

SLTF Committee Meeting:

February 22nd 2023, zoom meeting started at 3:30 P.M.

In attendance:

Gaby Smith
Ammon Campbell
Jenna Mortensen
Chelsea Young
Jessica Bryant
Cami Johnson

Item 1

The committee reviewed the notes from our last meeting and approved them. The notes are currently published on the school's website for public viewing.

All in favor

Item 2

Dr. Campbell introduced to the board the plan to use funds for the school year 2023/2024

- 40% of the funds will be used to cover personnel costs.
- The school will be purchasing 30 MacBook airs to replace the old ones in our digital literacy class in the Jr. High. CTE will use these devices as needed in the classroom. They will help to incorporate technology in the classrooms and facilitate student achievement.
- 120 chrome books will be purchased to sustain the 1 to 1 student ratio for technology availability.
- Sphero coding robots will be purchased to support our STEM programs in grades K/6. The school currently has some old devices that will be traded in for a credit to purchase new crates of robots. Qty was not disclosed.

Item 3

In an effort to discuss the positive behaviors observed from bringing to pass the 2022/2023 SLTF committee Dr. Campbell pointed out that we have implemented the following classes to our students:

- We have provided 6th grade and elementary grades with a digital safety class.
- Jr. High students were able to receive instruction in regards to computer safety in their Digital Literacy classes and through lessons provided in their advisory classes as well.

Item 4

The committee tried to establish a date for when to meet again, but it is TBD.

Meeting was adjourned
