any student who is expelled from the School will be dropped from the School’s rolls in accordance with state law. A student who is expelled must follow the School’s lottery procedures in order to be readmitted to the School.

Pursuant to state law, a student may be denied admission to the School if he or she was expelled from that or any other school, during the preceding 12 months.

4.4 Authority to Institute Change of Placement for Student with Disabilities

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504, or ADA, procedures outlined in the State of Utah Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

The School will follow procedures consistent with state law in addressing disruptive student behavior.

11. SEARCHES OF PERSON OR PROPERTY

Given the School's custodial and tutelary responsibility for children, and the Board's intent to preserve a safe environment for all students and staff, School officials must have the authority to conduct reasonable searches of students and student property. School officials engaging in searches of students and property shall abide by the following guidelines:

11.1 General Guidelines for Searches of Person or Property

11.1.1 Student Lockers

Students have no right or expectation of privacy in School lockers. While lockers are under the joint control of students and the School, lockers are solely School property and may be searched at any time by School officials with or without cause. Once a locker is opened for search, any search of student belongings contained within the locker must comply with the guidelines for searches of personal belongings in Section 11.2 of these procedures.

11.1.2 Searches of Students and Student Property

Searches of a student's person, personal property (coats, hats, backpacks, bookbags, purses, wallets, notebooks, gym bags, etc.) may be conducted whenever the student's conduct creates a reasonable suspicion that a particular School rule or law has been violated and that the search is reasonably related to the suspicion and not excessively intrusive in light of the age and sex of the student and nature of the infraction. Circumstances warranting a search include those in which School officials have a reasonable suspicion that the student or student property is concealing items including but not limited to weapons, drugs, controlled substances, electronic cigarettes, alcohol, tobacco, unsafe contraband, pornography, electronic devices, or lost/stolen/misplaced items.

11.2 Searches of Personal Belongings

11.2.1 Personal belongings may be searched by School officials whenever School officials have a reasonable suspicion to believe a student is concealing evidence of a policy violation or criminal activity and the items being searched are capable of concealing such evidence. The student may be asked to open personal belongings and to turn over personal property for search by a School official. All searches of student property by School officials shall be witnessed by an objective third party (such as another teacher, or police officer) to observe that the search is not excessively intrusive.

11.2.2 All contraband discovered in a search by School officials shall be immediately confiscated and turned over to law enforcement officers if School officials have reason to believe the contraband is related to the commission of a criminal act.
11.3 Searches of Person

11.3.1 School officials shall make sure the search meets the following guidelines:

[a] The search shall be conducted in a private area of the School by a School official.

[b] The search shall be observed by an objective third party adult (i.e., Principal, teacher, police officer).

[c] School officials may ask the student to remove his/her hat, coat, shoes and socks, turn pockets inside out, and roll up sleeves to see if the student is hiding contraband. Under no circumstances may School officials require students to remove any other items of clothing or touch students in any way during the search.

[d] If this limited search does not turn up suspected contraband and School officials have reasonable suspicion that the student is concealing contraband in his/her inner clothing (i.e., hiding drugs, weapons or other contraband underneath shirts, pants or underwear), law enforcement officers shall be summoned immediately to conduct further search and investigation.

[e] In general, all questioning and searching of students conducted by law enforcement officers shall proceed according to proper law enforcement investigation guidelines.

11.4 Documentation of Searches

School officials shall thoroughly document the details of any search conducted of a student's property or person. Documentation shall be made at the time of the search, or as soon as possible thereafter, and shall include the following:

11.4.1 The time, place and date of the search;

11.4.2 The reasonable suspicion giving rise to the search (what did School officials suspect to find during the search);

11.4.3 The name and title of individuals conducting and observing the search;

11.4.4 A statement about evidence that was found or not found as a result of the search;

11.4.5 A statement about who took possession of contraband (i.e., police, school, etc.);

11.4.6 Information regarding the attempts of School officials to notify parents about the search.

12. TRAINING

12.1 All new employees shall receive information about this policy and the administrative Student Conduct and Discipline Plan at new employee orientation. All other employees shall be provided
information on a regular basis regarding this policy, the Student Conduct and Discipline Plan, and the School's commitment to a safe and orderly school environment.

12.2 Employees who have specific responsibilities for investigating, addressing, and resolving issues addressed in this policy shall receive annual training on this policy and related legal developments.

12.3 The Principal of the school shall be responsible for informing students, parents, and staff of the terms of this policy and the Student Conduct and Discipline Plan, including the procedures outlined for investigation and resolution of violations.

13. POLICY AND PLAN DISSEMINATION AND REVIEW

13.1 The School shall compile an annual report of all suspensions and expulsions and submit it to the Board. For each suspension or expulsion, the report shall indicate the student's race, gender, disability status, and age/grade, as well as the reason for the discipline, the length of the discipline, and a statement as to whether the student was referred to the Board.

13.2 A summary of this policy and the Student Conduct and Discipline Plan shall be posted in a prominent place in the School, and the policy and plan will be posted on the School’s website. A summary of the policy and plan shall also be published in student registration materials, student and employee handbooks, and other appropriate school publications as directed by the Board.

13.3 This policy and the plan shall be reviewed as necessary with appropriate revisions recommended to the Board.

North Davis Preparatory Academy (the “School”) collects student data for two main purposes: to comply with law and to improve students’ educational experience. Student data enables the School to participate in education programs and to qualify for education funds. Student data also helps the School to better plan and personalize classroom instruction, increase student and teacher performance, and make informed decisions.

The School strives to not share PII unless the sharing is in accordance with Utah’s student privacy and data protection laws and the Family Educational Rights and Privacy Act (“FERPA”). Except as allowed by law, the School will not share PII externally without written consent. Some examples of where the School is allowed by law to share PII without written consent include sharing such data with an authorized caseworker or other representative of the Department of Human Services, in response to a valid subpoena, or to persons or entities qualifying as school officials under FERPA.

The School takes many measures to protect student data. Student data stored digitally is stored on computers and systems that are secured, maintained, and supported by qualified IT service providers. Confidential PII in print form is stored in secured, locked areas in the School.

A student’s rights under Utah Code § 53E-9-301 through 310 include:

Vending Machines Policy

PURPOSE

The purpose of this policy is to ensure that vending machines accessible to students in grades 7, 8, and 9 at North Davis Preparatory Academy offer healthy choices of snacks with nutritional value.

POLICY

No vending machines will be placed in the school for student access without the prior written consent of the Board.

All revenue generated from school vending machines will be used for school activities. The accounting procedures for vending machine revenues will follow those outlined in North Davis Preparatory Academy's Purchasing and Disbursement Policy.

No more than 25% of the items in school vending machines may be foods of minimal nutritional value (as defined by the USDA). Foods of minimal nutritional value may include, but are not limited to: carbonated beverages, popsicles (unless they contain fruit or fruit juice), gum, and candies whose primary ingredient is sugar and/or corn syrup.

Product pricing may not discourage the purchase of nutritious foods. Nutritious foods will be priced the same or less than comparable less nutritious foods. The most nutritious foods will be placed in the more prominent position in vending machines, as machine capabilities permit. Less nutritious foods will be less visible.

School may not advertise or promote foods of minimal nutritional value anywhere on school premises, except on the machines themselves and on scoreboards.

Students will be educated on the potential health risks associated with foods of minimal nutritional value.

The school administration will develop procedures for the use of the vending machines that are consistent with this policy. The Community Council will meet annually to consider revising the Vending Machine Policy.

North Davis Preparatory Academy
Wellness Policy

Preamble

North Davis Preparatory Academy (the “School”) is committed to the optimal development of every student. The School believes that for students to have the opportunity to achieve personal, academic, developmental and social success, it needs to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture’s (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This policy (“wellness policy”) outlines the School’s approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this wellness policy establishes goals and procedures to ensure that:

- Students in the School have access to healthy foods throughout the school day—both through reimbursable school meals and other foods available throughout the School—in accordance with Federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- The School engages in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the School in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The School establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of the policy and its established goals and objectives.

This wellness policy applies to all School students and staff. Specific measurable goals and outcomes are identified within each section below.
School Wellness Committee

Committee Role and Membership

The School will convene a wellness committee (the “Committee”) that meets up to four times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation and periodic review and update of this wellness policy.

The Committee will oversee wellness efforts, review wellness goals and as necessary, recommend changes to the wellness policy. The Committee may consist of but is not limited to parents, students, the Principal, teachers and members of the community, and for the purpose of also acting as the Nutrition and Fitness Advisory Committee, will also include health professionals, food service staff, and health/PE teachers as required. The School Kitchen Manager and Principal will be responsible for convening the Committee and ensuring compliance with this wellness policy.

Wellness Policy Implementation, Monitoring, Accountability and Community Engagement

Implementation Plan

The School will develop and maintain a plan for implementation to manage and coordinate the execution of this wellness policy. The plan delineates roles, responsibilities, actions and timelines; and includes information about who will be responsible to make what change, by how much, where and when; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the School campus(es), food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness. The School will use the Healthy Schools Program online tools (https://schools.healthiergeneration.org) to complete an assessment based on the Centers for Disease Control and Prevention’s School Health Index, create an action plan that helps ensures implementation of the wellness policy, and generate an annual progress report.

This wellness policy and the progress reports will be provided on the School’s website.

Recordkeeping

The School will retain records to document compliance with the requirements of the wellness policy at the School’s main office and/or on the School’s central computer network. Documentation maintained in this location(s) will include but will not be limited to:

- The written wellness policy;
- Documentation demonstrating that the wellness policy has been made available to the public;
- Documentation of efforts to review and update the wellness policy; including an indication of who is involved in the update and methods the School uses to make stakeholders aware of their ability to participate on the Committee;
- Documentation demonstrating the most recent assessment on the implementation of the wellness policy has been made available to the public.
**Annual Notification of Policy**

The committee will meet annually in the month of April. Notification of the annual meeting and invitation to participate will be advertised to the School community through the School’s newsletter, website or other means. An annual assessment of compliance with the wellness policy will be performed. An evaluation tool like the State provided “Wellness Tool” may be used to make the assessment. Minutes and/or an assessment of progress and efforts will be made available to the School community by using the School’s newsletter and/or website. The most current version of the wellness policy will be made maintained on the School’s website.

**Triennial Progress Assessments**

At least once every three years, the School will evaluate compliance with the wellness policy to assess the implementation of the policy and include:

- The extent to which the School is in compliance with the wellness policy;
- The extent to which the wellness policy compares to the Alliance for a Healthier Generation’s model wellness policy; and
- A description of the progress made in attaining the goals of the School’s wellness policy.

The Principal is responsible for managing the triennial assessment.

The School will notify households/families of the availability of the triennial progress report by using the School’s newsletter and/or website.

**Revisions and Updating the Policy**

The Committee will update or modify the wellness policy based on the results of the annual School Health Index (https://schools.healthiergeneration.org) and/or triennial assessments and/or as School priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. The wellness policy will be assessed and updated as indicated at least every three years, following the triennial assessment.

**Community Involvement, Outreach and Communications**

The School is committed to being responsive to community input, which begins with awareness of the wellness policy. The School will actively communicate ways in which representatives of Committee and others can participate in the development, implementation and periodic review and update of the wellness policy through a variety of means, including School’s newsletter and/or website.

The School will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum. The School will also use these mechanisms to inform the community about the availability of the annual and triennial reports.

**Nutrition**
School Meals

The School is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; that are moderate in sodium, low in saturated fat, and have zero grams trans fat per serving (nutrition label or manufacturer’s specification); and to meeting the nutrition needs of school children within their calorie requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs.

The School participates in USDA child nutrition programs, including the National School Lunch Program (NSLP). The School is committed to offering school meals through the NSLP program that:

- Are accessible to all students;
- Are appealing and attractive to children;
- Are served in clean and pleasant settings;
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations. (The School offers reimbursable school meals that meet USDA nutrition standards (https://www.fns.usda.gov/school-meals/nutrition-standards-school-meals).)

Water

To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the school day. The School will make drinking water available where school meals are served during mealtimes. Students will be allowed to bring and carry water bottles filled with only water with them throughout the school day.

Competitive Foods and Beverages

The School is committed to ensuring that all foods and beverages available to students on School property during the school day support healthy eating. The foods and beverages sold and served outside of the school meal programs (e.g., “competitive” foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day and create an environment that reinforces the development of healthy eating habits. A summary of the standards and information, as well as a Guide to Smart Snacks in Schools are available at: http://www.fns.usda.gov/healthierschoolday/tools-schools-smart-snacks. The Alliance for a Healthier Generation provides a set of tools to assist with implementation of Smart Snacks available at www.foodplanner.healthiergeneration.org.

These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, in-school fundraisers, School stores and snack or food carts.
Celebrations and Rewards

All foods offered, but not sold, on School property will meet or exceed the following requirements:

NDPA’s Food and Candy policy states that food will not be used as punishment, rewards or motivators. In addition, nutritional education will be provided and nutritional incentive program will be encouraged.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff will receive consistent nutrition messages throughout School buildings, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by School staff, teachers, parents, students and the community.

The School will promote healthy food and beverage choices for all students, as well as encourage participation in school meal programs.

Nutrition Education

The School will teach, model, encourage and support healthy eating by all students. The primary purpose of nutritional education is to build knowledge and skills that will help children make healthy eating and physical activity choices now and lifelong. The will be supported by the following:

- Healthy eating habits will be taught and supported for students and staff by encouraging teachers, whenever possible, to use healthy nutrition facts in learning skills such as reading, writing and math.
- NDPA’s Food and Candy policy states that food will not be used as punishment, rewards or motivators. In addition, nutrition education will be provided and nutrition incentive program will be encouraged.
- Promote nutritional and physical awareness and healthy lifestyles through assemblies.
- Increase awareness of healthy lifestyles such as regular medical and dental checks ups.
- Encourage and educate parents in ways to provide healthy and affordable sack lunches.

Food and Beverage Marketing in the School

The School is committed to providing a school environment that ensures opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. The School strives to teach students how to make informed choices about nutrition, health and physical activity. These efforts will be weakened if students are subjected to advertising on School property that contains messages inconsistent with the health
information the School is imparting through nutrition education and health promotion efforts. It is
the intent of the School to protect and promote students’ health by permitting advertising and
marketing for only those foods and beverages that are permitted to be sold on the School
campus(es), consistent with the School’s wellness policy.

Any foods and beverages marketed or promoted to students on School property during the school
day will meet or exceed the USDA Smart Snacks in School nutrition standards.

Food and beverage marketing is defined as advertising and other promotions. Food and beverage
marketing often includes oral, written, or graphic statements made for the purpose of promoting
the sale of a food or beverage product made by the producer, manufacturer, seller or any other
entity with a commercial interest in the product. This term includes, but is not limited to the
following:

- Brand names, trademarks, logos or tags, except when placed on a physically present food
  or beverage product or its container.
- Displays, such as on vending machine exteriors.
- Corporate brand, logo, name or trademark on School equipment, such as marquees,
  message boards, scoreboards or backboards (Note: immediate replacement of these items
  are not required; however, the School will replace or update scoreboards or other durable
  equipment when existing contracts are up for renewal or to the extent that is in financially
  possible over time so that items are in compliance with the marketing policy.)
- Corporate brand, logo, name or trademark on cups used for beverage dispensing, menu
  boards, coolers, trash cans and other food service equipment; as well as on posters, book
  covers, pupil assignment books or school supplies displayed, distributed, offered or sold
  by the School.
- Advertisements in School publications or School mailings.
- Free product samples, taste tests or coupons of a product, or free samples displaying
  advertising of a product.

Physical Activity

The Community Council recognizes the importance of physical activity for student health and
academic achievement. The Community Council encourages the director to implement programs
to ensure that students engage in healthful levels of vigorous physical activity to promote and
develop the student's physical, mental, emotional and social well-being. The following goals are
some of the ways NDPA hopes to achieve this:

- Provide a wide variety of physical activities and introduce students to many different sports
  and ways of getting physically active. This may be done through PE, assemblies, after
  school activities or in the classroom.
- Provide daily recess for all elementary students for at least 20 minutes per day and a
  minimum of 30 minutes of fitness education per week, schedule permitting.
- Use a variety of subjects and innovative lesson plans to increase physical movement in the
  classroom.
• When activities such as mandatory testing or inclement weather make it necessary for students to stay indoors for long periods of time, students will be given periodic breaks during which they are encouraged to participate in some activity or movement.
• Physical education activities should teach students cooperation and teamwork, good sportsmanship, positive self-image, and personal achievement.
• Appropriate alternative activities should be provided for students with physical disabilities.
• Exemptions from physical activities should be provided where appropriate for ill or injured students.
• Parent volunteers will be encouraged to form after school sports teams or clubs for students.
• Air quality will be monitored during periods of inversion. On yellow or orange days, students who are at risk of breathing issues will be allowed to remain inside for recess, and on red days, all students will be allowed to stay inside.

Physical Education

The School will provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education. The physical education curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. The curriculum will support the essential components of physical education.

All students will be provided equal opportunity to participate in physical education classes. The School will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary.

Elementary students will receive physical education for at least 60-89 minutes per week throughout the school year.

Secondary students are required to take the equivalent of one academic year of physical education.

The School physical education program will promote student physical fitness through individualized fitness and activity assessments (via the Presidential Youth Fitness Program (http://www.pyfp.org) or other appropriate assessment tool) and will use criterion-based reporting for each student.

Recess (Elementary)

The School’s elementary campus(es) will offer at least 20 minutes of recess on all days during the school year. If recess is offered before lunch, the campus(es) will have appropriate hand-washing facilities and/or hand-sanitizing mechanisms located just inside/outside the cafeteria to ensure proper hygiene prior to eating and students are required to use these mechanisms before eating. Hand-washing time, as well as time to put away coats/hats/gloves, will be built in to the recess transition period/timeframe before students enter the cafeteria.
Outdoor recess will be offered when weather is feasible for outdoor play. In the event that the School must conduct indoor recess, teachers and staff will follow the indoor recess guidelines established by the administration that promote physical activity for students, to the extent practicable.

Recess will complement, not substitute, physical education class. Recess monitors or teachers will encourage students to be active, and will serve as role models by being physically active alongside the students whenever feasible.

Active Academics

Teachers will incorporate movement and kinesthetic learning approaches into “core” subject instruction when possible (e.g., science, math, language arts, social studies and others) and do their part to limit sedentary behavior during the school day.

The School will support classroom teachers incorporating physical activity and employing kinesthetic learning approaches into core subjects by providing annual professional development opportunities and resources, including information on leading activities, activity options, as well as making available background material on the connections between learning and movement.

Teachers will serve as role models by being physically active alongside the students whenever feasible.

Community Partnerships

The School will develop relationships with community partners (e.g., hospitals, universities/colleges, local businesses, SNAP-Ed providers and coordinators, etc.) in support of this wellness policy’s implementation. Existing and new community partnerships and sponsorships will be evaluated to ensure that they are consistent with the wellness policy and its goals.
